"Rainbow"

Collection of Carnations.

*For Description and Price
See Page 3.*

SPRING, 1903.

For twenty-six consecutive years the INNISFALLEN GREENHOUSES have sent out their printed messengers to lovers of flowers all over this broad land, and we believe this one will be found in its makeup and offers of good things, a little better than its predecessors.

We hope you will give it a kind reception and that it will appeal to you in such a way as to induce you to send us your Spring orders.

If by chance you should receive more than one copy, we ask that you kindly hand the extra one to a friend.

As usual our Plant, Seed and Fruit Departments are each replete with full stocks of the best varieties in best quality of everything in their line, and we hope, with a larger force than ever, to fill orders promptly during the entire season. We ask, however, that you make some allowance for the rush of a busy season and send in your orders as early as possible.

A Word About Express Charges.

Some Florists are offering to prepay express charges on certain orders, but when so sent the soil is removed from the roots of the plants, and they are packed the same as for mail, the cost for sending being no more than it would be if the plants were sent by United States Mail.

We are willing to send any order by prepaid express, provided you are willing to have the plants come to you without soil, and that your selection is made strictly in accordance with our Mail Club Rates.

All plants that we send by express, charges to be paid by purchaser, are packed with ball of soil on the roots, thus insuring their uninterrupted growth when received.

We pack as light as possible consistent with safety, and our customers have the benefit of a 20 per cent reduction from regular merchandise rates.

Schedule of Club Rates.

LIBERAL TERMS FOR CLUB ORDERS.

Although our prices will be found as low as offered in other catalogues, we make the following additional inducements for the sending of Larger Orders—get your friends to order with you, for the larger the order, the more you get for your money.

Do not Understand, however, that it is necessary to form a club, as an individual order is entitled to the same rates. Anyone who has time and does not wish to spare the money can secure their own plants, without cost by soliciting their neighbors to unite with them in ordering.

EXCEPTIONS. These Club Rates are not allowed on FRUITS, pages 74-79; GIANT and IMPERIAL COLLECTIONS; LIBERAL 50c COLLECTIONS, Page 3; EIGHT LARGE ROSES, page 19; ALL OFFERS ON CIRCULARS, and a few other articles, where it is expressly stated must not be included in Club Rates. Nor can we allow any of these to be selected as Premiums.

Please remember this when ordering, and, if possible, keep the above named exceptions separate from that part of your order entitled to Club Rates.

MAIL CLUB RATES—Plants, etc., by Mail Prepaid.

Anyone sending us \$1.00, may select Plants, Bulbs and Seeds from Catalogue to value of	25c. extra.
Anyone sending us \$2.00, may select Plants, Bulbs and Seeds from Catalogue to value of	60c extra.
Anyone sending us \$3.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$1.00 extra.
Anyone sending us \$4.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$1.50 extra.
Anyone sending us \$5.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$2.00 extra.
Anyone sending us \$6.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$2.50 extra.
Anyone sending us \$8.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$4.00 extra.
Anyone sending us \$10.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$5.00 extra.

 PLEASE NOTE EXCEPTIONS ABOVE STATED.

EXPRESS CLUB RATES—Plants, etc. sent by Express, PURCHASERS TO PAY CHARGES WHEN GOODS ARE RECEIVED. The liberal rates here offered, together with the extras we always add, will far more than pay for the amount of express charges.

Anyone sending us \$2.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$1.00 extra.
Anyone sending us \$3.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$1.75 extra.
Anyone sending us \$4.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$2.50 extra.
Anyone sending us \$5.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$3.00 extra.
Anyone sending us \$6.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$4.00 extra.
Anyone sending us \$8.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$5.00 extra.
Anyone sending us \$10.00, may select Plants, Bulbs and Seeds from Catalogue to value of	\$8.00 extra.

 PLEASE NOTE EXCEPTIONS ABOVE STATED.

♦ ♦ INDIVIDUAL ORDERS ARE ALLOWED THE SAME RATES AS CLUB ORDERS. ♦ ♦

HOW TO SEND CLUB ORDERS—Keep each person's order separate, giving his or her full name, with the amount of the order. Then make your selection of the amount due you, naming plants desired as you discount.

HOW WE PACK OUR CLUB ORDERS—Each person's plants will be packed separately with his or her name attached, so you will have nothing to do but deliver the bundle. If the plants are to be sent by mail and you desire them to be sent direct to the person, we will do so when their order amounts to \$1.00 or more.

If Plants are to be sent by Express, always mention by which Express Company you wish them sent.

SUGGESTIONS AND INFORMATION

OF IMPORTANCE AND INTEREST TO ALL.

SUGGESTIONS TO CUSTOMERS

When Best to Order.

ORDER EARLY--We strive to fill orders within a day or two after they reach us, but this is frequently made impossible by the great rush of business about planting time. Do not wait until you need your seeds and bulbs before ordering. Anticipate planting time by getting your orders in early. If you do not wish your seeds or plants until some later date, we will get them ready and ship whenever desired.

How Best to Order.

By writing out your order on the Order Sheets which accompany this Catalogue, you will greatly facilitate our work. Please write only one variety on a line. Additional Order Sheets will be sent free on application.

Be Sure to Sign Name and Give Your Address.

Many orders reach us lacking either or both. Customers when writing about unsigned orders will aid us in identification by mentioning some of the articles ordered. We have a number of unidentified orders on hand now.

Remittances

Should be made either in the form of P. O. Money Order, Bank Draft, Express Money Order, or Registered Letter. Remittances in any other way are entirely at the sender's risk. When money is sent as above indicated we will send a plant or seeds of your selection, to amount of cost of money order, etc., if amount sent us is \$1.00 or more. **UNITED STATES POSTAGE STAMPS** will be received if currency cannot be obtained.

Our Plant, Seed and Fruit Departments

Are entirely separate. Often the seeds or plants on a combined order may be sent before balance of order is filled. If only one part of order is received, please wait two or three days for the balance before writing us.

We Pack All Plants Carefully

In strong boxes, which insure their safe transit through the mails to the remotest part of the country.

We Guarantee

That every package we send out shall reach its destination in good condition. If a package is lost, or any of its contents injured on the way, we will send again. Examine carefully on receipt and report within ten days should there be any cause for complaint.

Free by Mail.

We send Seeds, Bulbs and Plants **FREE BY MAIL**, at the prices named in this Catalogue. This brings them to the very doors of our customers without trouble or expense.

Plants by Express.

We always recommend having plants sent by express, where there are many ordered, and where there is an express office near, as we can usually send much larger plants, and do not have to wash the soil off the roots, as is the case when sent by mail. When the weather is sufficiently warm we pack all express orders in light, strong baskets (which we furnish free), having the tops exposed. Plants packed in this manner will carry nicely for a great distance and keep for a week or ten days in a fresh condition. Purchaser pays express charges, but our **LIBERAL EXPRESS CLUB RATES** far more than compensate for express charges.

Lost Orders.

It occasionally happens that an order is lost in coming to us, or the goods in going to the customer; therefore, if any who order do not hear from us within a reasonable length of time, they should send a duplicate order, naming the date on which the former one was sent, and the amount of money enclosed and in what form. This will enable us to investigate the matter and fill the duplicate order with dispatch.

All Orders

Whether large or small receive from us the same uniform, prompt and careful attention. We fill all in the order of their reception, and unless greatly rushed, send off the plants the day after we receive the order. We wish our customers to remember that it is our determination to please all who deal with us, and we should like to hear from every package we send out. If the purchaser is satisfied, it is pleasant to know it; if not, we intend that he or she becomes so.

Our Terms Are Cash With Order.

No order sent C. O. D. unless a remittance of one-fourth of the amount of the order be made to guarantee the acceptance.

Canada Postage.

As postage to Canada is double the United States domestic rate we must ask our Canadian friends to send 10 cents extra for each \$1.00 worth ordered. Do not send Canada postage stamps or silver, as we cannot use or dispose of them.

ITEMS OF INTEREST

Distance Plants Will Carry Safely.

Judging from past experience, we really think some species would carry around the world. We forward live plants without any trouble to the different States of the Union. We have shipped plants even to China, by mail, that were five weeks on the way, and still opened up fresh.

All Plants Plainly Labeled.

All plants are plainly labeled with a printed label.

Our Plants Are All on Their Own Roots

And as long as any part of the plant remains it will produce uniformly the same beautiful flower. We grow them slowly to avoid forcing, our particular aim being to have a plant small enough to transport through the mail readily without injury, but with the vigor and thrift of much older plants. Consequently on being planted out a thousand miles away, the purchaser is surprised to see plants suddenly spring forth in luxuriant growth and blossom.

Index.

On page 80 will be found an alphabetically arranged table of contents. This will greatly assist you in finding any particular plant that you may wish.

Outdoor Planting.

We are often asked the best time to plant. Always choose the most favorable time in your locality, and order accordingly. We can send most plants safely when desired. As there are so many degrees of latitude, and such varieties of temperature from various causes, it is impossible to dictate as to the precise time to plant out of doors. Customers must judge of this for themselves, always remembering that it is not safe to plant out until all danger of freezing is passed, and the ground is in warm, mellow condition.

You Can Have the Choicest Roses,

Geraniums and other plants in our collection as easily and cheaply as though they were grown at your own door, if you remit as above directed. We will take all the risk, and promise to deliver any plants you may select from our Catalogue in good growing condition.

We Employ

A large force of careful and experienced men, who have been thoroughly educated in the business, and take fully as much pride as we do in growing the plants to their greatest possible perfection, and having as near as possible no mistake occur in getting out and packing.

OUR FALL CATALOGUE.

ON THE FIRST OF SEPTEMBER we issue a Catalogue of Bulbs and Plants for Fall planting and Winter blooming, such as Hyacinths, Tulips, Narcissus, Crocus, Ixias, Freesias, etc. We mail this Catalogue to all of our customers of this and last year, and we also send it free to others who wish to order.

OUR COLOR ILLUSTRATIONS

ON PAGES OF COVER.

TWO ELEGANT Hardy Ever-Blooming Roses.

SHOWN IN COLORS ON FIRST PAGE OF COVER.

Price 20c each, the two for 35c. Two-year-old plants 40c each, the two for 65c.

HELEN GOULD

Never before have we seen such superb flowers, not only in size, but in form and color. In it we have a better Rose for general purposes, especially Winter-blooming, than American Beauty, the dream and hope of every Rose grower. The flowers are full and perfectly double; the buds beautifully made—long and pointed. The color is a warm, rosy-crimson. Do not fail to include Helen Gould in your order. It will please you from the day you receive it. As a Rose for Winter-blooming indoors in pots or boxes it is far and away the superior of any variety now known. It will grow to perfection in the ordinary living room and will produce its lovely flowers continuously throughout the entire Fall and Winter.

BESSIE BROWN (Hybrid Tea)

We know no better way to impress upon our customers the great value of this variety than to say that it is as strong growing, as free blooming, as attractive, and as hardy as President Carnot, a Rose whose beauty has taken the country by storm. We regard it as one of the finest Roses in cultivation. The flowers are very large and highly built and double; color is a creamy-white with a beautiful shade of pale tender flesh, resembling gloss silk. It is highly scented and a most magnificent Rose in the open ground.

"Buckeye" Set of New, Large, Flowering Japanese Chrysanthemums.

SHOWN ON PAGE FOUR OF COVER

PRICE 10c EACH. THE SET OF SIX FOR 50c.

(1) H. A. PARR.

Yellow, of medium shade; a good early; may be described as a yellow Bergmann.

(2) PRIDE.

A very early and very large, pure white variety. Fine double flowers on a stiff stem, an excellent keeper and very valuable for early cut flowers.

(3) BLACK HAWK.

Dark Velvety crimson; extremely fine grown in sprays. Beautifully reflexed; shows no reverse. (President Roosevelt's favorite variety.)

(4) COL. D. APPLETON.

Very large, deep golden yellow flower of fine finish and form. A vigorous, easy grower with excellent stem and foliage. Was in nearly every prize winning collection of last Fall, and has been accepted as a standard yellow.

(5) ADELE.

A first-rate commercial variety; a closely incurving form, with excellent stem and foliage; color, delicate but pure pink.

(6) BRUTUS.

Robust habit. Petals hook up at the end, showing the light straw reverse; upper surface bright yellow, shading to red at the base. The flower, being flat, shows the three colors to advantage. The most beautiful combination of color yet produced. Five feet high, seven inches in diameter. Awarded first-class certificate by the C. S. A. at Boston.

For Cultural Directions see page 20.

"RAINBOW COLLECTION" —OF— CARNATIONS.

Shown on Page 2 of Cover.

This set is composed of one pink, one white, one yellow, one dark red, one light red, and one light pink. We recommend this set for its brilliancy, richness, diversity of color, freedom of bloom and exquisite fragrance. Price, 50c for the entire set of six.

The American Wonder LEMON

Shown on Page 3 of Cover

The Largest Edible Lemon in the World

Superb fruit has been taken from the tree weighing over 3 pounds each. In addition to its fruit-bearing qualities it makes a very handsome specimen plant for house culture. The dark green foliage is very large and handsome, and the pure waxy-white flowers with yellow stems are as fragrant as Orange Blossoms, which it greatly resembles. The lemons have very thin rind and are full of rich acid juice. One is equal to eight or ten ordinary lemons. It makes delicious lemonade, and for culinary purposes has no equal. It is of the very easiest culture, flowering and fruiting in any good ordinary soil. Price for very strong, young plants, 15c each; second size, splendid two-year-old plants that will fruit this season, 50c each; extra large plants, \$1.00. (The 50c and \$1.00 size can be sent only by express).

OUR LIBERAL 50 CENT COLLECTIONS

WE GROW only the best sorts of plants in large quantity. The kinds below named we can afford to sell at greatly reduced rates, but make **ONE INVARIABLE CONDITION THAT THE SELECTION OF VARIETIES MUST BE LEFT ENTIRELY TO US.** These collections are made up of fine, strong plants of the best varieties. Every plant is plainly labeled, and there are no two varieties alike in the same collection. When ordering **use the Collection number only.** We cannot make any change in these collections, and the **Club Rates do not apply to them.**

FOR 50c WE WILL SEND, POSTPAID, ANY ONE OF THE FOLLOWING COLLECTIONS; ANY THREE COLLECTIONS FOR \$1.25; ANY FIVE COLLECTIONS FOR \$2.00. (REMEMBER, these collections must not be included in Club Rates.)

- Collection 1—12 Beautiful Ever-Blooming Roses. In this collection we will send the very best varieties and such as will give the best results in your locality.
- Collection 3—10 Double Flowering Geraniums. All different.
- Collection 5—5 Double and 5 Single Geraniums. In assorted kinds; best varieties.
- Collection 7—10 Newer Begonias. We have an extra fine lot of flowering Begonias, and will send an elegant assortment in this collection.
- Collection 8—12 Superb Chrysanthemums. All new varieties and different colors.
- Collection 10—10 Assorted Flowering Plants for Pots. Try this collection; it will surprise you.
- Collection 15—10 Hibiscus. Double and single flowers.
- Collection 17—Ever-blooming Tea Rose, 1 Albutilon, 1 Flowering Begonia, 1 Carnation, 1 Chrysanthemum, 1 Geranium, 1 Heliotrope, 1 Hibiscus, 1 White Moonflower, 1 Sweet-scented Jasmine, 1 Salvia, 1 Agatheae Coelestis.
- Collection 20—6 Cannas, including the giant "Austria."
- Collection 21—2 Ever-blooming Roses, 2 Flowering Begonias, 2 Fragrant Geraniums, 2 Large Flowering Chrysanthemums, 2 Geraniums, 1 Lantana, 1 American Wonder Lemon.

OUR SPECIAL 50c COLLECTION OF FLOWER SEEDS

This collection is made up with our usual large sized packets of choice, fresh seeds. They are put up ready for shipment before the rush of the busy season, consequently no changes can be made in them. **25 Popular Varieties of Flower Seeds**, consisting of one packet each of Sweet Alyssum, Antirrhinum, Asters, Balsams, Calliopsis, Candytuft, Convolvulus, Datura, Dianthus, Euphorbia Variegata, Godetia, Mignonette, Phlox Drummondii, Sweet Peas, Verbenas, Dwarf Nasturtiums, Tall Nasturtiums, Zinnas, Poppies, Petunias, Portulacas, Sunflower, Cypress Vine, Gaillardia, Baloon Vine.

Any 12 of the Above Named Varieties of Seeds for 25c.

These Collections Must Not be Selected as Premiums or Included in Club Rates.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

ROSES = "THE QUEEN OF FLOWERS."

THE Rose is the "Queen of Flowers." No garden, however small, is complete without Roses. There are no flowers grown that are more universally admired than the Rose, and their cultivation is yearly extending, as it becomes more generally known that they are so easily grown, and that they can be procured at so trifling an expense. All that is necessary to have them grow and bloom freely is to plant them in a bed of deep, fresh, loamy soil, well enriched with thoroughly rotted manure, and they are certain to do as well as a bed of Geraniums.

The following List is made up of the Best of the Later Introductions.

Alliance Franco-Russia.

One of the really good Roses of the year. Very large, double and of beautiful rounded form, a soft, glowing orange and copper, flushed and shaded with ruddy crimson. Price, 15c each; large two-year-old plants, 30c each.

Frances E. Willard.

A strong, vigorous grower, making handsome bushes. The buds and flowers are of the very largest size, pure white in color, so full and double and perfect in shape as to resemble a Camellia flower. The fragrance is delicious. There is nothing among white Roses to compare to it. It is by far the grandest of all white Roses. This we say without any hesitancy. It is a true ever-bloomer, belonging to the Tea Rose family. It was eminently fitting that we named this Rose in honor of the hallowed memory of the grandest of all women, FRANCES E. WILLARD, the great apostle of Temperance and Purity, the white Rose being the emblem of the society (W. C. T. U.) for which she gave her life. Price, 15c each; large two-year-old plants, 30c each.

Glady's Harkness.

Growth very erect and vigorous, reminding one of American Beauty, profuse in bloom, flowers large, formed like a fine Hybrid Perpetual. Color deep salmon pink. Has a splendid constitution, and is very fragrant. This we think is the very best of the Test-tout family of Roses, it being much more vigorous in growth than any of the other varieties of this type. The petals are large and elegantly formed, the color is bright and fresh; you will make no mistake to plant this grand Rose. Price, 15c each; large two-year-old plants, 30c each.

Ivory, or White Golden Gate.

Golden Gate has become so well known to all Rose growers as an extremely free forcing variety of the largest size, that all will understand what the new rose, Ivory, is like when it is described as a pure white Golden Gate, a sport from that variety. Its extraordinary freedom, large size, heavy canes and pure color, all tend to make it a valuable forcing variety. Price, 25c each; large two-year-old plants, 40c.

Lady Battersea.

This variety has long, oval buds, sharply pointed, very striking in form; the color is bright, cherry crimson, the stems are stiff and extremely long for a red rose; a vigorous grower; not very full, but an unusually showy variety; the only red rose approaching Niphetos in form; color, brilliant and unusual. Price, 25c each; large two-year-old plants, 50c.

Lady Mary Corry.

Growth vigorous and of erect, branching habit, blooms of good size, freely produced and perfectly formed. Color deep golden yellow, distinct and fine. Price, 15c each; large two-year-old plants, 30c each.

Mrs. Berkeley.

This new Rose is a beauty indeed. In fact, to see a bed of it in bloom is absolutely startling, it is so grand and beautiful. The bud and flower are of the largest size when fully expanded, cup shaped, full and double, but the petals are so arranged as not to crowd one another. The color is a pale rose on outer petals,

shading to a salmon-rose toward the center. It is very fragrant and a true ever-bloomer. Price, 15c each; two-year-old plants, 30c.

Mme. Lucile Coulson.

Rosy-flesh color, shading to pink and coppery-yellow; flower of medium size, full, and nicely formed. A beautiful variety, seeded from Kaiserina Augusta Victoria x Luciole. This grand new Rose is without doubt the richest and most highly colored Rose in the world. There is nothing like it in our vast collection. Price, strong plants, 15c each; two-year-old plants, 30c.

Red Hermosa.

A seedling of Hermosa—Reine Marie Henriette; it is possessed of the vigor and other good qualities of Hermosa; with deeper green, glossy foliage; and beautiful dark carmine-red flowers, much the form of Hermosa; this is a delightful new variety and will certainly become very popular, as it cannot fail of proving useful. Price, 20c; large size, 40c.

Sunrise.

This has made a sensation in England and taken first honors wherever shown. In close bud form it shows the high, brilliant colors seen only in the Austrian copper, scarlet and yellow. As it opens the color deepens, the scarlet turning darker red, the yellow to orange and copper, inside of petals golden yellow. The open Rose is large, perfectly double and of grand form. Foliage glossy and thick, new growths being darkest and most beautiful found among Roses. 20c each; large two-year-old plants, 40c each.

Sunset.

A grand variety. The flowers are of large size, fine, full form, very double and deliciously perfumed; the color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark ruddy-copper. Intensely beautiful and resembling in color a splendid "Afterglow." It is a constant and profuse bloomer. Price, 15c each; large two-year-old plants, 30c.

Winnie Davis.

The Daughter of the Confederacy.

This excellent Rose was raised from seed, being a cross between the famous Empress Augusta Victoria and the well-known Belle Siebrecht. The color is apricot pink, shading to a flesh tint at base of petals, buds oblong and well formed, when fully expanded resembling a sunburst, most peculiar, and most strikingly beautiful. Its habits are vigorous and robust, very free blooming, each eye producing flowers; foliage leathery, reddish green, glossy and very large; also has the disposition of throwing up vigorous shoots from the roots, producing three to eight blooms, its peculiar fragrance like luscious apricots. For the Middle and Southern States we claim the Winnie Davis to be an acquisition second to none introduced in recent years. Strong, thrifty plants, two and a half-inch pots, 15c each; two-year-old plants, 30c each.

White Lady.

It has gigantic flowers with enormous, magnolia-like petals. The color is white; delicately flushed with pale pink; blooms are borne in great profusion on stiff stems, with heavy foliage. Took first prize at the Crystal Palace show for twelve blooms of any white Rose over The Bride, Bessie Brown, and others. Price, 20c each; large two-year-old plants, 50c each.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

SUPERB COLLECTION OF EVER-BLOOMING HYBRID TEA ROSES

THE HYBRID TEA AND BOURBON ROSES are the hardiest of the ever-bloomers, standing the Winter in the northern latitudes with but little protection, and are perfectly hardy south of the Ohio river without any protection whatever. They bloom constantly throughout the Summer. The flowers increase in size and beauty as the weather becomes cooler, coming into perfection in Autumn. The following collection has no equal.

Price, 15c each; any 6 for 75c, or 12 for \$1.25. Two-year-old plants, 30c each; any 6 for \$1.50. Our Club Rates Reduce Cost of Collection.

EMPRESS AUGUSTA VICTORIA.

AUGUSTINE HALEM.

In this Rose we have a beauty indeed, for it fairly rivals the well-known American Beauty in the size and color of its flowers. It has well-developed buds, having good, thick, waxy-like petals of excellent substance; color clear, bright, rosy-red, verging to deep, rich crimson. With these changes it adds the delightful fragrance of the old June Roses. It is very free flowering.

ANTOINE RIVOIRE.

A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy flesh, on a yellow ground, shaded with a border of carmine; flowers five inches in diameter. A remarkable variety of great worth.

CLARA WATSON.

A free-blooming Tea Rose of English origin, with many distinct features. The flowers are very graceful, resembling Bridesmaid in form, and are produced in remarkable profusion. For freedom of bloom this variety is specially valuable. The buds are very beautiful and are supported on long stems, making it desirable for cutting. The color is salmon-pink, very difficult to describe. Will take a place among the best Roses.

GRUSS AN TEPLITZ.

As a bedding Rose this is one of the finest and most useful varieties ever sent out. The color is brightest scarlet, shading to deep, rich, velvety-crimson. It is very fragrant. The freest grower and the most profuse of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the younger growth being a bronzy plum color. A queen among scarlet bedders. It is a perfect sheet of richest crimson scarlet all Summer.

MRS. ROBERT GARRETT.

Of enormous size; buds long and pointed; the open flowers full and double; long, strong stems. The color is a pleasing soft pink, totally distinct. Strong grower.

MAD. JOSEPH SCHWALLER.

Strong upright grower, with same style and finish of flower as the Hybrid Perpetual class; very free in bloom, with fragrance of La France. The color is a deep, rosy flesh, deepening on edge of petals.

MME. ABEL CHATENAY.

A great Rose of extraordinary merit. A free bloomer, with flowers of good size; rosy-carmine, with darker shadings. Full double and of splendid substance.

WHITE LA FRANCE.

It is identical with La France, except in color. It is purely white, sometimes tinted with fawn. Don't fail to get this new Rose.

STRIPED LA FRANCE.

This beautiful new Rose is free in bloom; nicely striped. A beautiful bright rose on a satin pink ground. Very distinct and showy.

RED LA FRANCE.

Color a rich, deep, even pink throughout. The growth of the plant is vigorous, the habit good, and the flowers, which are thrown up well above the foliage, are produced very freely.

PINK LA FRANCE.

No variety can surpass it in delicate coloring—silvery-rose shades, with pink. It has a satin sheen over all its petals; hardy beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time.

PERNET'S TRIUMPH.

One of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta-red, sometimes passing to a bright crimson.

SOUVENIR DE PRESIDENT CARNOT.

A charming new French Rose. A strong, clean, healthy grower, with handsome bronzy-green foliage and large, elegant shaped buds. The flower is of large size, of exquisite shape, with heavy, thick, shell-like petals; buds long and pointed, similar to Nephritis, but very much larger, and all borne on long, stiff, erect stems. Color a delicate, rosy-flesh, shaded a trifle deeper at center. Very profuse bloomer.

TWELVE SPECIAL FAVORITES IN HARDY EVER-BLOOMING ROSES.

THE COLLECTION here offered has been especially selected from this most popular class of Roses. We can recommend every one of them for beauty, profuse bloom and hardiness. If you can only have a few Roses, don't fail to get this collection. It will give you unbounded satisfaction. We have made the price very moderate, placing them within reach of all.

Price, 10c each; any six for 50c.
Two-year-old plants, 25c each; any six for \$1.25. Club rates will further reduce the price of this collection.

Beauty of Stapleford—A grand Rose. The flowers are very large and perfect in form, deliciously scented. Tea fragrance. The color is a clear, bright red, shading to bright, rosy-crimson. Makes large and beautiful buds, and is a constant and profuse bloomer.

Burbank—A perfectly hardy, free flowering, ever-blooming Rose. The flowers are double, of fine form, nearly three inches across. The color is a deep rose pink, shading to a beautiful soft rose at the center. The petals are well incurved, so that the center is hidden. In September and October the outer petals change to a deep, rich carmine. Delightfully fragrant.

Champion of the World—Every one wants a hardy ever-blooming Rose. From early Summer until frost it can be depended upon to produce flowers in abundance; color rich glossy pink, delightfully fragrant, and such a strong, vigorous grower that it is almost invulnerable against attacks of insects; thus it is certain to be unequalled for the garden or cemetery.

Crown Princess Victoria, or White Malmaison—This Rose is one of the loveliest of all Roses. The color is a pure, waxy, snow-white; the center of the flower has a lemon tint, just enough to lighten up and brighten it. We doubt very much if there is a finer Rose grown than this one.

Clothilde Soupert—It is a strong, vigorous grower. The flowers are large, double and beautiful in form, borne in sprays, and the color blends from a soft shell pink to a pure satiny-white.

Duchess de Brabant—This Rose combines exquisite perfume, beautiful coloring and matchless profusion of flowers and foliage. Soft, light rose, with heavy shading of amber and salmon. Quite hardy.

Helen Cambier—Great Yellow Garden Rose. The growth is free and vigorous, very free-blooming, flowers of splendid substance and a delightful shade of deep rich, golden yellow. In extreme heat comes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand the center of the Rose discloses depths of golden-yellow, with light orange tints, while the older petals lessen to lemon yellow, giving a combination of tints and tones unequalled in their beauty.

Mosella—Mosella is a stronger grower, flowers are a little larger than the Clothilde Soupert, but appear the same way in clusters and on single stems. The color is chrome-yellow in the center, getting creamy-white on the edges of the petals. It will make a great bedder and is perfectly hardy.

Queen's Scarlet—This is, without any doubt, the very best of the red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in Roses. Indeed a bed of this Rose produces a mass of red equal to a bed of Geraniums.

Madame Margottin—A famous rose of the most distinct and beautiful type. Flowers very large, full and double, borne profusely. Color dark citron-yellow, bright red center. A strong grower and a remarkably fine Rose in every way.

White Bougere—A beautiful, large, pure white flower, with thick, shell-shaped petals; fine, both in bud and fully open flower. Plant is a strong, healthy grower, equally valuable for pot or garden culture.

METEOR.

METEOR.

A rich, dark, velvety-crimson, ever-blooming Rose, as fine in color as the best Perpetuals. The flowers are of good size, very double and perfect in shape, either as buds or when fully opened.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

Six Sets of Roses in Solid Colors.

On this and the following pages we present Six Lists, or Sets, of Ever-Blooming Roses, each list composed of Varieties of same color, but of different shades; in this way the best Roses of each color are given together, so that selections can be more readily made. If you do not want a whole set as offered, you may choose six Roses from any or all of the different lists for the price of one set—50 cents; or in two-year-old plants for \$1.25.

SIX LOVELY RED ROSES

Ami. Stecher

The plant is a short, upright grower, branching freely, every branch terminated by a cluster of beautiful buds and flowers. The flower is large, full and regular. The color is a bright, glowing, velvety crimson. It blooms constantly from early Summer to late Autumn. A recent English writer says a bed of this variety, twenty-five by fifty feet, had twenty-two thousand five hundred buds and flowers at one time. We recommend this Rose highly. It is a rich, highly-colored Rose, and one that is double to the center.

RICH AND UNIQUE... Charles Legrady

This splendid Rose has proven one of the most satisfactory for general planting. Magnificent large buds and flowers of great beauty. Color a fine chamois-red, richly shaded with darkest crimson. This rich, unique coloring is one of its marked characteristics, and stamps it with a distinctive charm. For smoothness, richness and finish, this Rose is without a rival. Extra fine. Don't fail to try it.

New Red Rose..... Francois Dubreuil

A new red Tea Rose of unusual merit, with fine, large, double flowers, which, in color, are equal to the best of our deep-colored Hybrid Perpetuals. The flowers are large, very full and double, with thick, regularly arranged petals. Color is red, with velvety shadings; rich and very fragrant.

Papa Gontier

A grand red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is of fine size and graceful form. Extremely free, both in growth and bloom. Very long and beautifully-leaved stems can be cut, the foliage being very dark and heavy. One of the best, and a perfect bedder. If you desire a good Rose, one that will give entire satisfaction, you should procure this one, as it is a plant of great value.

The Grandest of all.... The Meteor

A velvety-red ever-bloomer of the deepest glowing crimson; as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. A beautiful open Rose, a free bloomer and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy, bright foliage of the deepest green. This is unquestionably the best dark velvety-red rose yet produced. Grand, both in bud and flower.

A RICH CRIMSON TEA ROSE..... PRINCESS DE SAGAN

Crimson is a scarce color among Tea Roses, and for that reason, as well as for its vigorous growth, this is a Rose of great value and beauty. The color is rich, velvety crimson, brilliantly beautiful. It blooms quickly and abundantly; in fact is one of the freest blooming of Tea Roses. The flowers are very prettily made, while the buds are exceedingly handsome. In its color it is unexcelled for outdoor culture.

PRINCESS
DESAGAN.

PRICE—The Six Lovely Red Roses, 10c each, or Set of Six for 50c; two-year-old plants, 25c; Set of Six for \$1.25. CLUB RATES WILL STILL FURTHER REDUCE THIS PRICE. SEE PAGE 1.

Six Ever-Blooming**Purest White.**

Snow White Beauties.

Vigorous Growers.**Abundant Bloomers.**

— NOTE REMARKS AT TOP OF PAGE 7. —

A Lovely Pure White Rose, Snow Flake

This is a lovely White Rose, a pure Tea, but a foreign seedling, the freest-flowering White Rose we have ever seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot rose. It can be used in place of White Carnations for set pieces at an immense saving, because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover twice and three times the space in a funeral design, for instance, than a Carnation covers, but it will give greatly superior results.

A Splendid Rose, White Bougere

A beautiful, large, pure white flower, with thick shell-shaped petals; fine both in bud and fully open flower. Plant a strong, healthy grower, and equally valuable for pot or garden culture.

A Graceful Rose, The Queen

This elegant new Tea Rose originated in this country. It is a very large, pure snow-white, Ever-Blooming Rose; the flowers are extremely large, very full and double, and delightfully perfumed; a vigorous and healthy grower; it is considered by all who have tried it one of the most valuable pure white roses for all purposes.

One of Our Finest, Marie Guillot

This beautiful Tea Rose continues in popular favor, and still maintains its position as one of the best white Roses of its class. Flowers of an unusual style, entirely double to the center, and very sweet scented. Habit of growth the best.

The Largest White Rose, The Bride

This is undoubtedly the finest white Ever-Blooming Rose ever offered to the public, and we take pleasure in recommending it to all our customers. The buds are very large and of exquisite form; the petals are of fine texture and substance, and the full flower is very double, measuring from $3\frac{1}{2}$ to 4 inches in diameter. The color is a delicate creamy-white. The blooms can be cut with long stems, and will last in a fresh state after being cut longer than any other known variety. This new Rose is a sport from Catherine Mermet, and is equally valuable either for Summer or Winter flowering.

PRICE—The Six Snow White Beauties, 10c each, or Set of Six for 50c. Two-year-old Plants, 25c each; Set of Six for \$1.25. CLUB RATES WILL STILL FURTHER REDUCE THIS PRICE.

WHITE MAMAN COCHET.

White Maman Cochet

A Magnificent, New, Ever-Blooming Tea Rose.

A grand new Rose of 1898. Identical with its parent, Maman Cochet, the queen of all pink garden roses, except in color of flower, which is snowy white, sometimes faintly tinged with the faintest suggestion of pale blush. It has the same freedom of bloom, magnificent form of buds and flowers, which is marvelously beautiful in its perfection. The flowers are large and very double, with petals of unusually heavy texture, making it of more than ordinary value in open ground. It has the vigor of an oak, with large, heavy foliage, which is impervious to disease. Hardy with protection; of extraordinary merit.

"Canary" Set of Six Ever-Blooming Yellow Gems.

PRICE 10c EACH, SET OF SIX FOR 50c; TWO-YEAR-OLD PLANTS, 25c; SIX FOR \$1.25.

ETOILE DE LYON.

This magnificent Tea Rose, South of the Ohio river has proved to be perfectly hardy. Blooms in the greatest profusion, and each bud is a gem. Flowers are very large, double full, and deliciously fragrant. The color is a beautiful chrome-yellow, deepening at center to pure golden-yellow.

The Deep Golden-Yellow

Mme. Cecile Berthod.

Most beautiful, both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any rose we grow. The foliage is very bright. This is a rose of magnificent size and color.

The Favorite Rose, Yellow Queen.

One of the finest yellow Tea Roses for outdoor planting and one of the hardiest of the Tea section. It blooms very freely and every flower is a gem. Very large and fully double. Well established plants produce flowers equal to M. Neil in size. Color, deep chrome-yellow.

The Unique Rose,

Mlle. Francesca Kruger

The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. In its shading of deep, coppery yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. One of the finest roses to plant in masses and clumps.

Marie Van Houtte.

Pale yellow, edge of petals often lined with rose, well formed, of good habit and in every respect a most charming sort. The finest Tea Rose for outdoor culture.

Perle Des Jardins—Pearl of the Garden.

This magnificent yellow Tea Rose still retains its position as one of the very finest and most beautiful Roses in its color ever introduced.

ETOILE DE LYON

THE
CREAM
OF ALL THE
YELLOW
ROSES.

Note Remarks at
Top of Page 7.

FANCY COLORED ROSES—COMMONLY CALLED TULIP ROSES.

These are Called Tulip Roses Because of the Feathery Shading of Bright Rose Around the Edge of Every Petal. They are Distinct from all Other Roses in the Peculiar Manner of this Marking.

Dr. Grill.

Coppery-yellow, with fawny-rose reflex. An entirely new color and one of great brilliance. The outer petals are large, round, and shell shaped and inclose a mass of shorter petals, which are of a very brilliant color. A grand garden Rose.

Emili Gonin.

White, tinted with orange-yellow, on a deeper ground. Each petal broadly edged with bright carmine; very large and full.

Golden Gate.

This magnificent Rose produces a profusion of long pointed buds, opening to very large double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose.

Madame De Watteville.

The color is a remarkable shade of creamy-yellow, richly colored with rosy-blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed. For planting in the open ground Madame de Watteville takes front rank, being a hardy, vigorous grower, a profuse bloomer and unsurpassed for cutting.

Mme. E. Duranthon.

This is one of the most unique colored Roses in existence. Large flowers, surmounting a long, stiff stem; creamy-white outside, center pink and coppery-yellow. Extremely free. This is indeed a beauty. Received first-class certificate at Lyons, France.

R. E. Kesselstatt.

Very strong grower, foliage brilliant dark green, produces a long bud of dark red, shaded cream color, borne on a long, stiff stem, flowers large, fairly full; clear carmine shaded darker red and touched with cream color.

GOLDEN GATE.

PRICE—All Roses on this page 10c each; set of six 50c; two-year-old plants, 25c; six for \$1.25. Club Rates will still further reduce price.

Six of the Choicest Pink Roses

—Price 10c each; Set of Six for 50c; Two-year-old plants, 25c; Six for \$1.25.—

ANTOINE WEBER.

Very perfect in bud, flower very large and very full; color "hydrangea pink." A very free grower and recommended as a fine bedder.

BRIDSMALD.

Here we have a fine Rose, a sport from that old standby, Catherine Mermet. This new variety retains all the good qualities of the parent, besides adding charms not possessed by the Sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur, and more cut bloom is sold by the flower dealer of it than any pink Rose. Why? Because the bud is of excellent shape and contour, so solid and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color—just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. We recommend this Rose, believing that our patrons will be pleased with it.

CATHERINE MERMET.

This is one of the finest Roses grown. Its buds are inimitable, faultless in form and charming in every shade of color, from the purest silvery rose to the exquisite combining of yellow and rose which illumines the base of the petals. Beyond doubt the Rose of all Roses. This charming Rose deserves and receives recognition from all Rose lovers. It is eagerly sought after in Winter by the ultra fashionable, and is, perhaps, the most admired of all Tea Roses. The color is a delicate rose pink, unapproached by any other. The buds are large, long and pointed, and of great substance and most delicious fragrance. For over twenty years it has reigned supreme in its class and color. You should not fail to have a Mermet in your collection.

MAMAN COCHET.

No Finer Rose Than This—This Rose attracted our attention from the very first time we saw it in flower. It comes from France—the country that has produced nearly all of our best Roses. We are not alone in our admiration of it, as all the visitors to our establishment the past season have been unstinted in its praise. It is a vigorous grower, with beautiful foliage. In bud it resembles the Mermet family, being long and shapely, borne on long, stiff stems. It is of the largest size and very handsome, the flower is built up or rounded and very double. The color is a deep, rosy pink, the inner side of the petals being a silver rose, shaded and touched with golden yellow. We pronounce this the finest Rose by far that has been introduced from France in the past five years. No Rose surpasses it in vigorous growth and in the immense size of its buds and flowers. Indeed, nothing in the Tea family approaches it in size. Deliciously fragrant.

NOTE REMARKS AT TOP OF PAGE SEVEN.

A VASE OF BRIDESMAID ROSES.

ELISE HEYMANN.

Beautiful rosy-peach, shaded with nankeen-yellow; very free flowering. An excellent bedding sort.

MADAME CAMILLE.

Delicate rosy-flesh, changing to salmon-rose, shaded and suffused with deep carmine, Tea fragrance. A magnificent variety.

The Polyantha, or Fairy Roses.

THE POLYANTHAS are a lovely and distinct class of Ever-blooming Roses, distinguished by their dwarf, bushy habit of growth, medium size and very double flowers, which are delightfully fragrant and are borne in large clusters and masses, frequently seeming to cover the whole path with a sheet of bloom. Price, 10c each; two-year-old plants, 25c.

ETOILE D'OR.

One of the best and prettiest of all. The flowers are medium size, very fragrant, full round form, perfectly double and borne in large clusters; color pale chrome-yellow, with rich citron-center; very striking and handsome, and entirely different from all others.

GLOIRE DE POLYANTHA.

A beautiful Fairy Rose. Flowers large, perfectly double and deliciously sweet; color citron-rose; elegantly flushed pale carmine.

JEANNE DRIVON.

A lovely Fairy Rose. Full, regular flowers, perfectly double, white, faintly tinged crimson.

MIGNONETTE.

A lovely Fairy Rose. Full, regular flowers, perfectly double, deliciously perfumed; color clear pink, passing to white, tinged pale rose.

PARQUERETTE.

Flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blooms, very full, prettily formed. It has a peculiarly delicious perfume that is exquisite.

PRINCESS MARIE ADELAIDE.

This variety has a beautiful habit, and produces large clusters of small, double flowers, beautifully imbricated; color ivory-white, with bright rose center.

PINK SOUPERT.

The Pink Soupert produces flowers of various shades of pink, sometimes red, then again a bright pink is seen, almost identical in color with that grand old Rose Hermosa. Then again the same bush will produce light pink flowers, suffused with lilac. The colors are altogether new. It is hardy and a profuse bloomer.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

OUR "1903" ROSE SET.

Six Magnificent Ever-Blooming Roses for 50c.

On preceding pages we give lists or sets of Roses by colors, here we give a set of six in assortment of color which we consider very fine, perhaps the best of their color. We would commend this set to those of our customers who would prefer to have us make a selection of varieties for them. Price 10c. each, set of 6 for 50c.; 2 year old plants 25c. each, set of 6 for \$1.25.

MAMAN COCHET.

This is one of the most beautiful Tea Roses that has been introduced in years. The growth is vigorous, with rich, healthy foliage and extra large flowers on long, stout stems, very double and simply exquisite when in bud or half blown. The color is a deep rosy-pink the inner side of petals silvery-rose, makes charming bunches of long-stemmed flowers when cut. Fine for either pot culture or outdoor planting.

White Maman Cochet.

Identical with its parent, Maman Cochet, the queen of all pink garden Roses, except in color of flower, which is snowy-white, sometimes faintly tinged with the faintest suggestion of pale blush. It has the same freedom of bloom, magnificent form of buds and flowers, which is marvelously beautiful in its perfection. The flowers are large and very double, with petals of unusually heavy texture, making it of more than ordinary value in open ground. It has the vigor of an oak, with large heavy foliage, which is impervious to disease. Hardy with protection; of extraordinary merit.

Souv. Rose Terrel Des Chenes.

A seedling from Kaiserina Augusta Victoria and Mme. Joseph Schwartz; vigorous in growth, with shining green foliage; flower of large size; color white, shaded with light pink and rosy-carmine.

MARIE VAN HOUTTE.

Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson. Occasionally the whole flower will be suffused with light pink.

It grows vigorously, blooms freely and is most deliciously scented. In cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose.

Mme. Welche.

The flowers have great depth and substance, and are of fine globular form, with broad, thick petals and large, finely-shaped buds. The color is a beautiful shade of soft amber-yellow, deepening towards the center to fine orange or coppery-yellow, delicately tinged and clouded with pale ruddy crimson. Both flowers and buds are remarkably sweet, and the plant is a good, healthy grower, of a compact, bush habit, producing its exquisite buds and flowers in great abundance during the whole growing season. It is fine for the conservatory, and none better for open ground.

Princess De Sagan.

Crimson is a scarce color among Tea Roses, and for that reason, as well as for its vigorous growth, this is a Rose of great value and beauty. The color is rich velvety crimson, brilliantly beautiful. It blooms quickly and abundantly; in fact is one of the freest blooming Tea Roses. The flowers are very prettily made, while the buds are exceedingly handsome. In its color it is unexcelled for outdoor culture.

MARIE VAN HOUTEN.

BEAUTIFUL HARDY CREEPING ROSES

PRICE 10c EACH; 2 YEAR OLD PLANTS 25c EACH.

THESE charming Roses are of the same creeping habit as Rosa Wichuriana, trailing over the ground or creeping about the trunks of trees and pillars with delightful effect. These Roses are of intense hardiness, and succeed in all soils, even on the poorest and driest conceivable.

Manda's Triumph.

The gem of the collection and may well be called the Double Memorial Rose. Very large, double flowers, fully two inches across, pure white, finely formed and sweetly fragrant, borne in large clusters.

Pink Roamer.

This, in its flower, possesses the characteristics of the Sweet Briar, whilst its vigorous growth and handsome luxuriant foliage are those of the Wichuriana type. Its beautiful flowers are single, very large, brilliant rich pink with prominent orange red stamens and delightfully sweet scented.

New Double Sweet-Scented Memorial Rose, Mrs. Lovett.

Roses are very double, 2 to 2½ inches in diameter of the liveliest, most cheerful bright rosy-pink. Best of all, it is as fragrant as the American Beauty, although its fragrance is distinct from that of any other Rose.

Rosa Wichuriana.

Hardy, lasting; creeps over ground like ivy. Leaves glossy, dark green, handsomely notched. Flowers are borne very profusely during July, are large, pure white, single yellow center, and have Wild Rose fragrance. This has been widely advertised as the "Memorial Rose," and is especially adapted for cemetery use.

Universal Favorite.

The strongest grower of them all, producing long, branching shoots and dense green foliage. The blooms, too, are very abundant, of large size, double, of a beautiful rosy-pink, like that of Bridesmaid, and delightfully fragrant.

ROSA WICHURIANA.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

BOUQUET LIST OF CHOICE EVER-BLOOMING....

TEA ROSES

We can recommend the varieties in this BOUQUET LIST as being reliable, of great merit, beauty and excellence. They will afford you Beautiful Bouquets this Summer.

PRICE: 10 cents each; selection of any six for 50c; 2-year-old plants, 25c each; any six for \$1.25. May be included in Club Rates.

ARCHDUCHESS MARIE IMMACULAE.

New and beautiful. It is one of the most beautiful Roses in the list. The flowers are large, full and sweet, and the buds are exceedingly beautiful, being of splendid size and beautifully pointed. It is a strong grower and a profuse and continuous bloomer. In the open ground it excels. The color is pale citron-red with vermillion center—an odd and rarely beautiful combination, worthy of a place in any garden.

ALFRED AUBERT.

A vigorous grower and profuse bloomer; flower as well shaped as "Hermosa," of a bright red color.

ABBE ROUSTAN.

Large, full flowers, very double and sweet; color beautiful creamy-white, shaded with rosy-blush, sometimes tinged with purplish-red.

BON SILENE.

Noted for the great size and beauty of its buds, which are valued very highly for bouquets; deep rose color, sometimes bright rosy-crimson; splendid for out-door cultivation.

BARONNE BERGE.

The flowers are medium to large size and are produced in large numbers. The plant commences blooming when quite young and continues throughout the season. The color is exceptionally fine and unique—a vivid rose, with bright yellow in the center, which is altogether remarkable in a Rose.

BOUGERE.

This is a superb Rose; extra large, very double and full; exceedingly sweet Tea scent; color bronze-rose or violet-crimson, delicately shaded with lilac.

BEAU CARMINE.

A splendid Rose for bedding; fine carmine-red, with rich velvety color; flowers large, full and double; constant and profuse bloomer; fragrant and very desirable.

BERTHA CLAVEL.

(Bourbon). A striped sport of Souvenir de Malmaison. Color creamy-white, with rose center; back of petals striped violet and light rose.

BEAUTY INCONSTANT.

Color bright capucine-red, shaded and lined with deep carmine and bright yellow. A novel and distinct Rose. The colors are variable, and often upon a single plant there are what to the casual observer would be three different varieties of Roses. The flowers are semi-double, and the buds are long, well formed and very desirable for cut flowers and wearing.

CORNELIA COOK.

The buds are of immense size, borne up high on massive stems, and with their round, full, heavy form, carry an air of dignity and grace quite unusual. The flowers are of the clearest, snowiest white.

COMTESSE EVA STARHEMBERG.

Flowers full; color creamy-yellow, with buff and ochre-yellow center; petals bordered and edged with rose.

General de
Tartas.

Mme. Hussen

Virginia.

BOUQUET LIST-Continued.

COQUETTE DE LYON.

Vigorous, rapid grower and constant bloomer. Pure canary-yellow.

CHARLES REVOLLI.

A charming Tea Rose. Large globular flowers; full and sweet; color, a lovely shade of brilliant carmine, changing to silver rose; center and base of petals clear golden yellow.

CHRISTINE DENOUE.

The Double Papa Gontier. This beautiful new red Tea is a very charming rose, and promises to be one of the best of recent introductions. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large sized, graceful bush, with bright, deep green foliage. A constant and very free bloomer.

DUCHESS MARIE SALVIATI.

A lovely free-blooming Rose. This is a grand Rose of an attractive color, beautiful chrome-yellow, elegantly tinged with orange passing to buff, prettily flushed with pale rose; buds and outer petals exquisite orange red. The flowers extra large, quite full and very sweet. It is particularly good in open ground, being quite hardy, a free and constant bloomer and a vigorous grower.

DEVONIENSIS.

On account of its whiteness and sweetness often called the "Magnolia Rose." Creamy-white, delicately flushed in the center with pink. One of the most fragrant Roses and a favorite of long standing.

DOUGLAS.

Dark, rich crimson; buds of good shape; very free flowering; highly recommended. A valuable variety for house culture.

DUCHESS OF EDINBURG.

In great demand for its lovely buds and remarkable for its beautiful color, which is the most intense glowing crimson imaginable.

ENCHANTRESS.

It blooms with astonishing freedom bearing its large globular flowers in immense clusters. The color is creamy-white, slightly tinged with buff in the center.

F. L. SEGERS.

A seedling of Safrano x Adam. A long bud on stiff stem; buds freely produced. Flowers large and full; color, carmine-scarlet, with tints of rose and yellow. Odd mingling of colors. Fragrant.

GENERAL DE TARTAS.

A first-class Rose for bedding. Brilliant carmine, deeply shaded with violet-purple; extra large, very double, full and fragrant.

HENRY M. STANLEY.

The color is a rare and remarkably beautiful shade of clear amber rose, delicately tinged toward the center with fine apricot-yellow; the petals are beautifully edged and bordered with rich carmine, and on the outer reverse side pass to a lovely shade of salmon or buff-rose; the flowers are large, fine, full form, excellent substance and deliciously fragrant, having a rich Tea scent.

ISABELLA SPRUNT.

A bright canary-yellow, large, beautiful buds, suitable for cut flowers, a very sweet Tea scent, profuse bloomer. It is no doubt the freest bloomer of all yellow roses. This variety has been a favorite in all gardens where good yellow roses are planted for the past 20 years. There are none better.

JULES FINGER.

A magnificent Rose; elegant and valuable, the color is bright rosy-scarlet beautifully shaded with intense crimson.

JEAN PERNET.

Light yellow, suffused salmon; beautiful buds. Magnificent variety.

JOSEPH METRAL.

Extra large flowers, very full, handsome and sweet; deep carnation-red, passing to cherry-carmine or magenta. A good healthy grower and abundant bloomer.

LITTLE RED PET.

A new Rose of great beauty. Dark crimson flowers, equaling the Polyantha Roses in freedom of bloom. Fine for massing or pot culture. Blooms through the entire season.

LOUIS RICHARD.

A superb Rose imported from France; extra large size; splendid full form, very double, delicious Tea scent; color rich coppery-rose, changing to buff, shaded with carmine; center sometimes brilliant rosy-crimson.

LA GRANDEUR.

Beautiful lilac-rose, tinted with pale, violet-purple; large, full flowers; finely scented.

LETTIE COLES.

One of the loveliest Roses grown, without exception. It is very double and cupped, forming a magnificent, full, open Rose, of soft, creamy white, with very bright carmine center.

MME. HUSSON.

A dwarf branching grower, producing nice, long buds. The open flower is large and full, and of varying shades of orange, nankeen-yellow and creamy-white. Very fragrant; a charming variety.

MADAME HOSTE.

Nearly ever lover of beautiful flowers counts among his favorite Roses the Perle des Jardins, and certainly will be anxious to secure this distinct new Rose when we state its large and beautiful petals are larger and longer than that well known Tea Rose. Generally the petals are of a clear ivory white. They can always be cut on long stems, with beautiful dark green foliage.

MADAME ELI LAMBERT.

The flowers are extra large, fine, globular, very full and well built up. The French description says it is the absolute perfection form. The color is rich, creamy-white, faintly tinted with pale golden-yellow, and exquisitely bordered and shaded with solid rosy-flesh, exceedingly beautiful and very sweet; petals large and of good substance; constant and profuse bloomer, strong, vigorous and healthy grower.

MAD. SADI CARNOT.

This ought to be one of the finest Roses in the whole collection, as it is named after the wife of the late President of France. It blooms in large clusters, fine, full flowers, clear, bright cherry-red, passing to magenta. Makes pretty buds; delightfully perfumed.

MAD. JOS. LAPERRIERE.

A seedling of Jules Finger x C. Mermet. Fine china-rose color, with silver shadings; bud very long, on a firm stem; flower large, very fragrant and a fine grower.

MEDEA.

Ranked by many enthusiasts as the best yellow Tea Rose. The flowers are of large size, perfectly double to the center and perfect in shape, both in bud and blossom. The color is magnificent—deep, rich lemon-yellow, with creamy-yellow center, with tints of sulphur.

MAURICE ROUVIER.

The color is a bright pinkish rose, tinted with shades of buff, veined with deep crimson, while many of the petals have a wide border of silvery-white; strong grower and prolific bloomer.

MAD. JOSEPH SCHWARTZ.

A lovely Tea Rose; extra large, globular flowers, very full and sweet, color pure white, tinged and shaded with pale yellow and rosy-blush, very beautiful Rose; constant and profuse bloomer.

MARIE DUCHER.

Vigorous and free. Flowers large and double; salmon, shaded with rose, and deeper in the center. Peculiar in color.

MAD. CAROLINE CUSTER.

Bright lemon-yellow; very free and handsomely shaped; one of the finest Roses; very free flowering.

MAD. SCIPION COCHET.

Beautiful creamy-rose, with deep crimson center; flowers large, very sweet.

MAD. LAMBARD.

A first-class Rose for bedding; extra large, full flowers; very double and sweet; color a beautiful shade of rosy-bronze; passing to salmon and fawn, beautifully shaded with carmine; an elegant Rose.

MURIEL GRAHAM.

This superb Rose is from the favorite variety, Catherine Mermet, and is perfectly distinct in color from anything extant, which is pale cream, faintly blushed Rose. The habit of growth is similar to its parent. Sent out by Alexander & Sons, Belfast, Ireland, who consider it one of their best introductions. Well worth our best recommendation.

PRINCESS HOHLNZOLLERN.

Extra large, perfectly formed flowers; very full and double; highly perfumed; color a handsome shade of bright peach-red, passing to rich crimson; finely shaded.

PRINCESS VENOSA.

A strong grower, producing a long bud; flower moderately large and beautifully formed; color nankeen-yellow, with shadings of carmine; a most remarkable combination of colors.

RUBENS.

Lovely pale yellow, slightly tinged with fawn; the shading is exquisite. One of the most beautiful light colored Roses.

RAINBOW.

Makes fine buds and flowers of a beautiful shade of pink, striped and mottled with bright crimson, shaded and toned rich amber-yellow.

SOUV. D'UN AMI.

The color is a deep rosy-flesh, beautifully shaded with rich carmine; edges and reverse of petals silver-rose; clear and bright. A Rose that will please.

SOMBREUIL.

Beautiful white, tinged with delicate rose; buds are large and full, blooming in clusters.

SAFRANO.

Bright apricot-yellow, changing to orange and fawn, sometimes tinted with rose; valued highly for its beautiful buds; fragrant and a rampant grower.

SOUV. DE VICTOR HUGO.

A splendid ever-blooming Rose, introduced from France; large, tulip-shaped flowers, delightfully scented and a very free bloomer; color lovely citron-red, with beautiful amber and fawn shading.

SOUV. DE FRANCOIS GAULAIN.

Bright velvety-crimson Rose. This is an unusual and highly remarkable color for a Tea Rose; bright, rich, velvety-crimson, very dark and exceedingly handsome; large, full flowers, very fragrant; an early and constant bloomer.

SOUV. DE JEANNE CABAUD.

A beautiful "Frenchy" Rose of most exquisite color; it is very large and very full, and its chief beauty is in its open state, when its appearance is that of a pink Rose set in the heart of a large orange Rose; the outer petals are coppery yellow, the center bright carmine pink; it is a strong grower and free in bloom.

SOUV. DE LA MALMAISON.

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, double to the center, are produced in abundance, and have the requisite form and substance to withstand our hot dry Summers; exquisitely fragrant; a noble Rose.

VIRGINIA.

We consider it one of the most promising Tea Roses of modern introduction. It is a vigorous grower, of bushy habit, the blooms are large and double, finely formed, lasting and of excellent substance, often remaining on the bush until dried up. Color light yellow, with a tinge of saffron at the center, and reverse of petals of pinkish cast. Perfume a delicate and delightful Tea scent.

WHITE BON SILENE.

A companion to Bon Silene. This elegant variety is valued for its buds, which are identical with Bon Silene except in color, which is pure white. It is a sport from Bon Silene, and has the same vigorous habit of growth; it is exceedingly fine for open ground planting.

GRAND HARDY EVER-BLOOMING CLIMBING ROSES.

Price 10c each; any 3 for 25c. Large 2-year-old plants, 30c; any 3 for 75c.

A Grand New Velvety-Red Rose—CLIMBING METEOR

The Brightest Colored of all Roses. It has been called a Perpetual-Blooming, Climbing General Jacqueminot.

Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and is literally loaded with its deep rich red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Don't fail to plant one or more of Climbing Meteor.

Wonderful New Climbing Rose—EMPRESS OF CHINA.

There is no other Rose like it that will bloom for so long a time. It is simply wonderful. When it first opens the flowers are a beautiful red, but soon turn to a lovely light pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy, and a vigorous grower.

MARY WASHINGTON.

Its flowers are of medium size, pure white, perfectly double to the center, sweet and borne in endless number all Summer. It is a vigorous and rapid grower and at once becomes a general favorite. It makes a great profusion of fine buds, which are borne on long stems and usually in large clusters. Its fragrance is tinged with old-fashioned musky flavor, so much admired in olden times.

New Ever-Blooming Rose—CLIMBING MALMAISON.

There is no finer pink Rose than the old, well-known Malmaison, or "Souvenir" of the South, and we are sure that our patrons, one and all, will be glad to hear that we have a climbing variety that is identical with the parent. This variety will prove of inestimable value to all lovers of fine climbing Roses. It will prove perfectly hardy south of Washington, D. C.

A Remarkable New Rose.**MRS. ROBERT PEARY, or CLIMBING KAISERIN.**

This is by all odds the most remarkable new Rose of recent introduction. It is an offspring of that grand variety, Kaiserin Augusta Victoria. The flowers are extra large, full, deep and double. They are of excellent substance, and produced on long stiff stems, like a forcing Rose. The buds are long and pointed, a remarkable feature not found in any other climbing Rose. Pure ivory-white. The fragrance is delicious. It grows to perfection outdoors, throwing up numerous shoots, 10 to 15 feet high in a single season.

CLIMBING BRIDESMAID.

A new ever-blooming Tea Rose of the most promising type. It has everything to commend it. All the valuable characteristics of Bridesmaid, from which it is an offspring. Grows rapidly and strongly, and blooms freely as does its parent. The flowers are identical with Bridesmaid, clear, dark pink; in bud they are superb. Hardy if protected.

CLIMBING PAUL NEYRON. (Madame Wagram.)

Paul Neyron has always been known as the largest Rose extant. In Climbing Paul Neyron we have the large size, coupled with its bright, fresh pink color, that no Rose excels. And it is also a true perpetual bloomer. The freest of all the climbers. This Rose is a wonder. Be sure and try it.

PRESIDENT CLEVELAND.

Known also as Climbing Marie Guillot.

It is one of the most rapid growing and vigorous Climbing Roses we have ever seen. It blooms continuously throughout the season, the first and every year. The flowers are magnificently made, extra large, deep and double. The buds are particularly beautiful and the fragrance is delightful.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

CLIMBING TEAS AND NOISETTE ROSES

Here we have a class that combines the Noisette and Climbing Tea Roses. In the South and California these are the Roses of all Roses, growing as no others grow, and enriching the entire Summer with their unstinted blooms. This class is also quite useful in the North for growing in conservatories, pits and greenhouses, where they reward the extra care and protection by producing thousands of magnificent blooms.

THE SUPERB YELLOW ROSE

Marechal Neil

The Most Popular of All.

A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its perfection, and are almost massive in dimensions. It is almost universally held to be the finest climber indoors or out, where the climate admits of its cultivation. This is one of the Roses that starts rather slowly, and for that reason the best success will be had with the larger plants. This superb Rose is especially recommended for the Southern States, where it requires but little outdoor protection.

We have grown for this season one of the grandest lots of this famous Rose ever seen, and offer them in three sizes, as follows: Nice, well-established plants, 10c each; two-year-old plants, 30c each; large, three-year-old plants, 75c each.

WHITE Marechal Neil.

The fame of Marechal Neil, with its large, deep golden-yellow flowers, is so world-wide that nothing further need be said of this new variety to make it instantly popular, than that it is the counterpart in every respect of Marechal Neil, its parent, save the color of the flower, which is a pale creamy-white, totally distinct. It is a rapid climber, and quickly makes a bush of considerable proportions. For Southern cultivation it will be of great value.

Price, 10c each; two-year-old plants 30c each; extra large plants, 75c each.

The Red Marechal Neil—This grand new Rose is a strong, vigorous grower; flowers large, full and of fine form; color a pure cherry-red and sweet scented. A splendid Rose, and destined to become very popular. Offered for the first time last spring. Price, 10c each; two-year-old plants, 30c; extra large plants, 50c.

Climbing Devoniensis—Identical in all respects with the Tea Rose "Devoniensis," except it has the climbing habit; flowers of great size, very double; a magnificent variety. Price, 10c each; large two-year-old plants, 25c each.

Estella Pradle—Lovely pure white buds, flowers medium size, full, double and sweet; a strong grower and profuse bloomer. Price, 10c each; large two-year-old plants, 25c each.

James Sprunt—A grand Rose. Deep cherry-red; medium size, full, double and sweet; a strong grower and profuse bloomer. Price, 10c each; large two-year-old plants, 25c each.

American Beauty Rose.

Flowers very large, of beautiful form, and very double; color, a deep, rich rose. The fragrance is delightful, resembling La France or the old-fashioned Damask Rose; a true ever-bloomer, each shoot producing a bud. This popular Rose is too well known to need further description. Price, small plants, 20c each; strong two-year-old plants, 50c.

MARECHAL NEIL.

Lamarque—White with sulphur center, sometimes pure white; very large, full flowers, fragrant, and makes beautiful buds; an excellent Rose. Well-established plants bear thousands of its beautiful white buds. Price, 10c each; large two-year-old plants, 25c each.

Ophir—Nasturtium-yellow, suffused with coppery-red; good size, double; a very distinct sort. Price, 10c each; large two-year-old plants, 25c each.

Solfaterre—Fine, clear sulphur-yellow; large, double, full and fragrant; an excellent climbing Rose; valuable. Price, 10c each; large two-year-old plants, 25c each.

W. A. Richardson—Branches strong and spreading; flowers of good size, full, of fine form; color orange-yellow; a new shade of Noisettes. Price, 10c each; large two-year-old plants, 25c each.

A FAMILY OF HARDY RAMBLER ROSES

These beautiful, new hardy ever-blooming climbing Roses are unexcelled. There is nothing like them, after they become established, in their strong, luxuriant growth, freedom of bloom and bright colors. The Yellow Rambler has also the distinction of being the only perfectly Hardy Yellow Climbing Rose yet introduced.

Crimson Rambler.

The plant is of very vigorous growth, making shoots of from eight to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. One of the striking characteristics of this Rose is its remarkable color, which is of the brightest crimson, which remains undimmed to the end. The flowers are produced in great pyramidal panicles or trusses, each carrying from thirty to forty blooms, the individual flowers measuring from one to one and a half inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. It is exceedingly hardy, having successfully withstood the tests in exposed situations of very severe Winters. It is hardy in every latitude yet tried as far north as the lakes. Price, 10c each; large two-year-old plants, 30c; extra large and extra fine plants, 50c each.

The White Rambler, THALIA.

Related to the Crimson Rambler, closely resembling it in vine and foliage. The flowers remain on the plant a long time—from three to five weeks—and keep a long time when cut. The plant is perfectly hardy, equal in this respect to the Crimson Rambler. By growing this in a pot and training it to a pyramidal trellis, a fine plant may be had in bloom for Easter. Price, 10c each; two-year-old plants, 30c.

The Pink Rambler, EUPHROSYNE.

This beautiful variety is from the same source as the White Rambler, fully the equal of it in hardiness, vigor, size and profusion of flowers and blooming qualities. Price, 10c each; two-year-old plants, 30c.

The Yellow Rambler, AGLAIA.

This promises to supply that "long-felt want," a double yellow hardy climbing Rose, a thing which has been sought after the world over. It is perfectly double, very fragrant, entirely hardy, having withstood, unprotected a prolonged temperature of from zero to two degrees below. It is related to the Crimson Rambler, and, like it, blooms in large trusses. The flowers last three to four weeks without fading. It is a very vigorous grower, making shoots 8 to 10 feet in one season when well established, so that it possesses all the requisites for unbounded popularity. Price, 10c each; two-year-old plants, 30c; extra large plants, 50c each.

Psyche, THE NEW RAMBLER ROSE.

Received the award of merit of the Royal Horticultural Society of England. A cross between Crimson Rambler and Golden Fairy. In growth and habit it much resembles the Rambler. The flowers are produced in large clusters, and are 2 to 2½ inches across when fully expanded. The color is white, suffused with salmon-rose and pink, with yellow base to the petals. A real companion to Crimson Rambler. Price, 10c each; two-year-old plants, 30c.

CLIMBING CLOTILDE SOUPERT.

**NEW, HARDY, EVER-BLOOMING ROSE,
Climbing Clotilde Soupert.**

In a single season small plants will grow 15 to 25 feet, producing cluster after cluster of the finest formed flowers. They are distinct, large, round, full and double, with beautifully imbricated petals, and deliciously sweet. The color effect is magnificent—ivory white shading toward the center to a silvery-rose. Cluster after cluster of flowers are produced throughout the entire season, and the bush at all times is literally loaded down with them. It needs no protection, having withstood with us a temperature of 20 degrees below zero in the open ground without protection. This is unquestionably one of the most important introductions of recent years. Price, 10c each; two-year-old plants, 30c each; extra large, 50c each.

YELLOW RAMBLER. (FOR DESCRIPTION SEE PAGE 16.)

“IMPERIAL” ROSE COLLECTION.

20 EVER-BLOOMING TEA ROSES FOR \$1.00.

Postage Prepaid.

They will delight you with exquisite and abundant bloom this Summer. This offer cannot be excelled either in quantity or quality.

This collection is strictly of our own selection, and we guarantee them to be well rooted, to reach you in good condition, and to be a fine assortment of colors.

This offer is only made to induce you to give us a trial, and it will be to our interest to send only a fine assortment of good Roses, well rooted, that are sure to bloom freely the first year. It would be folly for us to expect further orders from you if we failed to please you. The Imperial Collection must not be taken in club rates.

BASKET OF ROSES CUT FROM ONE OF OUR “IMPERIAL” COLLECTIONS.

HARDY HYBRID PERPETUAL ROSES

The Hybrid Perpetuals, or "June Roses," as they are commonly called, are the hardiest of all Roses, standing the cold Winters of the North. After once planted they require but little care, increasing in size and beauty each year. They are covered with bloom in June, although they bloom considerably through the Summer and Fall; but the greatest profusion of bloom is to be seen in June. Our collection of this class of Roses comprises such varieties as are most valuable. They are strong plants, grown on their own roots, will grow and give a profusion of fragrant bloom. Price, 15c each; any 5 for 50c; two-year-old plants, 30c each; any four for \$1.00

MADAME PLANTIER

MADAME PLANTIER—One of the old June Roses, at which time it is literally covered with pure white perfectly double fragrant flowers, which hang on for a long time. Makes large, dense bushes. As hardy as an oak. A beautiful cemetery Rose. One of the best for forming hedges.

Anna De Diesbach—(Glory of Paris). Brilliant crimson, sometimes shaded with bright maroon; long, pointed buds and large, finely formed, compact flowers, very full and sweet. One of the best.

Ball of Snow—(Boule de Neige). In the "Ball of Snow" we have a Rose of large size, which is perfectly double, exquisitely fragrant, pure white in color and entirely hardy. It is invaluable for cemetery or other planting where white flowers are desired, as it blooms freely all Summer.

Baron De Bonstetten—Splendid, large flowers; very double and full; color rich, dark red, passing to deep velvety-maroon; highly scented, very beautiful.

Coquette Des Blancches—A finely formed, pure white Rose, occasionally shows light flesh when first opening; beautiful, shell-shaped petals, evenly arranged. Flowers of good size, perfect and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Very suitable for cemetery planting.

Captain Christy—The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a fresh, delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free bloomer.

Clio—One of the grandest of the new hardy Roses. Flowers flesh color, shading to rosy-pink; large and globular, and freely produced.

Coquette Des Alps—A lovely, pure white Rose; very full and free in flower; delicious fragrance.

Countess of Rosebury—Fine carmine-red, large and full, finely cupped form, makes a handsome bush with few thorns.

Francois Levet—A very beautiful Rose, soft China pink, delicately shaded carmine and blush; large, finely-formed flowers; delightfully fragrant.

Giant of Battles—One of the best, if not the best hardy crimson Rose; large, very double and sweet; one of the finest old sorts for general planting.

Glorie L'Exposition Bruxelles—Flowers finely formed, large and perfectly double; color, bright crimson, of velvety texture. A Rose of unusual merit. We are pleased with it. One of the very best new hybrid Roses of late importations.

Gloire De Lyonnaise—This grand Rose is the only yellow hybrid Perpetual that has been produced. It cannot be called deep yellow, but rather a pale shade of chamols or salmon-yellow, deepest in center, sometimes passing to a rich creamy-white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large and full and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you.

Gen. Jacqueminot—Bright, shining crimson, very rich and velvety; exceedingly brilliant and handsome; makes magnificent buds, and is highly esteemed as one of the best and most desirable for open ground, and also for forcing.

Magna Charta—Superb bold, full flowers; very double and sweet, borne erect on stiff, stout canes; bright, satiny-pink, tinged with carmine.

Ulrich Bruner—Rich, crimson-scarlet, broad, round, thick petals of good substance, highly perfumed, very handsome and desirable.

Vick's Caprice—A striking Rose, totally unlike any other variety. The flowers are large, slightly cup-shaped, but full and deep; the petals are thick and lasting, having the ground color clear, satiny-pink, distinctly striped and dashed with white and bright carmine. It makes lovely, elegant-shaped buds, which show the stripes and markings to great advantage.

Our "Giant" Collections of Two-Year-Old Roses

FOR IMMEDIATE EFFECT.

THERE is unquestionably a growing demand for large Rose plants. The reason for this is that one does not have to wait so long for an abundant supply of flowers. While our young plants will flower profusely the first year, still it could not be expected of them to produce nearly so many blooms the first season as our large two-year-old Roses. They are strong, thrifty bushes, with healthy, well-developed roots, and are ready to start as soon as planted, and give plenty of lovely flowers.

We advise all our friends to order at least part of their Roses in this large two-year-old size, and they will be pleased with their venture.

We recommend the express collection in preference to the Mail Offers, as the plants sent can be larger. Our two-year-olds this year are extra fine. Try one or more collections and be pleased.

GIANT COLLECTION NO. 1—Twelve two-year-old ever-blooming Tea Roses sent by mail, all different colors....	\$1.25
GIANT COLLECTION NO. 2—Twelve two-year-old ever-blooming Tea Roses sent by express, all different colors....	\$1.00
GIANT COLLECTION NO. 3—Ten two-year-old Hardy Roses sent by mail, all different colors.....	\$1.25
GIANT COLLECTION NO. 4—Ten two-year-old Hardy Roses sent by express, all different colors.....	\$1.00

THESE COLLECTIONS MUST NOT BE TAKEN IN CLUB RATES.

Notice—All Roses sent in these collections are to be strictly of our own selection.

Postage paid by us. Express paid by you. No extras or premiums allowed on these offers.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

HARDY CLIMBING PRAIRIE ROSES.

BALTIMORE BELLE.

THESE are the only Climbing Roses that are perfectly hardy everywhere, and are, consequently, of the greatest value. They can be readily trained to a height of 10 or 20 feet, as they grow with very great vigor. They bloom the second year, and but once in a season, but are then loaded with splendid roses, and are among the most beautiful of flowering plants.

Price, 8c each; any 4 for 25c; two-year-old plants, 30c each, or any 5 for \$1.00.

GREVILLE, OR SEVEN SISTERS—Flowers in large clusters, varies in color from white to crimson.

MRS. GUNNEL—Soft, rosy blush, becoming almost white; large clusters, full and double.

PRAIRIE QUEEN—Flowers very large and of peculiar globular form. Bright rosy-red, changing to lighter as the flowers open.

PRIDE OF WASHINGTON—Bright amaranth, shaded rose center, large clusters, very double. Fine.

ROYAL CLUSTER—New double white hardy climbing Rose. Undoubtedly the most magnificent Double White Hardy Climbing Rose yet introduced. Blooms in immense clusters. The name "Royal Cluster" has been given it because of the great size and beauty of its enormous clusters. One hundred and nineteen flowers and buds have been counted in one cluster at one time. The flowers are full, medium size, quite double and beautifully formed. Color white, sometimes faintly tinted blush. Has a delicious spicy fragrance. A hardy, vigorous climber and a prodigious bloomer, being far superior in every way to all other hardy climbers up to date. Does not mildew and is remarkably free from insects and disease. Has no equal in its class as a forcing Rose for Easter decorations. Continues a long time in bloom and the flowers are very durable. We recommend it as the best Hardy Climbing Rose to date.

BALTIMORE BELLE.

Pale blush, variegated carmine, rose and white. Very double flowers, in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the very best of the type.

RUSSELL'S COTTAGE—Dark, velvety-crimson, very double and full. A profuse bloomer and strong grower. Desirable.

TENNESSEE BELLE—Flowers bright, beautiful pink. Is more slender and graceful in growth than any of the varieties.

MOSS ROSES.

A class of Roses which are much admired. The beauty of the flower consists in the delicate mossy covering which surrounds the bud, and which gives to the opening flower a unique appearance. The Moss Rose bud is the most exquisitely beautiful of all Roses. It is the Queen of Queens. Moss Roses are perfectly hardy, and grow in any soil as freely as ordinary Roses.

HENRI MARTIN.

Rich, glossy pink, tinged with crimson, large globular flowers, very full and sweet; finely mossed; one of the finest. Price, 10c each; 2-year-old plants, 30c.

COMTESSE DE MURINAIS.

Flowers white, sometimes tinged with flesh color; large, double cupped, buds heavily mossed. One of the best Moss Roses. Price, 15c each; two-year-old plants, 40c.

HENRI MARTIN.

MADAME ROCHLAMBERT—Fine, clear pink; extra large, fragrant flowers, full and globular, nicely covered with moss. Price, 10c each; two-year-old plants, 30c.

Eight Very Choice Large Two-Year-Old Roses.

This list is composed of four Tea Roses, one Moss Rose, one Hardy Climber, one Creeping Rose, and one Hardy Bush Rose. These are fine, large plants and in superb shape. The quality of this stock is first-class. For full description of the varieties offered, see preceding pages.

The Bride—See page 8.

Bridesmaid—See page 10.

Francois Dubreuil—See page 7.

Franceska Kruger—See page 9.

Henri Martin—See page 19.

Royal Cluster—See page 19.

Universal Favorite—See page 11.

Countess of Rosebury—See page 18.

We believe this to be the most satisfactory set of large Roses ever offered, and it is a rare bargain at the price asked for it.

PRICE: This Choice Selection of 8 two-year-old Roses will be sent by express (not prepaid) for \$1.00, or by mail, prepaid, for \$1.25. Must not be included in Club Rates.

CHRYSANTHEMUMS.

THE PEOPLES' FLOWER. -- MAGNIFICENT, LARGE FLOWERING JAPANESE VARIETIES.

CULTURAL DIRECTIONS.

If the following directions are carefully followed the blooms can be brought to perfection out of doors as late as Nov. 15th.

FOR LARGE CUT FLOWERS.

Plant in a bed enriched with a good amount of well rotted cow manure. As the side shoots or suckers appear at the base of the leaves, carefully pinch them out, thereby throwing the strength into the main stem, which keep carefully tied to a stake. When the buds appear, pinch out all the buds save the strongest one, and water with liquid cow manure about once a week until the bud begins to show color, then water only with clear water, being careful to keep the water off of the flower. By the above culture any person should be able to produce flowers of mammoth size, which should mature before the early frosts appear. If there is danger of frosts,

drive stakes in the bed and cover with muslin. If desired, four or five branches may be left but only one flower should be allowed to each branch.

POT PLANTS.

When the main stem has attained a growth of about six inches, pinch the top out of it, leaving four or five eyes, which will start out side branches; when these side branches have attained a growth of about four inches pinch them, same as the main stem. When the buds appear you can disbud each branch, leaving only the strongest bud, or allow all of the buds to mature in a cluster on each branch.

For Further Directions See Circular Sent With Plants.

NOTE—For convenience in making selection, we name on this and following pages five lists or sets of Chrysanthemums, each composed of varieties of same color or same character, in this way the best of each color or kind are given together and selection can be more easily made. If you do not want a whole set as offered, you may choose eight Chrysanthemums from any or all of the different lists for the price of one set—50 cents.

MAJOR BONAFFON.

Major. Bonaffon—Soft, clear, incurving yellow, full in center and deep; in perfect form and finish; like ivory at its best; habit dwarf; keeping qualities excellent; foliage well up to flower.

Mrs. Maria Simpson—Color soft chrome-yellow. A fine example of the broad-petal, incurving Japanese type, showing no center; very large, fine grower; stiff stems. Silver medal at Philadelphia; certificate at Indianapolis.

Mrs. O. P. Bassett—The finest of its color ever offered. It is a sport from the grand variety, Mrs. Henry Robinson, and takes after its parent in all the fine qualities. The color is a fine canary-yellow of a soft texture. It is a large, flat, incurved variety with broad petals; out petals drooping a little as the flower opens. The dark green foliage, stiff stems and medium height, make it one of the best cut-flower varieties we have ever grown. It has received several certificates of merit at the Chrysanthemum shows.

Kioto—No engraving can do justice to this unique and beautiful variety. The color is deep yellow, with a peculiar waxy lustre; petals incurved and twisted; a free bloomer.

Golden Wedding—The grandest golden-yellow variety, and is the marvel of the period. Nothing can exceed the richness of its color; it is a remarkably vigorous grower, and has such strength of stem that it carries its great globular flowers erect, giving it a bold, majestic appearance. The form of the Golden Wedding is unique; the outer petals droop downward in picturesque irregularity; the center of the flower is built high, with broad petals irregularly overlaid, so that, although the flowers are large, they are not heavy, solid looking, like many others. This grand variety has been awarded the highest honors wherever exhibited.

William H. Lincoln—A magnificent golden-yellow variety, with straight, flat, spreading petals. An extra large flower, completely double and of great substance.

Mrs. G. J. Beer—Immense Japanese bloom, full and deep, rosy-purple color, lighter center. For exhibition only. One of the largest flowered varieties extant.

Minerva—An exceedingly attractive, bold, massive flower, very large, incurved, the outer petals drooping, forming almost a perfect flower of the most vivid clear yellow, with extra good stem and fine, handsome foliage within four inches of the flower. Certificates of merit at New York and Philadelphia.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

8 SUPERB WHITE CHRYSANTHEMUMS

**Price, 8 cents each.
Set of 8 for 50 cts.**

See "Note"
on page 20.

MRS. HENRY ROBINSON.

MRS. HENRY ROBINSON.

In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms; it is of the most popular style—immense incurving, broad channeled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat incurved form it gradually changes into a perfect ball of snow; foliage as handsome as that of Mrs. Jerome Jones; a variety of the easiest arrangement. We do not think it possesses a single fault. Winner of twenty-six first prizes.

MINNIE WANAMAKER—Pure snow-white, incurved and perfectly double, with a breadth of petal and grandeur of build that is only found in the best varieties. The flowers are exceptionally large, produced on long, stiff stems, with large and handsome foliage. Secured the silver medal at Philadelphia.

FRANK HARDY—Magnificent extra large white. Flower of the largest size and of perfect close form; petals incurving and gracefully enfolded, giving the

flower a unique appearance. A deep, solid, well-built flower.

MRS. H. WEEKS—An immense flower, with broad, claw-like petals incurving to form a globe of white, a few outer petals reflexing; has made a sensation in England, and in our own country last Fall appeared in fine shape at most of the principal towns.

MRS. JEROME JONES—Large, creamy-white, incurved Japanese, sometimes showing a tinge of pink; high, round flower. One of the best Chrysanthemum flowers up to date. Indispensable for exhibition. Grand stem and foliage.

MISS FLORENCE PULLMAN—Pure white, very large, of deep build and good breadth. We had this variety in bloom measuring eight inches in diameter, and know it to be an extra good one.

SILVER WEDDING—A grand white variety. Purest white with broad, reflexed petals, forming a bold, handsome flower, seven inches in diameter by five inches deep. One of the most distinct varieties.

THE QUEEN—A grand double white, of fine form and great substance; very rounded in form, incurving and full. Attracted a great deal of attention at Madison Square, where it was awarded first premium for best white.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

EIGHT ELEGANT PINK CHRYSANTHEMUMS

Price, 8c each; Set of Eight for 50c.

(See Note on page 20.)

BRIDE OF ROSES—In color it is an exquisite shade of rosy-pink, flowers of the largest size, when properly grown. It is a remarkably strong grower and wonderfully free bloomer. Taken all in all it is unquestionably the superior of any variety in its color as yet produced.

GOOD GRACIOUS—The color is unique, being a delicate shade of peach-pink throughout. The form is remarkable; the petals are incurved and twisted, overlapping each other in irregular fashion, and resembling talons.

HELEN BLOODGOOD—A striking variety. Unquestionably the most meritorious pink introduced to commerce; being the first true, clear pink, without a trace of shading of purple or magenta. In form, a globe-shaped Japanese, of largest size, with robust habit. Certificate by the Chrysanthemum Society of America at New York and Philadelphia.

.....
LILLIAN E. BIRD—One of the very largest size, long, tubular petals of perfect form, producing flowers which are eight inches in diameter; the color is an exquisite shade of "shrimp pink;" the flower, when fully opened, being an immense half globe. A magnificent variety.

INDIANA—This variety produces the largest blooms to be found in the family, with one or two exceptions, perhaps. It is very nearly globular in form, and has a circumference of twenty-two inches; nicely incurved, and of a clear, bright pink; outside of petals a little lighter.

MARVEL—A grand variety and superior in its color to anything we have yet seen. The flowers are enormous; petals extra broad, slightly incurved; color a rosy-pink, flushed and streaked with red, charmingly distributed. It resembles very much the old variety Leopard in color, though it is much larger and better in every way.

MRS. S. T. MURDOCK—One of the finest varieties in cultivation; nice glistening pink, fine globular bloom of rather short, incurving petals; early midseason, stem and foliage perfect; a fine keeper.

MRS. PERRIN—This is the nearest approach to the true pink so long desired. It has slender, stiff stems, a short neck, ornamental foliage. The flower is of globular form, incurved, full, and with a finish as soft as satin. Color rose-pink within, glistening pink without. Recognized wherever shown as the best pink. Every one who has seen it is loud in praise of its color. A wonderfully clear, bright pink, quite free from magenta. The flower is incurving, but loosely built.

LILLIAN E. BIRD.

SIX BRILLIANT RED CHRYSANTHEMUMS

Price, 10c each; Set of Six for 50c.

(See Note on page 20.)

CULLINGFORDII—Exceedingly brilliant crimson, richly shaded with scarlet. Florets are of a beautiful, rich, velvety texture.

FISHER'S TORCH—The color is a bright red, passing to the richest velvety crimson, the flame-like flower borne at the end of a long stem, gives it the appearance of a flaming brand, hence the name.

.....
JOHN SHRIMPTON—Rich velvety crimson. The finest red Chrysanthemum extant, because it is simply an improved Geo. W. Childs. Blooms exactly similar but little larger, and the foliage much prettier.

JOEY HILL—Color, deep cardinal red of beautiful shade, faced with old gold; the outer petals are flat, showing color to good advantage; center is an immense mass of closely-packed petals, no room for another one, apparently.

MISS LOUISE D. BLACK—Color reddish-orange; terminal bud; flower compact; very full and conical. Lasts an indefinite length of time, either off or on the plant. Received certificate at Indianapolis and Philadelphia.

ROBT. B. LAIRD—An incurved Japanese variety. Solid and globular petals, broad and deeply grooved, inside orange-red, outside old gold. A monster variety.

JOHN SHRIMPTON.

Eight Earliest Flowering CHRYSANTHEMUMS

PRICE 8c EACH; SET OF 8 FOR 50c.

(See Note on Page 20.)

BELLE OF CASTLEWOOD—A rich enameled shell pink, broad petaled, incurving Japanese, a distinct and pleasing shade; bloom of large size, solidly set on a grand stem, with good foliage; extra early bloomer.

F. COPPEE—Chrome-yellow, approaching bronze in color; of fine size; nice to add variety to a collection, as the shade is very pleasing and size is large.

GLORY OF THE PACIFIC—An extra early pink, being in good shape for cutting October 8. It is of fine size and depth, with broad petals, which reflex, showing the clear pink color to excellent advantage.

GEORGE W. CHILDS—The flowers are of massive size, with broad, stiff reflexed petals. Color is a deep, rich, velvety-crimson, with no shade of brown or chestnut. The stems are strong and erect.

MARION HENDERSON—New early variety. No engraving can show the rich buttery-yellow color of the flowers, which is superb. It is full of petals and lasts a long time, in fact, although very early, it can yet be made late, because it remains perfect on the plant for a long time.

POLLY ROSE—This is one of the prettiest of all the early varieties; being a sport from Glory of the Pacific, it has all the parent's good qualities, together with a perfect color, pure paper white. Very easy to do; fine for pots.

TRIUMPH D'EX DE MARSEILLES—Color 'deep amber, shaded with a brown-yellow at the center. Very peculiar in form, having long pendant lower petals, which droop down some three inches. Center high and full of nicely arranged short petals.

IVORY

IVORY—This is one of the very best varieties for pot culture or cut flowers. Plant is a vigorous, compact grower and makes a handsome specimen with very little training. Flowers snow-white, of exquisite form and finish; petals stiff and lasting.

8 OSTRICH PLUME CHRYSANTHEMUMS

Price, 8c each; set of 8 for 50c

(See note on page 20.)

Below we offer a grand collection of these unique Chrysanthemums. The term "Ostrich plume" is applied to this type on account of the feathery growth with which the petals are thickly covered.

LOUIS BOEHMER—Has a wonderful hair-like growth or excrescence. Color, most beautiful shade of lavender-pink, shaded silvery-pink on ends of petals. Flowers splendidly incurved, inside of petals deep rose. For evening wear the Louis Boehmer is sure to be in demand. Flowers enormous; is absolutely free from any taint or blight.

MRS. HIGINBOTHAM—Enormous bright pink, broad spreading Japanese variety, with extremely wide cupping and incurving petals, which are covered with glandular hairs; reported as the largest and best hairy variety ever exhibited. Habit, stem and foliage perfect.

MONARCH OF OSTRICH PLUMES—Bright, chrome-yellow; is quite large for this type; of beautiful form and finely incurved.

PERLE OF LYONAISE—Bright, clear, golden-yellow, somewhat plumed; quite full; one of the very finest; of medium size; beautiful globular form; new.

SANTELS WHITE—Decidedly the best white Ostrich Plume variety yet introduced. A strong grower and early, profuse bloomer. Flowers large, perfectly formed. Pure white with creamy center; inner petals nicely incurved and well covered with hair or plush. Very pretty.

WM. FALCONER—This grand variety will increase the popularity and interest in this beautiful class. Color is an exquisite shade of rosy-blush, changing to a delicate flesh-pink as flowers advance in age. Flowers are of largest size, and borne on strong, vigorous stalks.

W. A. MANDA—Ostrich plume type. Flowers very large, of a clear golden-yellow color. Plant is vigorous in growth and flower is borne upright on stout stem. This is the grandest introduction from Japan, and no collection can afford to be without this variety.

CHILD OF TWO WORLDS.

CHILD OF TWO WORLDS—Pure white. This grand sport from L. Boehmer was well received, having many admirers at the shows. Like the parent, it is a strong grower, of good habit, considered the best white of hairy type, and well deserves a prominent place in any set of this peculiar style of Chrysanthemum.

Select List of Standard Varieties of Chrysanthemums.

Price, 6 cents each; any 10 for 50 cents; 25 for \$1.00.

GEORGIENNE BRAMHALL.

GEORGIENNE BRAMHALL.

As fine as any of the fine sorts sent out in 1901. Early mid-season. Grand, globular incurving form of soft primrose-yellow; broad petals; a fine grower, with stiff stems.

Australian Gold—One of the very finest of the broad petaled, deep yellow varieties. Early flowering.

Autumn Glow—There is nothing like it in color, which is a deep reddish-salmon upon opening, and gradually changes to a soft shrimp-pink when fully finished; of the largest size, and takes on great depth.

Bronze Giant—Exhibition bronze. This is an elegant grower, heavy, stocky stem, clothed throughout in fine foliage. The flower is of immense size, crowded with petals, which are stiff and of great substance; form incurving a most imposing bloom of largest size; a beautiful, rich bronze, or gold color. Received premium of \$50.00 for best bronze.

Christmas Eve—Pure white; petals curved and twisted, forming a flower of peculiar appearance and great beauty. It is the latest to bloom and remains in good flower until nearly Christmas, hence the name.

C. B. Whitnall—Large, regular Chinese; outer petals recurving, forming a perfect globe. Color soft, velvety maroon; reverse a shade lighter.

Evangeline—Pure white; similar in form to Kloto, but larger and more graceful; stem and foliage perfect.

Uda Prass—A fine, recurving, globular flower, of great substance and depth. When opening, of a delicate salmon, then changing to a creamy-white, delicately shaded blush.

E. Molyneux—Rich, deep maroon-red; outside of petals when expanded is a rich golden tint; petals immense in both width and length.

Jennie Williams—Creamy-white, yellow shadings; extremely double; petals upright and incurving; outer petals broader; massive and grand in build; a splendid exhibition variety; good grower.

Jessica—The earliest white grown; flowers average six inches in diameter; away ahead of anything yet produced.

Mrs. M. M. Johnson—This is another beautiful variety. It won the prizes at Chicago and Cincinnati before the judges on October 20, thus making it a very early variety. The flowers are very broad and well built up in the center, of the richest deep golden-yellow. This will be a prize-taker wherever shown. Winner of eleven first prizes.

Miss Kate Brown—The very finest of the early whites, coming into bloom the first week in October; fully six inches across; a fine incurved flower with broad petals; first-class disbudded, and also beautiful in natural sprays. Highly appreciated in the East.

Mrs. G. M. Pullman—A very large reflexed flower of deep golden-yellow.

Mrs. E. G. Hill—Specimens of this fine early pink Chrysanthemum were passed upon by the judges at the World's Fair, and the exhibitor was awarded a medal and diploma; points noted being earliness, size, form, color, and vigor of growth.

Mrs. M. R. Parker, Jr.—Dwarf, robust habit, with unusually strong stems and fine foliage. Flowers $7\frac{1}{2}$ to $8\frac{1}{2}$ inches in diameter, with broad, cupping and incurving petals, the inner surfaces of which are a rich, deep pink, reverse light silvery shade, forming a bright contrast. The first early pink in the market; in fact, the first large flowering variety of any color. Awarded certificate at New York by the Chrysanthemum Society of America.

Madame De Montefosse—A beautiful, yet odd variety. Very difficult to describe. The flowers are large, splashed wine and pink; a very striking variety.

Mademoiselle Lea Leveque—One of the finest of the incurving pink section; very large, deep and full; a strong grower. Color an exquisite bright shade.

Maud Dean—An immense pink variety; finely incurved; petals broad, shell-shaped. One of the largest flowers exhibited in the fall shows. Almost a pure shell-pink. Received silver medal at Philadelphia, and awarded certificates of merit at New York and Philadelphia.

Marie Louise—A beautiful recurving white, with slender interlacing petals, forming a plummy globe. Received Columbian medal at the Chicago show. Not of enormous size, but of good substance; stems slender and stiff; foliage elegant; plenty of room for this graceful variety, which is a model for cut flowers.

Nivius—A grand snow-white variety. Center irregularly incurving, with outer petals reflexing nearly to the stem. Constitution robust foliage large and abundant, while the keeping qualities of the flowers are unsurpassed.

Oakland—Clear shade of even terra cotta, full and deep. Straight stem and good foliage. Four feet high. A splendid exhibition bloom. Has taken first prize wherever exhibited.

President W. R. Smith—Color of Daybreak Carnation, a pure, self pink; very heavy in substance, on stiff stems; very free in growth, and also free in propagation. It opens with a center incurving in a circle enclosed in broad outer petals; it gradually assumes the true Japanese form, rounded and deep, and this gradually changes to the informal reflexed; perfectly double; especially fine for cut flowers and exhibition blooms.

Pitcher and Manda—There is nothing that has ever been offered that in any way approaches it. The outer five or six rows of petals are pure white and Dahlia-like form, while the center is a bright, deep yellow, the colors being sharply defined. One of the most distinct novelties.

Prouesse—Dark amaranth; very large; fine for exhibition. **Swailey Yellow**—Reflexed, of great depth. Petals long and twisted, open at the end, of a beautiful pure yellow, dwarf; one of the most distinct sorts.

Violet Rose—Of very silky texture; petals long and straight, a fine grower, flower of extra large size and fine color. A fine keeper when cut.

V. H. Hallack—The color is beautiful, clear pink (like the *Mermet Rose*), the whole flower of one color, but slightly deeper at the center. Petals have a solid, waxy camellia-like texture, harmonizing with the delicate color. Flower eight inches in diameter, with good, stout stems.

Violescent—A magnificent variety for exhibition purposes. Color white with lower petals delicately tinted lavender.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

NEW CHRYSANTHEMUMS**The Cream of Late Introductions.****Price, 10 cents each. Selection of any Six for 50 cents.****ESTELLE.****NEW CHRYSANTHEMUM "ESTELLE."**

Certificated at Cincinnati, October 18, 1902. Produces extra sized flowers of the purest white; fine, deep form, with foliage evenly distributed along stem. Marketable blooms were cut on October 4, and under the same conditions of culture it came a week earlier than its parent, "Glory of the Pacific," with a far superior flower in shape and substance. The above blooms were grown in a sash house, under very ordinary culture, never having been fed any liquid fertilizer, and having a light mulch, and measuring from eighteen inches to twenty-one inches in circumference. It also makes an ideal pot plant.

BLACK HAWK.

The darkest red yet raised, velvety crimson-maroon. Outer petals very much reflexed and center erect, making a very large flower. A variety that can not be surpassed in its color.

GOLD MINE-

Another variety of exceptional note. This variety is a rich golden-yellow, outer petals reflexed and center incurving in a whorl. An easy variety to grow, and a prize-winner in many of the late shows.

KATE BROOMHEAD.

A grand exhibition variety, producing a massive flower of golden amber or orange; in fact, the color is much the same as in the fine old variety Source d'Or, which has never been surpassed.

LAVENDER QUEEN.

A new and distinct coloring in Chrysanthemums; a soft lavender pink. Flower is large with outer petals reflexed and center erect. A grand addition to the list of 'Mums.

MONROVIA.

One of the very earliest bloomers, coming into bloom at the same time as Marion Henderson. Flowers good sized and perfectly round, of a pleasing shade of deep yellow, with perfect stem and foliage.

MERRY XMAS.

Latest white, very fine in form, outer petals reflexing, center incurving. The very finest and latest white.

MRS. F. A. CONSTABLE.

An exceptionally fine variety for exhibition purposes. A pure white, with petals tubular, their entire length, incurving in a whorl. An exceedingly artistic flower. A variety that has taken prizes at many of the late shows.

MRS. ELMER D. SMITH.

This variety will prove a rival of the famous Major Bonaffon, being brighter in color; more dwarf, but with much heavier and stronger stem. It is a beautiful bright yellow, of the Japanese incurved type, very full and double, with high rounded center.

NESOTA.

Extremely large; light yellow; informal arrangement; extra fine for collections and for exhibition; very beautiful.

INTENSITY.

Form reflexed, showing only the bright crimson upper surface of petals. Stem slender, but sufficiently wiry to carry the flower erect. A bright crimson, in perfection November 20th to 30th.

SUPERBA.

An excellent bright pink, the result of a cross between Mrs. Perrin and Maud Dean, retaining many of the good qualities of each. Flowers very double, with high rounded center. Promises to be one of the best all-round Chrysanthemums.

WILLOWBROOK.

The very best early white, pure in color, large in size, showy form, informal and spreading. Each year finds this grown in increasing quantities. Very satisfactory.

The sensation of the year is the giant white variety,

TIMOTHY EATON.

One of the largest of the Japanese incurved type, and winner of every cup and prize for which it was entered at the many Chrysanthemum shows last year. Purest white, of true globular shape. Has created a greater sensation among the florists than any introduction in years. In habit of growth and length of stem it is everything that could be desired.

GERANIUMS

While we grow Roses in large quantities, we take fully as much pride in our collection of Geraniums. We head the list among the largest growers of Geraniums in this country, selling annually as high as 150,000 Plants. WE HAVE THE CHOICEST VARIETIES in large quantities.

GENERAL COLLECTION OF DOUBLE GERANIUMS.

Price, 10c each; Selection of any ten for 75c. May be included in Club Rates.

ALPINE BEAUTY.

What S. A. Nutt is among the dark reds, Alpine Beauty is among double whites; we consider this the finest double white up to date.

A. FLEUROT.

Dark garnet, with bright orange red markings.

ADRIENNE CORRET.

Immense spherical trusses of bright reddish orange color. A continuous free-blooming variety of great merit.

A. DUPREE.

Dark, rich, velvety crimson, shaded still darker. It is needless to say that this coloring is unusually handsome.

BLACK KNIGHT.

Bright crimson maroon. Very large truss and a splendid bedding variety.

BISHOP VINCENT.

The handsome flowers are bright cherry, mixed with solferino in a most charming manner; the flowers are of large size and are carried on magnificent, large, massive trusses; a very profuse bloomer; stands the hottest sun without scorching.

B. K. BLISS.

A splendid bedder, blooming without intermission and standing the sun well. The flowers are beautiful, deep, rich scarlet; fine, large florets of most perfect circular form. The best shaped flower of its class.

BED OF GOLD.

A rich scarlet with a hue of golden orange; we need not add another word to its color. The flowers are of the largest size, most perfectly shaped in large trusses, opening freely at all seasons.

CONTRASTE.

Among the most beautiful of new double Geraniums is Contraste. The flowers and trusses are very large. Lower petals orange and carmine, upper petals clear orange, making a striking contrast of colors that is beautiful.

CREPUSCULE.

Another fine Geranium, raised by Bruant. Trusses large and freely produced; dark purplish-crimson, marked at the center with capucine-red. Best of the color.

COLOSSUS.

Floret quite circular, semi-double; $2\frac{1}{2}$ inches in diameter; truss also fine. The color is very beautiful, a rich shade of rosy-crimson. Very free in bloom. One of the very largest and finest among the double reds.

COMTESSE DE LA BAUME.

One of the most beautiful rose-colored varieties, either for growing in pots or bedding out.

LA FAVORITE.

LA FAVORITE.

In this new Geranium we believe we have the finest double white in cultivation. La Favorite is a pure, double white Geranium, as free-flowering as the single varieties, and which can be used for planting in beds for furnishing a supply of beautiful white flowers for vases, etc., or for pot culture for Winter forcing. It is a dwarf, compact-growing variety. The foliage is bright, healthy green, with a band of darker green encircling each leaf. The flowers are borne in large trusses, of the purest snow-white, retaining this pure whiteness even in the height of Summer, and for Winter blooming it is all that can be desired.

DE LACEPEDE.

Flowers very full; rosy-flesh color, with lilac shadings.

DR. JACOBY.

A magnificent Geranium, having enormous trusses of large, double flowers of clear, nankeen-salmon. A most charming variety.

ED. ANDRE.

A beautiful flower of dark rose, shaded with violet. A most beautiful Geranium.

EMPRESS.

A wonderful bedding variety; enormous trusses of well-formed flowers; rich rosy-salmon, shaded with carmine and white.

EMERSON.

A most charming variety, having large trusses of double flowers of clear nankeen-salmon.

GLORIE DE FRANCE.

This is one of the most beautiful partly colored Geraniums, which appear so bewitching to the eye. Large, round florets of waxy appearance. Flowers are carmine and white, carmine center; each petal delicately edged with carmine. An excellent pot variety.

GILDED GOLD.

Bright orange-scarlet or flame color, flowers large, of fine form, branching habit, very constant bloomer, one of the best Geraniums, either for pot culture or bedding.

GRAND CHANCELLOR FAIDHERBE.

A fine sort; very thick and double; flowers of a dark, soft red, tinted with scarlet and heavily shaded with maroon; very dark and rich, and at the same time very bright. Simply a superb variety.

GEOFFREY DE ST. HILARE.

Large, spherical trusses of glowing scarlet, rayed with intense violet crimson. A strong bushy variety of great merit, and after a thorough trial we can recommend it as unequaled in its class.

JULIET.

Clear salmon shading to pearly-white round the eye, a lovely delicate color and one of the most perfectly formed flowers, both in pip and truss ever seen. Some of our last novelties in this shade were so good that we quite despaired of ever making any advance upon them, but this is a genuine surprise in every way.

JAS. Y. MURKLAND.

Bright peach-rose, broadly margined with white.

LA PILOTE.

One of the most brilliant and beautiful flowers in our list. Very brilliant crimson-scarlet; large and beautiful florets.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

GENERAL COLLECTION OF DOUBLE GERANIUMS--(Continued.)

Price, 10c each; any Ten for 75c.

LOUIS FIHOL—Bright orange-scarlet, shaded salmon; plant very free and flowers very perfect. A good variety.

L. CONTABLE—Plant of perfect habit; very free; large, full, double flowers, of a beautiful bright rose color. An extra fine variety.

MARIE DE BISNARY—Very beautiful. Rose-chamois color, center of petals shaded rosy-lilac. Quite distinct and pretty. One of the most profuse blooming varieties in our collection.

M. SANDORF—Orange-salmon, with silver shadings; flowers large and finely shaped.

MLLE. HOSTE—Umbels large and borne well above the foliage; flowers of enormous size; color flesh, lined and shaded with bright salmon; one of the very finest in the collection; shading simply exquisite.

MISS FRANCES E. WILLARD—This very choice variety originated with this establishment in 1888, being one of several seedlings raised from seed obtained from a flower of White Swan. It is of vigorous growth; the flower stalks are very long and are carried well above the foliage; the color is a delicate blush, shaded with pearl-pink, a most charming piece of shading.

M. CARO—The first real approach to lilac yet attained in Geraniums; the double flowers are a delicate shade of light lilac, the outer edge of the petals changing to deep rose, shaded in a most charming manner.

MADAME DIEULAFOY—A charming variety. It is dwarf habit, with immense leaves; the florets are large, of good form, and are borne on immense trusses; the color is a tender rose, flaked with white.

QUEEN OF FAIRIES—Large, round florets of very waxy appearance; colors carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. One of the prettiest; splendid bedder.

SIR TREVOR LAWRENCE—A unique variety, with very large trusses of perfect shaped flowers with round petals. Color an exquisite shade of rosy-peach.

S. A. NUTT.

MISS FRANCES E. WILLIARD.

S. A. NUTT—This is the darkest and richest double Geranium grown. It is a very bright, dark, deep, rich, velvety-maroon, an excellent bedder and a perfect pot plant; one that must find its way into every collection. Always in bloom.

TRIUMPHANT—This plant is very dwarf and bushy, but vigorous. Monstrous trusses on long foot stalks. Color a rich intermingled with white.

THEOCRITE—Very fine trusses of bloom, of beautiful pearl-white, tinted with soft rosy-lilac. The blooming quality of this variety cannot be surpassed. It is a fine bedder, as well as an excellent variety for pots.

MONTESQUIEU—Soft lavender pink of even shade, form of a Rose; circular in form. A grand variety.

WALTER SCOTT—Entirely distinct from any Geranium yet offered. Flowers double, of the most dazzling vermilion-scarlet, shaded with mahogany at base of petals; trusses very large, often measuring 5 inches in diameter, of globular shape, resembling a scarlet ball. A remarkably free bloomer and equaling General Grant as a bedder. A magnificent bedder.

WHITE SWAN—In the White Swan we have the finest double white Geranium ever introduced, and, unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. It is a dwarf, compact growing variety, with handsome banded foliage of a light healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses, and are spotless and snowy-white, retaining their pure whiteness even in the heat of Summer. In the Fall the plants can be taken in the house, where they will again bloom profusely.

WILHELM PFITZER—A beautiful bright apricot color; quite distinct and by far the best ever sent out of this color. We think this is one of the best pot or market Geraniums. Its peculiar and distinct color is wonderfully attractive.

ROSEBUD GERANIUM.

ROSEBUD GERANIUM

Florets like perfect rosebuds. The habit of growth is dwarf and compact, making this variety one of the most desirable for pot culture. The novelty and merit, however, are principally in the flower, the perfect trusses of miniature rosebud florets, which are wonderfully attractive and pleasing. The color is bright scarlet, flamed with purple shadings, and the substance most lasting. A button-hole bouquet of this variety will last longer than any other we know of, and then it is entirely unique. Certainly no Geranium in cultivation today is as distinct.

General SINGLE GERANIUMS

Price 10c each. Selection of any Ten for 75c. May be included in Club Rates.

BRILLIANT.

BRILLIANT.

A grand scarlet variety, with large pips and trusses of the finest shape; the finest single scarlet.

Athletic—(New). Its florets measure two inches across, of the most intense fiery scarlet, and it has a large, distinct, pure white eye.

Apple Blossom—Fine trusses of pearly-white flowers; suffused with rose; the delicate color seen in apple blossoms; stands sun well.

Aurelia Scholl—Violet-rose, marked with white on upper petals.

Celestial—Deep rose tinged white; an extra fine sort for bedding out or winter flowering.

Challamel Lacour—Rich, vivid crimson; immense trusses; the best of the dark Geraniums for bedding, as it blooms freely; stands the sun well and is a rarely beautiful flower.

Deuil de Miribel—Velvety crimson-scarlet. This variety has the largest floret, the finest truss, the longest stem, and the best color among single reds, and it is a fine, free grower.

Ernest Bergman—Plant dwarf; foliage small; rich, velvety-scarlet. A superb variety for bedding.

Evening Star—One of the latest novelties; white flowers, with a large rose-colored center; dainty and beautiful flower.

Frau Louise Voith—Perhaps the grandest single pink Geranium out. The color is a beautiful, clear and brilliant carmine-rose, with a very large, pure white eye. Trusses large and of a beautiful shape.

General Sheridan—One of the best bedding Geraniums in cultivation. Grows freely and blooms with the greatest profusion; brilliant scarlet flowers.

Granville—Floret perfectly round; a lovely bright pink. Flowers are of the largest size and excellent form, trusses very large and spreading, flowering most all seasons.

General Grant—Grows freely and blooms with the greatest profusion. One of the best bedding Geraniums. Bright scarlet flowers. One of the best for massing.

Godfrey Cavegnac—Rich, deep scarlet, with a large white eye. Florets of good size and round form. A rare variety of great beauty.

Hecla—Crimson-scarlet or carmine of the loveliest shade; florets large and finely formed. One of the finest fancy reds.

Hofgartner Eichler—Dark crimson, shaded to dark scarlet; very dark and beautiful.

Jacques Callot—Single seedling from Souv. d'Mirande, the finest of all the fancy Geraniums. This variety is identical with its parent, save for its larger size.

Jasper—Bright orange flowers deeply shaded; white eye.

Katie Schultz—Delicate pink, dainty and beautiful. One of the finest for bedding.

La Vestale—In this variety we have a most beautiful pure white Geranium. It has large trusses of the purest snow white flowers; very free-flowering. A splendid variety.

L'Elysee—Orange-salmon; large fine flowers; the color named is the prevailing one, but it is peculiarly lightened in places with white; beautiful.

Louise Ulback—Color intense, dazzling scarlet; trusses extra large; florets round and large; an excellent bedder.

Madame Delaux—A fine specimen of the new combination of colors. Rosy-carmine with white marblings over the petals, a dainty and beautiful variety.

Madame Bruant—This might properly be called the pansy-flowered Geranium. Fine trusses of blooms in great profusion; individual flowers large, of fine shape, center of flower white, veined with carmine-lake, the five petals regularly and distinctly bordered with bright solferino.

Mrs. Lindsay—A strong growing Geranium of good habit, producing enormous trusses, of a deep, pink violet shading; upper petals marked white.

Mrs. Hamilton—A charming shade of light, soft pink; fine, strong grower, with large trusses.

Madame Delamarre—Single. A bright rosy-crimson, with heavy white markings on the upper petals. The habit is dwarf, compact, and, with its great freedom of bloom, makes it a most excellent bedder.

Master Christine—Bright rosy-pink, shaded lighter to the center. A fine one for bedding or pot culture.

Madonna—A magnificent bedding variety; trusses are of extraordinary size, almost pansy form; the color is a soft, light pink, a beautiful and distinct shade.

Renomee—Clear apricot, passing to copper; rose-veined center; fine large trusses.

Ralph—A magnificent bedder and profuse bloomer; crimson scarlet, shaded purple.

Signor Crispa—Immense florets forming large trusses of the most delicately beautiful pink, with white eye.

Sam Sloan—Rich, vivid crimson; immense trusses. The best of the dark Geraniums for bedding, as it blooms freely, stands the sun well and is a rarely beautiful flower.

Scarlet Cloth—Splendid rich shade of scarlet; extra large floret and truss.

Souvenir de Mirande—Round florets, upper petals cream-white, with a distinct rosy-pink border; lower petals salmon-rose, streaked pure white; a most novel color.

W. A. Chalfant—Dazzling scarlet, florets slightly circular and slightly cupped, forming a magnificent truss; one of the best for bedding.

NEW GERANIUM—MARGUERITE DE LAYRES.

Marguerite de Layres—A grand single white, plants a mass of white bloom, trusses of the grandest size, florets extra large and of the purest white. The plant is robust. Grand for pots or bedding. It is by far the best single white. (See cut.)

EVER POPULAR SUNPROOF GERANIUMS.

THIS, THE BRUANT RACE, CANNOT BE EXCELLED FOR BEDDING.

Price, 10 cents each; Selection of any Six for 50 cents.

JOHN A. DOYLE.

The Glorious Geranium, John A. Doyle.

This remarkable Geranium is a cross between Grand Chancellor and Bruant, and is destined to take the most prominent place in bedding or pot Geraniums. It is a strong, vigorous grower, throwing its truss up well above the foliage; of enormous size, and of the richest brilliant vermilion scarlet. It is a phenomenal bloomer.

Bruanti—Semi-double. Color of the flower a vermilion-red, of a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up; trusses exceptionally large and borne in immense spherical balls, often measuring eight inches in diameter. The best scarlet bedder extant.

Beaute Poitevine—Semi-double. One of the very finest of the Bruant race; the color is a brilliant salmon, shading to apricot in the center; trusses colossal, florets $2\frac{1}{4}$ inches in diameter. Created a sensation at the Paris Exposition.

Blanche Moulas—Single. A grand bedding variety of much merit. The flowers are large, salmon, beautifully bordered with white. A Geranium of rare beauty.

Barbiset—The individual flowers are very large, borne on long foot-stalks; color, fresh, bright rose, maculated with white on the upper petals. A beautiful variety.

Dr. Thouvenet—Very large double flowers, clear cerise-red.

Mon. Poinsignon—Color bright aurora rose, shaded salmon, with a white eye; large trusses of splendid flowers.

Del Rosso—Magnificent salmon, white center, shading to light lines about the center; very free blooming, either bedded or in pots; semi-double.

Emile Cailletet—Dwarf grower, producing very large flowers of a beautiful light rose, marked with

white on upper petals; splendid bedder, producing a mass of colors; single flowers.

Francois Arago—Single flowers finely formed, a free bloomer; on strong foot-stalks; color silvery-salmon, shaded peach; fine glistening texture.

M. Louise Fages—A beautiful compact grower; nicely zoned flowers of the largest size; trusses fine; semi-double; clear, bright, orange-scarlet; extra fine.

Madame de la Roque—Enormous round single flowers in large umbels, very freely produced. Color a beautiful salmon, with orange shaded center. Fine for massing.

Mrs. E. G. Hill—Single; florets $2\frac{1}{2}$ inches. The center of each petal is soft, light salmon, bordered with rosy salmon and veined deep rose. Frequently throws six petals.

W. P. Simmons—Clear orange-red; fine habit.

Sweet-Scented Geraniums.

Price, 8 cents each, except where noted.

Balm—Large leaves, with a very strong fragrance.

Dr. Livingston—A very fragrant rose Geranium, with finely cut leaves.

Fernifolia Odorata—(Fern Leaved.) The most delicate of all the cultivated Geraniums. A fine sort.

Lemon Scented—Small leaves, with delightful lemon scent.

Mrs. Taylor—Dark green foliage of a peculiar fragrance. Flowers are scarlet shaped like a Pelargonium and borne in great profusion. Price, 15c each.

Nutmeg—One of the most fragrant. Somewhat resembles the Apple Geranium in growth and fragrance.

Rose—Too well known to need description. These are indispensable in the formation of bouquets. We have two varieties, one of the broad leaved and the other fine cut.

Shrubland Pet—Small, light-green leaves; very fragrant; pretty, rose-colored flowers.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

SPLENDID NEW GERANIUMS

RICHELIEU.

DOUBLE.

Price, 15 cents each; any four for 50 cents.

APOTHEOSE—Clear, bright rose color, with large white center. The upper petals suffused with carmine. Habit good. A very beautiful member of the double Aureole family.

COUNTESS DE HARCOURT—Pure snow white. A grand bedder. Florets large and beautifully formed. Extremely free in bloom, forming a bank of white.

COL. BARRE—Semi-double, dwarf, and very free; an entirely new color in this choice section. The lower petals are rosy pink, upper petals darker and marked scarlet at the base. Most of the florets throw from 6 to 8 petals, and have much the elegance of form of the finest of the Ivy-leaved section. Both florets and trusses are of unusual size.

HUBERT CHARRON—Beautiful semi-double flower, pure white with a reddish carmine band around each petal, frequently delicately mottled throughout the whole flower. Excellent as specimen pot plants or for summer bedding.

JEAN VIAUD—Very large semi-double blooms borne in large trusses well above the foliage; individual floret large; color bright rosy pink with distinct white blotch in the center; habit dwarf, compact, very vigorous and exceptionally free blooming. Foliage clear deep-green with distinct bronze-green zone; probably the best pink Geranium yet introduced.

J. B. VARONNE—No one has seen this beautiful Geranium without being captivated with it on account of its beautiful contrast of coloring. Plant of good free-blooming habit, flowers large, color brightest vermilion, center very distinctly spotted and marked with white and lilac.

MME. RENE GERARD—Center rosy orange, with wide white border.

M. CANOVAS—Immense trusses of brilliant scarlet flowers, with velvet maroon shadings, on long stiff stems.

MAD. JAULIN—Has been pronounced the finest of all the delicate pink or blushed varieties. Plant is of dwarf but robust habit of growth, flowers of good size and very abundant. Center of flower delicate pink, outside pure white. A decidedly attractive variety.

MARQUIS DE CASTELAINE—A giant among Geraniums. Produces a wealth of bloom the whole season. Flowers 2 inches and over in diameter. Trusses of bloom 5 to 7 inches across. Petals broad, arranged to form a round flower of perfect shape. Color deep, rosy scarlet, shading into pure scarlet at the edge of upper petals. We consider it one of the best red Geraniums.

RICHELIEU—No Geranium in our list is more attractive. Individual flowers are of good size, borne in close round trusses. Color, bright cherry scarlet. One of the most profuse bloomers.

NEW GERANIUM, GEN. FITZ HUGH LEE.

SINGLE.

Price, 15 cents each; any four for 50 cents.

CLYDE—A single scarlet Geranium of Bruant type. A sport from Mrs. E. G. Hill, in every respect like its parent, except color, which is pure scarlet of soft, even shade. Floret immense, 2½ to 3 inches in diameter. Trusses 14 to 16 inches in circumference. A grand bedder and also a fine pot plant.

COUNTESS OF DERBY—Mottled salmon, fiery center; shading off to a white margin. A great favorite.

GEN. FITZHUGH LEE—Very large florets of the showiest arrangement of white and crimson; a fine grower and standing the sun well.

HERRICK—Rich glowing crimson-scarlet—a very telling color. Habit good, size startlingly large, and of perfect form.

LOWELL—Soft scarlet-pink of beautiful shade, florets circular in form; trusses of grand size, fine indoors and out.

M. POIRIER—Another magnificent variety that received a first-class certificate at the Royal Horticultural Society. Trusses of enormous size, beautiful carmine-violet color; upper petals marked with rich violet. Exceedingly free-blooming variety.

MLLE. L. MOYOT—A variety with striped flowers. Very distinct from others of its class. Large white center, bordered with vermilion. Very free; constant in bloom, extra fine for massing.

M. P. MORLAN—Plant very free, enormous trusses, large flowers of rosy salmon, center white, surrounded by a halo of bright salmon.

NELLIE WOODS—We feel like calling this the queen of all the single round flowering varieties. The floret is of enormous size, perfectly round, the color is rich, glowing crimson-scarlet, a very telling color.

PHYLLIS—Pale salmon-rose; one of the most delicately beautiful flowers imaginable. The blooms are very large and of faultless form; plant dwarf and compact.

TEMPEST—A brilliant orange, still the nearest approach to yellow among the Single Geraniums. Very dazzling color.

WEDDING RING—This Geranium took precedence over any Geranium we grew the past Summer for the excellence and great beauty of its flowers. It is a Geranium that one never tires of. Dazzling orange-scarlet florets, circular and slightly cupped, giving it the appearance of a beautiful ring.

IVY-LEAVED GERANIUMS

A splendid class of Climbing or Trailing Geraniums; adapted for baskets, vases, rock work and trailing on trellises.  

Price 10c each; any 6 for 50c.

Double Flowering Varieties.

CHARLES TURNER—Best Bloomer. Color light scarlet, with soft rose tint, two upper petals veined with maroon-crimson. For general purposes there is not one in all the list of Ivy Geraniums that can compare with this superb variety, which our immense stock enables us to offer very low this season.

CAMILLE FLAMMARION—A beautiful variety and a general favorite with all the lovers of the Ivy-leaf varieties. Flowers large, full, cup-shaped and a deep rose color.

GALILEE—Rich, deep, pink, large flowers of good substance, and not only flowers in Summer, but will make a beautiful plant for the window in Winter.

JOAN OF ARC—This is one of the most beautiful plants it has ever been out privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy-green leaves making it a most effective background for the great clusters of snow-white flowers.

MME. A. GUILLEMAND—Flowers full and double; color violet-purple; extremely grand of this color.

NEW HYBRID GERANIUM, PETER CROZY—A cross between the Ivy Geraniums and the Zonals. The foliage shows the blending of the two races, having the form of the Ivy and the substance and size of the Zonals. The flowers are brilliant scarlet, borne in the greatest profusion, the trusses measuring six inches across and the individual forets two inches. The habit is dwarf and compact, the flowers are semi-double and last a long time.

REMARKABLE—Large flowers of very rich coloring, deep, rich red; very good.

CALADIUMS.

FANCY-LEAVED CALADIUMS—Plants are especially valuable for decorating conservatories, window boxes and specimen plants. Magnificent planted in beds out-doors, nothing being more showy. The brilliant cardinal red, cream, pink, white and various shades of green displayed in the veinings and blotches of the leaves cannot be obtained in any other class of plants. For arranging floral baskets or table decorations they are quite as handsome as any flower. We have a fine collection of first-class, distinct, brilliantly marked varieties. Price, well-dried, extra large bulbs, our selection of sorts, 20c each; six for \$1.00.

For Caladium Esculentum, better known as Elephant Ear, see page 39.

For New Giant Flowering Caladium, see page 39.

FANCY-LEAVED CALADIUMS.

Odorless Fertilizer for Pot Plants

MAKES FLOWERS FLOURISH.

Flowers are like people. Their health depends upon their food. It must be nourishing, but not too rich to force growth and cause reaction. The one chemically correct flower food for house plants is

WALKER'S EXCELSIOR BRAND.

It has no odor whatever, and can be used dry or dissolved in water for sprinkling. Use it and your flowers will flourish and their health will last.

Small size, feeds 25 plants 6 months, 25c; large size, enough for a year, 50c. Sent prepaid anywhere. With each package we send FREE the book, "How to Make the Window Garden a Success."

Flower Queries

Price,
25 cents.

Five hundred questions on Practical Floriculture answered and topics discussed. A practical book written in the form of questions and answers on the cultivation and care of indoor and outdoor Plants and Flowers. Nothing like it published. Every lady in the land should have it. It is a mine of condensed and accurate information on Flower Culture.

TABLE OF CONTENTS.

Chapter I.	Soil and General Cultivation.
Chapter II.	Bulbous Plants.
Chapter III.	Lilies, Culture and Care.
Chapter IV.	Roses.
Chapter V.	Vines and Climbers.
Chapter VI.	Shrubs.
Chapter VII.	Ferns and Palms.
Chapter VIII.	Insects and Diseases.
Chapter IX.	Miscellaneous Queries.
Chapter X.	Floral Notes.

SLUG SHOT KILLS BUGS.

A cheap powder destructive to insects that are injurious to house plants, shrubs, trees, vines, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880, with safety to man, beast and fowl. Put up in perforated cartons, and screw-top canisters, and is handy to use, merely dusting on the plant with the can. If you are troubled with insects on your rose bushes, we recommend you to try this. It does the work quickly and thoroughly.

PRICE BY MAIL—Canisters (1 lb.) 40c each. Cartons (1 lb. Paper Box) 30c each. PRICE BY EXPRESS—Canisters, 25c each. Cartons, 15c each; 5 lb. package, 35c.

NOT SUBJECT TO CLUB RATES.

...Begonias...

Flowering Varieties.

Price, 10c each, except where noted. Selection of any twelve for \$1.00.

This beautiful class of plants is deservedly popular. They are suitable for pot culture in the window or the outdoor plant stand. During the greater portion of the year the plants are, in the different varieties, covered with a profusion of graceful, drooping racemes of pink, white, crimson and bi-colored buds and blossoms that are exceedingly attractive, and having a waxy, coral-like appearance. The plants themselves are of neat, compact habit, with glossy green leaves in some varieties and exquisitely cut ones in others.

ARGENTIA GUTTATA—This beautiful sort has the silvery blotches of *Alba Picta*. It has purple-bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. Produces white flowers in bunches on ends of growth stems.

ARGYROSTIGMA PICTA—A handsome, compact-growing variety. Leaves a silvery-green, dotted white, smooth and glossy. Flowers a lemon-white, produced in corymbs. Magnificent pot plant.

ALBERTA PERFECTA GRANDIFLORA—We doubt if there is a white-flowered variety that equals it. The foliage resembles *Rubra* in shape, but it is lighter green, while the flower panicles are much handsomer. It is a pure white flowering Begonia of much merit. Try it.

BERTHA DE CHATEAUROCHER—Next to *Dew-drop*, this is the freest-flowering Begonia we have. It blooms the year round, makes a handsome window plant with its beautiful foliage and bright currant-red flowers.

COMPTA—A new variety resembling closely the old *Zebrina*. *Compta* is a more compact grower, with long pointed green leaves; a silver tinge along the mid-rib; underside of leaves and stem pale pink.

DECORA—A shrubby variety, with dark green leaves, profusely marked with spots of silver-gray, after the style of *Argyrostigma*.

A GRAND NEW BEGONIA, ERFORDII—The finest bedding variety extant, used by thousands in the Chicago parks. Dwarf and compact in growth, and covered with flowers of soft pink color. Price, 15c each.

FUCHSIOIDES COCCINEA—Elegant, free-blooming variety. It resembles *Hybrida Multiflora* in growth. The flowers are bright scarlet.

FOLIOSA—A handsome basket plant, the foliage is small and delicate, and contrasts well with its white bloom, very elegant. Price, 8 cents.

HYBRIDA MULTIFLORA—Very free-blooming, beautiful pink flowers. 8 cents.

McBETHII—Foliage fern-like; panicles of pure white flowers produced in great profusion. Most persistent bloomer of the Begonias; supersedes *Richardsonii*, which variety it resembles in foliage. Price, 8c.

M. DE LESSEPS—The leaf is of silky texture, and is beautifully spotted with silver. Very strong, free-growing variety; that will succeed with any ordinary care, growing rapidly and sending out quantities of beautiful white and pink flowers.

MARGUERITE—Leaves a bronzy-green, somewhat resembling *Metallica*, but growing in more bushy form, and easier to handle when grown for market. Large trusses of light, rose-colored flowers freely produced.

PURITY—The finest pure white Begonia grown. Its marvelous freedom of bloom and close, compact growth combine to make it one of the finest pot plants. Should be included in every plant collection.

RUBRA—This Begonia is still a great favorite. The flowers are a rich coral red, hanging in large pendant clusters; these, combined with the rich green foliage, makes it one of the best plants for house culture.

ALBA PICTA.

Alba Picta.

Long, pointed, slender leaves, thickly spotted with silvery white. Foliage small and elegant.

ROBUSTA—This is one of the most peculiar Begonias grown. The stock, stem and underside of the leaf are Indian-red; the upper side of the leaf glossy olive-green. The flower is composed of two wide and two narrow petals, the wide ones being broadcast at the base and terminating in a round point, of a beautiful bright rose. Price, 8 cents each.

SANDERSONII—Bushy growing variety; glossy deep-green leaves; flowers in clusters of drooping, scarlet, heart-shaped buds. Price, 8 cents each.

SANGUINEA—Leaves darkest glossy-green or olive, underside dark-crimson, flowers white, makes a charming combination. Price, 15 cents each.

NEW BEGONIA, THURSTONI—The underside of leaves is a rich, purplish-red, the veinings very prominent, while the face or upper side is a bronzy-green, shaded with crimson and olive, with a peculiar glossy metallic luster over all. Flowers rosy-white in large clusters, well above the foliage. The plant has a fine habit.

ZEBRINA—An erect growing variety, with a beautiful profusion of pendant leaves. Besides its graceful form the leaf is distinguished by its glistening, silver shading following the leaf, the body being a very dark velvety-green; under side plum color, vein green. Flower pure white. A beautiful variety.

VELUTINA—The name implies "velvet," which is all that can be said of its appearance. A stately grower, and in flower a handsome specimen of the family of *Metallicas*. A truly grand sort. Price, 15c each.

Rex Begonias.

The Begonia Rex is the king of foliage plants, far outshowing all others. Give them a soil composed of rich loam, woods earth and sharp sand. They require a warm, moist atmosphere and a shady situation. Do not allow the sun to strike the leaves while wet, and do not over-water. Nothing can surpass them for the window or conservatory culture; they may be planted in a shady situation under trees or alongside of the house. Rex varieties make immense leaves. We can furnish Rex Begonias in 6 choice sorts at 15c each; set of 4 for 50c.

FLOWERING BEGONIAS

BEGONIA, SEMPERFLORENS GIGANTEA ROSEA.

SEMPERFLORENS GIGANTEA ROSEA.

A superb variety; strong, upright; grows large flowers of clear cardinal red; the bud only exceeded in beauty by the open flower, which is borne on a strong, thick stem. The leaves are smooth and glossy and attached closely to the main stem; both leaf and stem quite upright, growing and forming a shrubby round plant. Price, 20c.

NEW BEGONIA, SPECULATA.

Quite a novelty in the Rex type. Leaves are in the form of a grape leaf. Color is a bright green, with a background of chocolate; veins of a light pea-green, the whole leaf spotted with silver. In bloom it is magnificent, the panicles, composed of great numbers of individual pink blossoms, are lifted high and spray-like quite clear of the foliage. Price, 10c each.

FOUR NEW DOUBLE FLOWERED BEGONIAS.

A new addition to the Begonia family in the semperflorens type. In growth the plants are very vigorous and compact, making them fine for bedding or pot culture.

Price 15c. each; Set of 4 for 50c.

The Double White Semperflorens.

Boule de Neige—Leaves clear green, flowers large, full, arranged in tiers at the summit of the stalk, pure white bordering sometimes lightly on pink in the open air, stamens clear yellow.

The Double Rose Semperflorens.

Gloire du Montet—Very floriferous variety, foliage bronzy green; numerous flowers covering the plant; flowers double, lake rose, carmine reverse.

The Double Pink Semperflorens.

Nancy—Foliage deep green, flowers medium, double, tender rose, stamens chrome yellow.

The Double Red Semperflorens.

Triumph de Lorraine—A profuse bloomer, flower quite double, with nicely imbricated petals, color of buds and flowers when opening a bright scarlet, changing to a cherry carmine when fully open.

STAR BEGONIA.

Begonia, Ricinifolia Maculata, or Star Begonia.

The leaf is very large, will average a foot or more in diameter, and is separated into seven or nine points, carried on thick, long stems, eighteen inches or more in height. Color rich brown, blotched with pale green, surface velvety. In bloom it is magnificent, the panicles composed of great numbers of individual pink blooms, are lifted high and spray-like quite clear of the foliage. Wonderfully effective. Price, 25c each.

TUBEROUS ROOTED BEGONIAS.

THE TUBEROUS-ROOTED BEGONIA is the fashionable plant of the day, and richly does it deserve its honors, for in addition to very handsome foliage, it bears a never-ending profusion of the most ravishingly beautiful flowers the whole Summer, and then with the coming of cold weather, very obligingly takes a nap until Spring, asking no further care through the Winter than to be packed in soil away from frost. This trait will be appreciated by the many people who have no spare windows to carry over tender bedding plants, yet dislike to be at the expense of buying a new lot each Spring. This grand plant is a rival of the Gloxinia as a Summer window or conservatory plant, and as strong a rival of the Geranium and Verbena as an outdoor bedding plant. The enormous size and intense brilliancy of the flowers astonish those who have never seen any but the ordinary house Begonia. The bulbs can be started from March to June and will soon be in full bloom. Must be kept from direct sunshine. A good place for them is on the north side of a house or grape arbor. Our strain of both double and single is a very superior one, many of the flowers measuring three to five inches across.

Single, Separate Colors, white, scarlet, pink and yellow, 10c. each; six for 50c.

Double, Separate Colors, white, scarlet, pink and yellow, 15c. four for 50.

FRENCH DWARF CANNAS

These are the Most Popular and Most Magnificent of all Summer-Blooming Plants for Brilliant Bedding and Massing.

The Best Varieties in Cultivation.

Price, 10 cts. each, except where noted; any Six for 50 cents; Fifteen for \$1.00.

Duke of Marlboro.

Beautiful crimson maroon; the largest Canna grown. A sturdy, erect grower, with fine metallic green foliage. Price, 15 cents.

Souv. de Antoine Crozy.

By far the brightest gilt-edged Canna grown. Flowers brilliant crimson-scarlet, bordered by a broad band of golden yellow, which serves to set out the brightness of the scarlet. One of the most attractive in the entire collection. Price, 15c.

Florence Vaughn.

A splendid yellow Canna of large size and most perfect form; petals being broader than Mme. Crozy; color brilliant golden-yellow, dotted with scarlet; vigorous grower and very free bloomer; one of the best Cannas in cultivation.

DUKE OF MARLBORO.

AUSTRIA.

The new giant golden Lily-flowered Canna. The claim of Italia to the title of Orchid-flowered is not better than this to Lily-flowered. It is, in truth, a giant, with flowers six to eight inches across; a giant in its superb growth, young plants set out in June forming dense spreading clumps, with 20 to 25 stems 6 feet high, and every stem surmounted with a spike of its glorious, golden, lily-like flowers; a giant in its grand foliage; a magnificent giant in its every attribute.

Beaute Poitevine.

An excellent free-flowering crimson that is especially valuable in a hot, dry season, succeeding better under those conditions than any other variety.

Burbank.

Color, rich canary-yellow, with a few carmine spots in throat. Giant orchid-like flowers, the upper petals measuring fully seven inches across. It is a vigorous growing plant, attaining a height of about five feet, with shiny leaves of a leathery texture.

Charles Henderson.

The standard of excellence of all crimson Cannas. Bright crimson, with pencillings of golden-yellow at center. About four feet in height.

Egandale.

Probably the finest bedder of its color, if not of the whole list. Deep, soft red, compact spikes of medium size; a wonderful profuse bloomer, beds of it being literally a mass of red; foliage a beautiful rich purple. 15c.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

President McKinley

Bright crimson, shaded scarlet. Plant is dwarf, rarely exceeding 2½ or 3 feet. Foliage rich green with chocolate colored margin. One of the finest and earliest flowering sorts. Price, 15c.

Pink Beauty

This is a pink variety of French origin. Entirely distinct from any other sort. It is much the darkest of all the pink Cannas, being dark carmine-pink. Heads of bloom are held very erect and well above the foliage. A showy, effective bedder. One of the finest introductions. Price, 15c.

Paul Marquant

A very beautiful and distinct variety. The individual flowers are the largest among the race, and are a peculiar shade of salmon, overlaid lightly with a soft rosy-carminé, very pleasing to the eye. It can be planted with telling effect in juxtaposition with any variety, crimson, yellow, red or spotted.

Queen Charlotte

(New German Canna.) A most distinct rich crimson-scarlet, with wide gold border on every petal. A very handsome plant, medium in height, compact grower; broad, green leaves. It is a profuse bloomer, and the flower spike, which is full and well formed, stands well above the leaves, yet not so tall as to appear drawn or ungainly.

Souv. de Asa Gray

Plant very vigorous; foliage green and produced in profusion. Flowers very large; beautiful citron-yellow, striped with flame.

Bed of "Austria" Canna and Scarlet Salvia

Nothing makes a finer appearance on a lawn than a bed of Canna "Austria" surrounded by Scarlet Salvia. We will send 15 of these Cannas and 15 plants of the Scarlet Salvia, sufficient for a circular bed five feet in diameter, for \$2 00. Plants should be placed 1 foot apart each way.

ITALIA

Flowers of enormous size, eight inches across, and of entirely distinct form. The color effect is after the style of Queen Charlotte, bright scarlet, surrounded by a golden-yellow band. The flowers are produced in immense heads, about 16 inches long, and are borne well above the foliage. Each flower has five petals almost equal in size, giving the flowers superb grace and finish. Produces spike after spike of gorgeous flowers; foliage large and massive.

Leonard Vaughan

Height, 5 feet. Rich, deep bronze foliage. Very strong, robust grower; flowers freely, and well-formed flower spikes show boldly above the foliage. Color, bright scarlet without markings, and with very wide petals, measuring 1½ inches. The best dark foliage, good-flowering Canna to date. Price, 15c.

MME. CROZY

The color is a brilliant vermillion-scarlet, bordered with deep, golden-yellow. The flowers are borne in great clusters, and in such profusion that they crown the plant with a blaze of glowing color.

CARNATIONS

THE DIVINE FLOWER.

UNRIVALED in their rich and refreshing fragrance, unequalled for brilliancy, richness and diversity of colors, unapproached for daintiness and beauty of outline, it is not to be wondered at that, next to the Rose, the Carnation has become a favorite flower among all classes. During the past few years great strides have been made towards improving the Carnation, the florist's skill in this direction being shown in many points, but more especially in large size of flowers, vigor of growth, freedom of bloom, exquisite color and fragrance.

Price
10c.
Each.

Any 6
for
50c.

AMERICA.

A soft shade of scarlet. Habit, medium height with a compact growth. A fine sized flower, well formed, nicely filled, and not crowded with petals. Good calyx and long, stiff stem. It is one of the early bloomers. Very free and of easy culture.

ETHEL CROCKER.

Peach pink, beautiful color; decided favorite with a great many growers. A good bloomer all through the season; extremely free.

BOBOLINK.

One of the most showy of the whole collection of fancy Carnations. Flowers very large and full, with center petal standing erect, giving the bloom a beautiful, well-rounded form. Habit of plant strong and vigorous. An even and constant bloomer from early till late. Pinkish cream color striped with crimson. A lovely variegated Carnation, admired by all who have seen it.

ELDORADO.

A yellow of free-blooming habit; strong, vigorous plant, erect stems, finely formed flower of fair size, very free. Petals edged with a narrow band of light pink; almost a Picotte in marking. The flower retains its yellow color under artificial light, unlike most yellow varieties.

FLORA HILL.

"The Queen of the Whites." It is the grandest white and the most prolific bloomer of the Carnation family that has been raised up to this time. The flower is of enormous size, full and double; has a good calyx; not subject to rust; under the most ordinary culture, produces good flowers throughout the entire season.

GENERAL GOMEZ.

Brilliant cardinal maroon. Strong, vigorous, very healthy habit. Flower is full and well fringed and of a very pleasing form, good fragrance. The color is magnificent and as rich and brilliant as the Cardinal flower, without the slightest tendency to turn black; in fact, no crimson carnation has ever come to our notice possessing such a vivid brilliant shade of color.

G. H. CRANE.

Regarded by many as the finest scarlet Carnation. In color it is the most intensely brilliant scarlet, showing no tendency to fade; stems long and firm, holding the flowers upright. A vigorous, healthy grower, producing quantities of monstrous sized blooms.

GOLD NUGGET.

Pronounced by all to be one of the finest yellow Carna-

tions yet introduced. The flower is of excellent shape and substance, carried on long stiff stems. A clear deep yellow and very prolific bloomer.

GENEVIEVE LORD.

As large as the largest light pink ever offered. A few blooms last season measured nearly four inches. It has taken first prizes wherever offered.

LIZZIE MCGOWAN.

Still a favorite variety; easily handled and very productive. A pure white, with good size flowers of delightful fragrance. Should be included in every collection of Carnations.

MRS. FRANCIS JOOST.

This has proved to be one of the most satisfactory and profitable Carnations introduced in years. Color a soft shade of pink. It is a strong, vigorous grower, and is generally recognized to be one of the most profitable Carnations. A No. 1 in every respect, and a variety that we can recommend in the highest terms.

WILLIAM SCOTT.

A Carnation that everybody grows; very free flowering and easily grown. It is a beautifully fringed, delicate light pink, of good size. Very fragrant and will keep for weeks after being cut.

WHITE CLOUD.

This undoubtedly is the very finest white Carnation grown today. Flowers are very large size and of splendid form, with strong stems holding the flower perfectly erect. The stem is faultless—perfectly rigid and very long.

PORTIA.

A new and valuable addition to the list of Carnations. Flowers are of a brilliant scarlet, and remarkably sweet scented; on this account the flowers are always in great demand. Plant a strong grower of bushy habit.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

FUCHSIAS.

GLORIE DES MARCHES.

DOUBLE FLOWERING VARIETIES.

Price, 10c each. Any six for 50c.

Glorie des Marches—It is nearly perfection as to free growing and habit, being strong and bushy. The tube and sepals are deep scarlet, the corolla is very large and double, and pure white. Price, 15 cents each.

Rosains Patri—Strong and bushy, beginning to bloom quite early in the Spring and continuing very late. The tube and sepals are brilliant, scarlet, thick and leathery in texture; corolla is very large, double and pure white.

Arabella—Tube and sepals white, corolla rose color.

Avalanche—Beautiful golden foliage and dark, double violet-purple corolla.

Elm City—Sepals a rich crimson, corolla a deep purple, double, very free flowering. Extra fine.

Purple Prince—Fine double variety; sepals scarlet; corolla a beautiful distinct blue; very dwarf.

Madame Van Der Strass—Very large and double, pure white corolla, beautiful, reflexed bright scarlet sepals. This variety is almost perfection.

Trophee—One of the best dark purple Fuchsias grown; Double; buds quite round and beautiful deep red color. Open flower, dark purple and very beautiful.

SINGLE FLOWERING VARIETIES.

Price, 8c each. Any eight for 50c.

Chas. Blanc—Single. Sepals dark red; corolla rosy-amaranth. Very free bloomer.

De Mirble—Sepals relieved, bright red, quite large corolla, rose and violet.

Lovely—The tube and sepals white; corolla single; brilliant crimson; tinted magenta.

Speciosa—Well-known variety, producing large flowers two inches in length, tubes and sepals of which are bluish, the corolla crimson. Some plants of this variety, grown in 8 or 9 inch pots, will produce from 300 to 500 flowers from December to May.

Trailing Queen—This Fuchsia is an entirely new departure, differing from all other large flowering varieties in its habit of growth, as it is a trailing vine. The flowers are borne in large, drooping clusters; very large, long, graceful.

Wave of Life—Foliage bright yellow, corolla bright violet; sepals scarlet.

PHENOMENAL.

Phenomenal—The largest Fuchsia we have yet seen. The tube and sepals are bright coral-red, beautifully formed. The corolla nearly 2½ inches across, is of the very richest violet shade. The habit is remarkably free, and it blooms more freely than any other large variety.

BLACK PRINCE.

Black Prince—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. Blossoms of a beautiful waxy-carminé or pink color. Certainly a plant of easy culture.

PALMS

Palms have become an almost indispensable feature in all decorations, whether for apartments, conservatories, or for tropical bedding in Summer. The following varieties of Palms are of easy culture in the parlor or conservatory. No home should be without one or more.

PHOENIX RECLINATA.

This is one of the most exquisitely graceful Palms. Its widespreading, graceful arching, fern-like leaves are elegant and effective for apartment decoration. Price, 35c each; by express, 15 inches high, 75c; 24 inches high, \$1.50.

CYCAS REVOLUTA—Sago Palm.

The Cycas makes a magnificent specimen plant, and one of the most valuable plants grown for the decoration of the lawn or house. Their heavy, glossy, deep green fronds resist alike the gas, dust and cold to which decorative plants are frequently exposed. Price, fine shapely plants, \$1.00 each; large plants, \$1.50 each; fine large specimens, \$2.50. These can only be sent by express.

KENTIA BALMOREANA.

KENTIA BALMOREANA.

The Kentias are among the best of the Palm species for general cultivation, being almost impregnable against diseases. This variety is one of the best in its class—graceful habit, bright-green foliage, gracefully disposed; as a decorative plant for the window, dinner table or conservatory it scarcely has an equal. Price, small plants, 25c each; medium, 50c; larger, by express, 18 inches high, \$1.00; 24 inches high, \$1.50; large specimens, \$2.50.

KENTIA FOSTERIANA.

This is one of the finest plants imaginable, and the easiest to grow of any of the palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are deep, glossy green, fan-shaped, split deeply into segments. This is, without exception, the most hardy of its class. It is very graceful for table decoration. Scarcely has its equal. Price, small plants, 25c each; medium, 50c; larger, by express, 18 inches high, \$1.00; 24 inches high, \$1.50; large specimens, \$2.50.

AREA LUTESCENS.

One of the most valuable and beautiful Palms. Its dark, glossy-green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed. The trunk and stems are golden yellow. Price, 25c; larger size by express, 50c.

LATANIA BORBONICA.

LATANIA BORBONICA.

Leaves large, fan-shaped, of a very cheerful green color; plant of hardy constitution, and adapted to all decorative purposes within or without doors. Appreciated by all the plant loving community. Price, 25c; large size, by express, 4-inch pots, 50c; 5-inch pots, \$1; 6-inch pots, \$1.50; large specimens, \$2.50.

PANDANUS UTILIS.

PANDANUS UTILIS.

For majesty of form and gracefully arranged foliage, this is without a peer, while its vigorous constitution enables it to stand more neglect, without serious injury, than almost any other plant we know of. As an ornament for the window, its glossy, dark-green, serrated foliage renders it unusually attractive, while as a vase plant or single specimen in greenhouse or conservatory it cannot be surpassed. It is also largely used to decorate the halls in our finest private residences, and shows grandly on the lawn when grown to sufficient size. Price, 50c each.

PANDANUS VEITCHII.

This is one of the most attractive plants. The leaves are light green, beautifully marked with broad stripes and bands of pure white, and gracefully curved. Like the Palms, the longer you have the plant the more valuable it becomes. Its striking character in connection with other decorations makes it a feature in any collection. Being new and hard to propagate, it is necessarily high priced. Price, \$1.00 each; larger plants, \$1.50.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

AZALEA INDICA.

(Chinese Azalea.)

AZALEA INDICA.

Beautiful plants for window or conservatory decoration. Few plants reward the cultivator more liberally with bloom than these. The plants we offer are fine, shapely specimens, with well-formed heads, of the best and most distinct kinds. The colors include pure white, all shades of crimson, scarlet, purplish, salmon, and with exquisite variegations, mottlings, stripes, blotches, etc., etc. We have imported for this season an exceptionally fine lot of these plants, they are loaded with buds that will open in March and April. Must be sent by express, as they are too large for mailing. Price, first size, fine large plants, three years old, 12 to 15 inches in diameter, \$1.00 each; second size, 10 to 12 inches in diameter, 75c each.

DRACAENA TERMINALIS

Superb species; rich crimson foliage, marked with pink carmine and creamy white. Words cannot describe the exquisite coloring. This is one of the most admired of decorative species, its elegant habit and extremely beautiful, lively coloring giving it marked value. It is a rapid grower, and for room adornment or as a vase plant for out-or-door use it is indispensable. Price, 25c each.

The Great Ornamental Foliage Plant, Caladium Esculentum, Better known as

ELEPHANT EAR

One of the most beautiful and striking ornamental foliage plants in cultivation, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil and is of the easiest culture. When of full size it stands about 5 feet high, with immense leaves often measuring 3 feet in length by 2½ feet in breadth; smooth, of bright green color, beautifully veined and variegated with dark green. The roots should be preserved in dry sand in the cellar during Winter, out of danger from frost. Good Bulbs, 10c each; large size, 25c; extra large, 40c.

GIANT FLOWERING CALADIUM

A New Species from Central America, and the Grandest Foliage and Flowering Plant Yet Introduced.

Leaves very much larger than any other Caladium; heavy, leathery texture and a bright, glossy-green color, with metallic luster which is remarkably handsome. Does not produce a bulb but is increased by suckers and is perennial. The leaf stalks are strong and tall, holding the mammoth leaves well above the ground. Perfectly immense, and makes a plant which for tropical luxuriance has no equal. Added to this wonderful foliage effect are the mammoth lily-like blossoms 12 to 15 inches long; snow-white, changing to cream, with a rich and exquisite fragrance so powerful as to perfume a whole garden. Plants bloom all Summer in the garden, or all the year round in pots. The foliage is so hardy that it will endure without injury frosts that kill other bedding and foliage plants. Not only is it the grandest garden or lawn plant, but as a pot plant it rivals the choicest Palms in foliage, to say nothing of its magnificent flowers. Thrives in any soil. Price, 25c.

ARAUCARIA EXCELSA

Norfolk Island Pine.

As a decorative plant for the house this is one of the handsomest and most serviceable. It has deep-green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. Our importation of these this year was exceptionally large and fine selected stock, especially in the medium size, for which there is always a demand. Price, nice plants, 12 to 15 inches high, 3 tiers, \$1.00 each; larger plants, 18 to 20 inches high, 4 and 5 tiers, \$1.50 each.

FICUS ELASTICA

India Rubber Tree

Very large, smooth, leathery leaves, ever-green foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree shape. Each new leaf is enclosed in a long, coral-red envelope, looking like a great red flower bud.

PRICES:

12 inches high....50c

18 inches high.... 75c

2 feet high (by express only) \$1.00

FERNS

**MOST BEAUTIFUL OF ALL
DECORATIVE PLANTS.**

ASPARAGUS PLUMOSUS NANUS.

ASPARAGUS PLUMOSUS NANUS—(Lace Fern.)—One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest silken mesh. Their lasting quality when cut is remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture and richness of color. See illustration. 10c each.

THE SILVER FERN

PTERIS ARGYREA—Silver Fern. A very showy Fern with variegated foliage, fronds large, light green, with a broad band of silver-white down the center of each. Very distinct. Price, 15c each; large plants, 35c.

ADIANTUM CUNEATUM—Maiden Hair Fern. A very beautiful and graceful Fern, its delicate fronds being much used for cut flower work. Price, 15c each; large plants, 25c.

ASPARAGUS SPRENGERI—(Emerald Feather.)—A most desirable new species, especially useful to grow as a pot plant for decorative purposes, or for planting in suspended baskets. The fronds are frequently four feet long, of a rich shade of green, and most useful for cutting, retaining their freshness for weeks after being cut. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any situation. 10c each; large plants, 25c.

"MOSS FERN," SELAGINELLA, or "LYCOPodium"—Emiliana. Much used in fern dishes or grown up in 4 or 5-inch pots. Its foliage is always fresh green, very delicate and beautiful, lace-like; upright in growth. Price, 10c.

BOSTON SWORD FERN.

The Popular Boston Sword Fern, **NEPHROLEPSIS EXALTATA BOSTONIENSIS**—In the vicinity of Boston no other plant is used so extensively as this graceful Nephrolepis, which differs from the ordinary Fern in having much longer fronds, which frequently attain a length of four feet. These fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. Price, nice plants, 10c each; larger size, 25c; fine large specimens, by express only, 50c.

THE SHAKING FERN.

PTERIS TREMULA, or SHAKING FERN—One of the finest ferns for house decoration, growing very rapidly, and throwing up large, handsome fronds. It makes magnificent specimens, easily grown and very popular. Price, 15c each; nice large plants, 35c.

WHITE CALLA

Ethiopica—This is the well-known Egyptian Lily, or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas send to us, as we are headquarters for them. We have two sizes. Bulbs to bloom next Winter, 10c each; strong blooming bulbs, 25c each.

"THE GEM"

"The Gem" is of strong dwarf habit. The foliage is of a lustrous dark green and is produced in great abundance. Its flowers are produced in the greatest profusion, being literally

an ever-bloomer; it will bloom freely all Summer out in the open ground; in September it can be lifted and potted, and will continue blooming all Winter. Price, 10c each.

CALLA RICHARDIA

Spotted Calla—The *Richardia Alba*, or spotted Calla, is a plant of magnificent appearance. The leaves are of the richest green, spotted with pure white; the flowers are white, with a rich chocolate throat. It can either be grown in a pot, planted in a border, or in a vase or rustic stand, the latter being a very effective way of showing its beauty. Price, 15c each; extra large bulb, 25c.

FANCY LEAVED COLEUS.

CERTAINLY the most popular colored foliage plants. Whether grown as single specimens or in masses of ribbon lines, they are equally attractive. Plants should be set about a foot apart, so that when the size of the bed is ascertained it is easy to figure how many plants are needed of each kind in a row. We do not advise the ordering of Coleus until after the 15th of March, as they are easily chilled. For massing in solid colors, we suggest either red, green or yellow.

PRICE, 5c each; any 12 for 50c; by express, 30 for \$1.00. Price of Coleus by the hundred when sent by express, \$3.00.

Amethyst—Center clear amethyst purple; blotch of deeper hue; green edge, bordered and veined bronze.

Acme—Foliage large, under good cultivation, ten to twelve inches long and eight to ten inches wide. Ground color deep chocolate and creamy white, beautifully veined and striped.

Beauty—A crimson bronze, with three colors.

Beckwith's Gem—A beautiful fancy variety with large leaves of heavy texture, and finely scalloped edges. The center of leaf is dark, velvety maroon, bordered with fiery red; the edge is green, changing to creamy yellow at the point of leaf.

Butterfly—A crimson bronze, old gold and green.
Chicago Bedder—Green and gold. An excellent bedder.

Admiration—Foliage large and finely serrated; color rich purple and carmine. Very distinct.

Combination—Blotched and spotted maroon, green and yellow, attractive and excellent for pot culture.

Count Cuvier—Center fiery red, surrounded with deep maroon, edged olive green, serrated edges.

Empress of India—Crimson with golden edge.

Fire Crest—The major portion of the foliage is a bright carmine-crimson shade, the edge is slightly marked with golden-yellow, which heightens the coloring, the center of the leaves is blotched with deep bronze.

Hero—A deep jet black.

James Barnshaw—Yellow and crimson, striped.

Miss Retta Kirkpatrick—Large white center, shaded with yellow, broad, green lobed margin. Large foliage.

Mascot—Crimson scarlet, dark maroon band, edged with green, serrated, and base of each tooth marked white. Stems white.

Mrs. Hunt—A beautiful carmine center, bordered maroon, with a bright green margin.

Progress—A beautifully mottled red, green and bronze.

Priscilla—Serrated green leaf, marked in center with creamy white, under side of leaf violet pink.

Royal Mantel—Light brick red, exquisitely fringed with serrated golden edge, sometimes shaded pink.

Shelly's Yellow—One of the best bedding yellow Coleus.

Spotted Gem—Yellow, blotched crimson and green.

Setting Sun—Crimson, with brightest golden edge.

Verschafeltii—A rich velvety crimson. The best bedder.
Yeddo—The color is a deep golden yellow, spotted with a bright green.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

cious. Price, 10c each; large, strong plants, 25c each.

CROTONS.

The Crotons are among the finest decorative foliage plants known. Leaves are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully fountain fashion, others broad and short—dark leaved. Some recurved very much, others twisted, cork-screw like. Crotons love heat, sunshine and moisture. We will send you the following choice kinds at 10c each; 3 for 25c.:

Aucubaefolium — Free growing, dark shining leaves spotted yellow mid-rib tinged dark pink.

Aurea Maculata—Nearly all Cro-

tons fail to show their fine colors until grown to a large size, but this variety is beautiful in all its stages, from a three-inch pot to a towering specimen. Deep green, beautifully maculated golden-yellow.

Chrysophyllum—Rather small, bright golden leaves. Free growing and very beautiful.

Interruptum—Very long and wavy foliage, red midribs.

Ingomar—Narrow long leaf with bright yellow midrib and narrow band of green down each side; colors bright.

Lowil—Very bright orange-red and yellow and green, long oval leaf; one of the most beautiful and showy of the free-growing, bright-colored varieties.

Splendens—Mottled and margined with crimson and yellow.

Volutum—Deep green, golden bar through center, in form of ram's horn.

VOLUTUM.

The Beautiful Swainsonia Galgefolia Alba.

We bring prominently before flower planters this very distinct climbing plant for house culture and protected spots in the garden. The habit of growth is extremely graceful, and the vines trained up at the side of a window or on a trellis, present a lovely sight of light-green, feathery foliage, and a splendid profusion of pure white sprays of fairy-winged flowers, somewhat resembling Sweet Peas in form. Easily grown, and under favorable conditions it is almost a perpetual bloomer. There is certainly no climbing vine for house or conservatory culture today that is more desirable than this fine new plant. Fine plants, 15c.

New Swainsonia Splendens.

Same as the above, with bright scarlet flowers. This is the only true scarlet variety. Price, 15c each.

The two Swainsonias for 25c.

Otaheite Orange.

A grand pot plant and one of great beauty and novelty. It blooms most freely during the Winter, though it is likely to bloom at any and all times of the year. The fruit is about one-half the size of ordinary oranges and very sweet and deli-

SWAINSONIA ALBA.

AUREA MACULATA.

AUCUBAEFOLIUM.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

SWEET-SCENTED JASMINES

The Jasmine is a favorite greenhouse or house plant everywhere North, while in the South it is perfectly hardy. It is the idol of the poets, and one of the sweetest flowers. Among the species are found equally desirable subjects for decorating the greenhouse and the outdoor border, combining in every instance freedom and elegance with most delicious fragrance.

STAR-FLOWERED JASMINE, GRANDIFLORUM.

GRANDIFLORUM

Foliage fine. Flowers white, star-shaped and fragrant. Blooms from November until May. Easy culture. Price, 10c each.

GRAND DUKE OF TUSCANY—Easily grown, even small plants bearing a profusion of double, creamy white flowers, having a delicious perfume. A plant of this lovely variety will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmynes, it is sweeter than a Tuberose, and that is saying a good deal for it. Will thrive out of doors and bloom through the season. A magnificent plant, and one of the most valuable and popular pot plants. It can be stored in a dry cellar in Winter. It will please you. Try it. Price, fine plants, 15c each; large plants, 40c each. Extra large bushy plants, 18 to 24 inches high, by express only, 75c each.

GRACILLIMUM—A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white fragrant flowers; in bloom from October to February. Price, 8c each; fine bushy plants, 12 to 15 inches high, 25c each.

POETICA—Similar to Jasmine Grand. Flowers smaller, but borne on large spikes. Makes a valuable climbing plant, though if desired can be grown bush form. Price, 8c each; fine bushy plants 12 to 15 inches high, 25c each.

SAMBAC (Arabian Jasmine)—Foliage resembles the Grand Duke, while flowers are more like Maid of Orleans, but smaller; flowers white, very fragrant; the most profuse bloomer of all the Jasmynes. 15c each.

Maid of
Orleans

MAID OF ORLEANS

In this beautiful Jasmine there are combined some sterling qualities that place it a peer over existing sorts. Of easy culture, fine grower, good bloomer, elegant fragrance, and double flowers of chaste and waxy-white appearance. If you have only one Jasmine, let it be this one. Price, 10c each; larger size, 25c. Extra large, 15 to 20 inches high, 50c each.

REVOLUTUM—A strong climbing plant, with glossy leaves and single, deep yellow, fragrant blossoms. A beautiful plant and easily grown. Almost hardy in this latitude. Price, 8c each; nice bushy plants, 12 to 15 inches high, 25c.

CAPE JASMINE.

CAPE JASMINE Or GARDENIA FLORIDA.

A lovely pot shrub producing an abundance of large, double white, wax-like blossoms of great beauty and renowned fragrance. Nothing else like it, and for delicate beauty and fragrance it is unrivaled. Price, 20c each; fine large plants, 50c each.

Collection of Handsome Ornamental Foliage Plants.

MARANTA MASANGEANA.

Maranta Masangeana.

Dwarf growing plant with light green foliage, mottled maroon. Used extensively in filling fern dishes; foliage is always bright and attractive. Makes a very pretty effect when used with other plants in plant decoration. Price, 15c.

Sansevieria Zeylanica.

This beautiful house plant is well adapted for decoration of sitting rooms, halls, etc., as it stands dust and neglect of watering with impunity. Leaves as shown in illustration, grow to a length of from 3 to 4 feet; beautifully striped crosswise with broad, white variegation on a dark green ground. A rare and beautiful plant, and should be abundantly grown for positions out of sunlight, where other plants do not thrive. Price, small plants, 10c each; large handsome plants, 20c each.

SANSEVIERIA ZEYLANICA.

ROYAL PURPLE.

STROBILANTHES DYERIANUS.

Royal Purple.

A new and very beautiful foliage plant from Singapore, which will become universally popular on account of the brilliant and exquisite coloring of the leaves, the beauty of its flowers and its extraordinarily easy growth and usefulness as a decorative plant. It surpasses the finest Coleus in exquisite coloring of leaves, besides which the long racemes of lovely violet blossoms with which the plant is covered in mid-Winter greatly enhance its value and beauty. Price, 10c each.

ANTHERICUM VITATUM.

Anthericum Vitatum Folia Variegata.

A beautiful plant, with recurved, graceful foliage. The leaves are dark green, beautifully marked with broad stripes and bands of creamy-white color. A lovely plant for vases and baskets, or as a pot plant it will enrich any collection. Long stalks of white flowers. Very beautiful and scarce. Price, 10c each; large plants, 20c.

ACALYPHA.

Acalypha Marginata.

Fine large foliage, dark olive, margined rose. A very desirable variety, standing upright in hot and dry weather. Price, 15c each.

Acalypha Triumphans.

Very bright, ovate, pointed leaves, light red, shaded and marbled darker. Price, 15c each.

Silver-Striped Peperomia.

So thick and waxy-like are the leaves of this parlor gem that nearly every one takes it to be an artificial plant. The leaves are distinctly variegated white and green, and have the appearance of being powdered with frosted silver. Few plants could be more useful for table decoration, and none will stand ill-usage so readily. Its small spikes of Mignonette-like flowers are quite interesting. Price, 10c each; three for 25c.

VELVET PLANT.

Velvet Plant, Gynura Aurantica.

Velvet plant seems an appropriate name, the leaves being always taken as artificial. They and the stems are entirely covered with purple hairs. Shining, glistening, reflecting many new colors. Any change of position appears to alter the color of the foliage. A grand plant. Of easiest growth. Price, 10c each.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

ABUTILON INFANTA EULALIA.

ABUTILON

OR FLOWERING MAPLE.

The Abutilon or Flowering Maple is a plant of as easy culture as the Geranium and quite as satisfactory. It is beautiful both in leaf and flower, and is very profuse in bloom. Price, 8c each, except where noted.

Arthur Belsham—Has a long pendant flower of clear crimson without markings, flower stems of unusual length and flowers of good shape. A charming sort.

Boule de Neige—Pure white flowers of the real "bell" shape; dwarf and compact in growth, but strong, healthy and always blooming. Price, 10c each.

Driven Snow—Very large, wide open, pure white flower; the most effective white variety to date. Price, 15c each.

Eclipse—A new, variegated Abutilon. Foliage large and beautifully variegated. Of robust growth, will stand the sun, and as an edge for sub-tropical beds it is unsurpassed, being distinct and a decided acquisition.

Infanta Eulalia—It would be difficult to find a more unique flowering plant than this. Unlike the ordinary Abutilon of scraggy growth, it is very compact and short jointed, making a very neat pot plant. The flowers are the most beautiful we have seen among Abutilons, being very large, yet short and beautifully cupped, and of the most lovely pale satin-pink color imaginable. It produces its flowers by the score both Summer and Winter.

Prince of Heilbron—Large variegated leaves, yellow and green, flowers orange, veined red.

Rosaeflora—Despite later introductions, the best pink variety we have seen. The clear rose or pink of its flowers is fresh and beautiful; free bloomer. Price, 10c each.

Royal Scarlet—Needs no other description than its name, which was aptly given. Very free and of excellent habit. Price, 10c each.

Souvenir de Bonn—A very distinct and striking new plant, with large, bright green leaves, distinctly edged with a pure white band. The long-stemmed flowers are bright orange, veined with crimson, and stand well out beyond the foliage, producing a very pleasing effect. An excellent plant for large vases and porch boxes.

Thomsonii Plena—New; has perfectly double flower that resembles in form a double Hollyhock. Color a rich, deep orange, shaded and streaked with crimson. The foliage is delightfully variegated. Price, 10c each.

Robert George—A free and continuous bloomer; flowers large, incurved, overlapping petals; orange, veined crimson; beautiful.

ACHANIA MALVAVISCUS.

From the time it is three or four inches in height the Achania blooms, mattering little what the season, but its best showing is usually in the Winter. The plant is always healthy, and blooms very freely when other flowers are scarce. The brilliant scarlet flowers are upright, peculiarly formed, and carried on the extreme end of the branches. Price, 8c each.

SWEET ALYSSUM.

ALYSSUM, DOUBLE WHITE.

The trusses are enormous, measuring at times one inch in diameter and five inches long. The flowers are perfectly double and of delightful fragrance. Price, 8c each.

AGATHEAE COELESTIS.

AGATHEAE COELESTIS, or CELESTIAL DAISY.

The flowers are a delicate sky blue with a yellow disc. It is certainly a charming plant. Dwarf growing, not over a foot to eighteen inches in height, and the bushes fairly swarm with its lovely blue blossoms. The cut flower stores in the cities use them by the hundreds of thousands. Blooms from November to June. Very desirable. Price, 10c each; three for 25c.

ALLAMANDA WILLIAMSII.

In this we find a shade of yellow found in no other tender plant. Flowers brightest, purest yellow, from 2½ to 4 inches in diameter. May be had in bloom both Summer and Winter. Plants dwarf and shapely. Price, 15c each.

GIANT PERSIAN CYCLAMEN—PERSIAN VIOLET.

(New improved). There is no more ornamental plant for greenhouse or parlor culture than Cyclamen. It grows readily, blossoms freely, and remains a long time in flower. The soil should be equal parts of turfy loam, leaf mould and sand. The whole secret of growing Cyclamen to perfection is light, air and low temperature. We offer fine large plants in three colors—purple, red and white. Price, 10c each; three for 25c.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER

CALCEOLARIA.

Great improvements in these gorgeous plants for greenhouse and window decoration; the immense pocket-shaped flowers are borne in the greatest profusion through Spring and Summer.

Creole Queen—Produces in the Spring a mass of beautiful, pocket-like, crimson flowers. Price, 8c each.

Shower of Gold—Identical with above, except that flowers are pure yellow. Price, 15c.

Cuphea Platycentra.

Cigar Plant. This is a well-known ever-blooming plant of neat habit, growing 12 inches in height. The tube of the flower is scarlet, with the end partly white and crimson. These plants thrive beautifully in hanging baskets, vases, etc. They are also valuable as pot plants in the window. Price, 8c each.

CLERODENDRON BALFOURI.

We can safely recommend this great Clerodendron as one of the most satisfactory plants for window culture now known. It is a vigorous, rapid, healthy grower, and produces an abundance of blooms, which are bright crimson surrounded by pearly-white petals producing a striking contrast against the dark-green foliage. It can be used for a fine specimen pot plant, and can be grown to fine form by cutting off the ends of the growing shoots. A partially shaded position is conducive to rapid growth. Price, 10c each.

CESTRUM, or Night-blooming Jasmīnes.

These beautiful shrubs are cultivated for the delicate fragrance of their elegant flowers, which are borne in clusters. Of easy cultivation.

Laurifolium—A handsome plant, with large, glossy foliage and pure white flowers. Price, 8c each.

Aurianticum—A Winter-flowering variety of night-blooming Jasmine, with pure orange-colored flowers. Price, 10c each.

Parqui—An excellent garden plant, growing rapidly. Foliage long and of a deep green color. Produces its richly fragrant flowers at every joint. Sweet only at night. It is also well adapted to house and window culture. Price, 15c each.

COCOLOBA PLATYCLADA.

A plant of very singular and interesting growth, stem and branches growing in flat, broad joints. Well suited for vases and rustic work. Price, 8c each.

BROWALIA.

BROWALIA—NEW GIANT.

Few people acquainted with the old form of Browalia would recognize this new variety. Its flowers are deep indigo blue, fully 2 inches in diameter, blooming continually and completely enveloping the plant. Either for beds or pot plants. 10c.

CORONILLA GLAUCA.

A pretty flowering, beautiful plant. The flowers are pea-shaped, bright yellow and fragrant. Blooms freely during Winter and occasionally through the Summer. Of easy culture and one that will give satisfaction. Price, 10c each.

AGERATUMS.

Very free-blooming plants, suitable for either Summer or Winter bloom, and bearing their flowers in great profusion. They are of the easiest possible cultivation, requiring but ordinary care. Very useful for bedding or borders, flowering continually during the Summer.

The Grand New Ageratum, "Stella Gurney"—A short, compact grower, well branched and extremely free-blooming. The individual tufts are very large and dense, and the color is the most intense blue of as an agreeable shade as we have ever seen in Ageratums. Price, 5c each.

New Ageratum, Princess Pauline—A novel variety, dwarf, compact habit. Its peculiarity consists of both blue and white being combined in the same flower, the body of the flower being white, while the stamens, forming an outer ring, are sky-blue, giving the flower a pretty variegated appearance. Price, 5c each.

UMBRELLA PLANT.

UMBRELLA PLANT.

(Cyperus Alternifolius.)

An ornamental grass, throwing up stems about two feet high, surmounted at the top with a whorl of leaves, diverging horizontally, giving it a very curious appearance. It is splendid for the center of vases or as a water plant. Price, 10c each; 3 for 25c.

GIANT FLOWERED HELIOTROPE.

HELIOTROPES.

These are universal favorites on account of their delightful fragrance. Flowers equally well as bedding plants in Summer, or as pot plants in the house during the Winter. Price, 8c each, except where noted.

FLORENCE NIGHTINGALE—Splendid market kind; always healthy; flowers bright lavender; good truss.

MADAME DE BLONAY—Fine, large, strong foliage, producing very large trusses of pure white flowers.

MRS. DAVID WOOD—It is a very nice, distinct Heliotrope, with large trusses of violet flowers of light center.

ALBERT DELEAUX—Foliage is a bright golden-yellow, marked slightly with a delicate green.

MADAME BRUANT—Immense panicles of very large flowers, a rich purple with large white eyes.

NEW GIANT FLOWERED HELIOTROPE—Efforts to improve the Heliotrope have been persistently made by experts all over the world for a number of years, and at last these efforts have been successful; realization has surpassed the most ardent expectation. The size of the foliage and its quality are doubled; the habit of the plant is made compact and bushy instead of being scraggy and sprawling; the size of the flowers is magnified beyond belief, specimen heads measuring 10 to 15 inches across. (See illustration.) Price, 10c each.

DARK BOUQUET—The large flower heads are intensely dark, of the deepest blue in color, and most deliciously fragrant. The plants will flower freely during the Summer, and then can be removed to the house for Winter blooming.

HYDRANGEAS.

New Hydrangea, OTAKSA MONSTROSA.

A grand novelty. Color of bloom intense rose, shaded white; borne in much larger clusters than in Otaksa, quite small plants bearing blooms of enormous size, and which are very lasting in quality. The variety is free in growth and very free in the production of bloom; one of the finest novelties of the year. Price, 15c each.

Red-Branched Hydrangea, RAMUS PICTUS.

We consider this variety the most elegant Hydrangea for pot culture or for tubs grown. It is much handsomer than Otaksa, the foliage being darker green, with black stems, making it very distinct. Flowers rosy carmine, changing to blue, the dark green foliage and purple-black stems being in contrast with rosy-carmine flowers. Price, 20c each.

Pure White Hydrangea, THOMAS HOGG.

A pure white variety, with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a length and width of six feet. Perfectly hardy, and is one of the finest plants for cemeteries. Price, 10c each.

HYDRANGEA, OTAKSA MONSTROSA.

Hydrangea, HORTENSIS.

A well-known and favorite old plant, producing large heads of pink flowers in great profusion. It thrives best in a shaded situation, with a plentiful supply of water. Price, 10c.

HOYA CARNOSA.

WAX FLOWER.

(Hoya Carnosa.)

This is a strong climber which requires a light, rich soil. Has curious, wax-like flowers, from which drops a sweet honey-like juice. It makes an excellent plant for a warm sitting-room, as it grows freely without direct light. Price, 20 cents each.

FEVERFEW.

(Little Gem.)

This sort is valued very highly, surpassing the old sort in every way. It is very dwarf, attaining a height of twelve inches. The flowers are large, of perfect form, and of the purest white. Splendid for cutting. Price, 8c each; three for 20c.

HIBISCUS, PEACHBLOW.

HIBISCUS.

Large growing tropical shrubs with very glossy foliage. The plants, under the hottest sun, produce enormous flowers in great numbers and make noble specimens. They can be grown in tubs and kept for years. The blooms average five or six inches in diameter, and are gorgeously colored. The plants can be wintered over in a warm, dry cellar. Price, 8c each, except where noted. Any eight for 50c.

DOUBLE FLOWERING.

PEACHBLOW.

This is one of the finest plant novelties offered in recent years. It is a "sport" from the double red Hibiscus Rosa-Sinensis; the flowers are double and from four to five inches in diameter; of a charming, rich, clear pink color, with a small deep crimson center; an entirely new and most beautiful shade; it blooms abundantly and continuously even on small plants during the entire Summer and Fall months; may be easily wintered in greenhouse or dwelling. It will give entire satisfaction to all who grow it, either in pots, or planted out in the garden. Price, 10c each.

AURIANTICA.

Large, double orange-colored flowers. Very novel and attractive.

COLLERII.

A remarkably new, distinct variety, introduced from the South Sea Islands. Flowers buff-yellow, with a crimson-scarlet base, and peculiarly handsome.

MINIATUS SEMI-PLENUS.

Semi-double flowers of a bright vermillion-scarlet; petals waved and recurved; the flowers noticeable for the absence of formality, but are very handsome.

RUBRA.

A magnificent double variety, large red flowers.

ZEBRINUS.

Double, outer petals scarlet, edged with yellow; inner petals very irregular, curiously variegated with creamy yellow-scarlet.

Single Flowering Hibiscus

Price, 8c each, except where noted. Any 8 for 50c.

COOPERII TRI-COLOR.

Foliage beautifully variegated with dark green, pink and white, flowers crimson. This beautiful tri-color plant is one of rare magnificence, and is unequaled by any other plant in brilliancy of foliage.

CARMINATUS PERFECTUS.

Full, round flower of perfect shape, and of a rich, soft carmine-rose, with a deep crimson eye. A beautiful free-blooming variety.

DENISONII.

The most distinct of all Hibiscus. On account of the difficulty in propagating, it will always be scarce. Color a delicate carmine, and changes to pure white. Price, 15c each.

DECORUS.

Foliage very large and lobed; flowers enormous, on long stems, of a beautiful rosy-carmin color; the stamens and pistils are very showy; the stigma is large, circular and golden-yellow.

GEN. DE COURTIGIS.

A very grand, large-sized flower; single light scarlet; very showy.

GRANDIFLORUS.

Rich, glossy foliage; blooming profusely through the Summer, literally covering the plants with scarlet-crimson single flowers.

MAGNIFICUS.

Very large flowers, and of perfect form; color, deep magenta, ends of petals touched with brown; foliage finely touched.

ROSA SINENSIS.

Flowers red and very large, averaging nearly five inches in diameter.

VERSICOLOR.

A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff rose and white.

THE CHARMING EVER-BLOOMING IMPATIENS.

This is the most distinct and beautiful of all flowering plants of recent introduction, either as a Winter-blooming pot plant or for the border in the Summer. It is of compact, neat habit of growth, with good constitution and a perpetual bloomer. Indeed, it is never without bloom. It will produce more flowers than any plant we have in our vast collection. The flowers are of a brilliant, rosy-scarlet color, of a peculiarly distinct, but most effective hue, and are produced singly or in twos and threes from the axils of the leaves, especially toward the summit of the stems, but so freely that a well-grown specimen appears to be quite a ball of fire. We recommend this highly. Price, 10c each; three for 25c.

IMPATIENS—THE QUEEN

We are among the first to offer this beautiful and rare novelty in Impatiens, which is given to the public this year for the first time. In form and foliage it is like Sultani, but color of flower is a handsome shade of salmon, tinged with pink. Price, 15c each.

OLEANDERS.

These old-fashioned shrubs are becoming immensely popular again. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the cellar.. The three colors for 40c.

Oleander Rosea—Has double pink flowers. The old favorite. Very sweet. Price, 15c.

Lillian Henderson—Has double white flowers of the largest size. Fragrant like the old double pink. 15c.

Lutea—Has double primrose-yellow flowers of a lovely shade; also fragrant. Price, 20c.

THE SET OF THREE FOR 40 CENTS.

JUSTICIA.

Justicia Carnea—Justicia Carnea, or Brazilian Plume plant, is a strong, rapid grower and throws up long stems on which are produced fine, plume-like pink flowers, the ends of each petal drooping in a most charming manner. Either for house or outdoor culture. Price, 10c each.

Justicia Sanguinea—Light red flowers. Price, 10c each.

Justicia Hydrangoides—Large flowers, lilac and white. Price, 8c each.

THE THREE JUSTICIAS FOR 25 CENTS.

BOUQUET OF LANTANAS.

LANTANAS,

Or Shrubby Verbenas, the Finest Plants That Grow. Price, 8c each; set of 6 for 40c.

Alba Perfecta—Pure white; very fine.

Harkett's Perfection—A new variety, with beautiful fresh and yellow flowers and golden variegated foliage.

La Pleur d'Or—Small, pure yellow flowers, very dwarf and bushy; very abundant bloomer. This will please you.

Michael Schmidt—Flowers fresh and sparkling. of a brilliant yellow, passing into purple vermillion.

Monfeck—Light lilac; with a pinkish center; a true bi-color; superb.

New Weeping Lantana—Fine for baskets, vases, pots or window boxes. Produces a great abundance of delicate, drooping leafy vines, covered nearly all the time with clusters of lovely lilac flowers with white eyes.

IVY CANARIENSIS—ENGLISH IVY.

An excellent variety for cultivation in the house, being a free grower, and very beautiful, broad, glossy green leaves. Price, 10c and 20c.

ENGLISH IVY.

GERMAN, or PARLOR IVY.

A rapid-growing and succulent plant, well adapted for covering trellis work quickly or training in the parlor. Leaves glossy green and flowers yellow, in clusters. Price, 8c each.

LOPESIA ROSEA.

Small, spider-like flowers, of a beautiful rose color. One of the most persistent Winter-blooming plants that we have. Of the easiest culture. Price, 5c each.

MADERIA VINE.

The most liked of all climbers. The leaves are light green above and rosy-chocolate underneath; flowers white and deliciously fragrant. Grows well in garden or pot, hanging baskets or vases. Makes fine shade for verandas. Give tubers same care as Dahlias. Price, 5c each.

MANETTIA VINE.

Bi-color. A rapid and beautiful climber. The flowers are from one inch to one and one-half inches in length, of a most intense bright scarlet, shading into flame, tipped with the deepest golden yellow, and covered with scarlet moss. Price, 10c each.

A Winter-blooming plant of great beauty, producing in the greatest profusion very large and showy blossoms of bright yellow color. The plant is a complete mass of bloom for a long time during Winter, and is one of the most beautiful Winter bloomers it is possible to have. The flowers are about the size of a Morning Glory, and no matter how small the plant is, it will bloom profusely. Price, 8c each.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

**IPOMOEA GRANDIFLORA.**

Ipomoea Grandiflora—(The True Moonflower.) This plant has become very popular and is certainly a wonderful annual climber. It grows rapidly and blooms profusely. A very rapid Summer climber, blooming the first season. No insects attack the leaf. The flowers are immense, pure white, sweet scented, five inches in diameter, borne very profusely, and, as they open at night, are very striking. Being a free bloomer, the effect on a moonlight night is very charming. Try it. Price, 10c each; 3 for 25c.

The Blue Moonflower, Ipomoea Learii—From Ceylon. Handsome, quick-growing perennial climber. Often flowers in bunches of a half-dozen; the individual flowers are trumpet-shaped, about four inches across, of a rich violet-blue, with five purple rays. Grows about twenty-five feet in one season, and is a most attractive climber. Price, 10c each; 3 for 25c.

NEW GOLDEN-FLOWERED EVER-BLOOMING OXALIS ORTGIESI.

It is a shrubby plant, like a Geranium or Fuchsia, without buds, in which respect it differs from other Oxalis. It grows 12 to 18 inches in height, branching freely and loaded at all times with clusters of bright, golden, star-shaped flowers, which do not close at night, like other Oxalis. The leaves are three-lobed, dark olive-green above and a beautiful shining, metallic crimson-purple underneath, wine-colored stems. Price, 10c each; 3 for 25c.

**PHRYNIUM VARIEGATUM.**

A beautiful variegated foliage plant; does equally as well when grown as a pot plant for the decoration of the house or used as a bedding plant in the open ground. The leaves are bright pale green, beautifully variegated with white and gold. The variegations are extremely diversified; no two leaves can be found with exactly the same markings. It succeeds well in partial shade, but the markings of the foliage are more perfect when exposed to the full sunlight. 15c; 2 for 25c.

PILEA SERPAEFOLIA.

(Artillery Plant.) Graceful, frond-like leaves. When in flower produces a snapping sound when water is thrown on the leaves. Price, 5c each.

**PITTOSPORUM TOBIRA.**

PITTOSPORUM TOBIRA.

An evergreen Winter-blooming shrub, of easy culture, producing small, white flowers of exquisite fragrance, not unlike the orange. Suitable for house culture. Nice plants from 3-inch pots. Price, 20c each.

Double Fringed Petunias.

The double Petunia is one of the finest bedding plants for massing, mixed borders or for vases. The brilliancy and variety of its colors, combined with the duration of its blooming period, render it invaluable for garden decoration. Our collection is unsurpassed for brilliancy of color and size of bloom. It includes all the brightest shades of pink, purple, rose, white, etc. Name the color you want. Price, 10 cents each; three for 25 cents.

The Baby Primrose.

It is a wonderfully free-blooming plant, commencing to flower as soon as born. It forms a dense rosette of somewhat fleshy leaves from which spring the flowering stems, 12, 15 and even 20 inches tall, supporting three tiers or whorls of dainty flowers of a delicate rosy-lilac, with eye of pale gold. The flowers are not more than half an inch in diameter, but they are produced in such great abundance

BABY PRIMROSE.

ance that a few plants present a dense mass of bloom, which continues without interruption and with increasing vigor from September until June. The plant then is benefited by a rest; and having now formed a dense clump, it is desirable that it be divided and the stock increased thereby, each plant making 10 to 12 divisions. As a pot plant it cannot be surpassed. Price, 8c each; 4 for 25c.

CHINESE PRIMROSES.

Few plants give better satisfaction than the Primrose, especially for Winter blooming, for which it is particularly adapted. It should be kept in a cool place; a north room is best. There is no plant that will produce more flowers during Winter than the Primrose. Our Primroses are large flowered and beautifully fringed. Price, 8c each; the set of 8 varieties, 50c.

Alba Magnifica—This new white Primula is of magnificent form and substance, and a great improvement on the old varieties. The flowers measure $2\frac{1}{4}$ inches in diameter, are a pure white, with a large, bright yellow eye, each petal being deeply and beautifully fringed.

Azure Blue—The color is a beautiful rich blue, and the flowers of elegant form and substance.

Coccinea—Bright red, large flowers, beautifully fringed.

Chinese Blotch—Blotched and beautifully striped with white and red, hence its name "Blotch." Very fine.

Kirmesina Splendens—Bright carmine pink, with distinct yellow eye.

Rubra—Purplish red, white eye; fine, strong grower.

Ruby King—Elegantly fringed, and of a rich, purplish red color, with a small yellow eye.

Snow Queen—A pure white variety, the flowers so overlapping that it well-nigh resembles a gigantic double.

DOUBLE FRINGED PETUNIA.

SINGLE CHINESE PRIMROSE.

MEXICAN PRIMROSE.

THE BEAUTIFUL MEXICAN PRIMROSE.

A charming basket or pot plant just brought to notice by extensive advertising. It is certainly a very worthy plant, and indispensable to every collection. Flowers of a beautiful bright clear pink color, veined with scarlet, and with a bright center. The superb color, combined with airy grace and beautiful form, goes to make a flower which is in beauty perfection itself. The plant seldom grows over ten inches in height, but inclines to a trailing habit, spreading its branches out over the ground or drooping over the sides of the pot. We offer nice plants at 8c each; 4 for 25c.

PRIMULA OBCONICA.

Always in Bloom.

This is a charming new plant for Winter. In fact, we know of none that is better adapted to home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its elegant panicles and sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. Price, 15c each; two for 25c.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

GIANT FLOWERING PANSIES.

IT IS impossible to do justice to these lovely flowers in a printed description. Cold type cannot convey an idea of the indescribable richness, the varied and exquisite coloring, the large size, perfect form and great substance of the blossoms. Plants are compact and bushy, and produce great quantities of flowers borne well above the foliage on strong stems. Owing to their vigor, this strain withstands the hot and dry weather better than any other variety, and produces its great beautiful blossoms in profusion all Summer. The plants we offer are from seed of selected flowers of the Giant Trimardeau, Bugnot and Cassier strains in the following named colors: Brilliant fine red, margined, striped, golden, purple, black, white, violet and gold.

Price, 3c each.
30c per dozen.

PARIS DAISIES, or MARGUERITES.

We would advise our customers to plant these Daisies largely. A half dozen or a dozen plants will be a constant source of delight.

New Paris Daisy, Mme. Gailbert—(Marguerite.) This is one of the finest new plants that has ever been introduced. Nothing can be imagined that is finer. All know well the old varieties of Paris Daisies—how beautiful and much sought after for decorations of all kinds. The new variety blooms constantly, and will produce ten blooms to the old variety's one. Nothing is so airy and graceful as these blossoms of large, white petals, showing a yellow disc. Price, 10c each; three for 25c.

Etoile D'Or—(Marguerite.) The yellow Hardy Paris Daisy, similar to the Mme. Gailbert, but a rich golden color. The two varieties go handsomely together. Price, 10c each; three for 25c.

GOLDFUSSIA ANISOPHYLLA

Dark green leaves and spikes of funnel-shaped flowers, of a pale lilac color, blooming most of the Winter. Grows luxuriantly and makes a charming pot plant. Price, 5c each.

GLECHOMA HEDERACEA

(Variegated Ground Ivy.) The foliage of this charming novelty is bright green, marked with pure white, and has a refreshing fragrance, similar to mint. Price, 8c each.

PASSIFLORA

Passion Flower.

Climbing Plants for Greenhouses and Windows.

Pfordi—A beautiful sort; blue flowers. Price, 10c each.

New Hardy Passion Flower, Constance Elliott—This beautiful variety has flowers very large and pure ivory-white. Excellent for cemetery purposes. Price, strong plants, 10c each.

SAXAFRAGA SARMENTOSA

Or Beefsteak Plant.

A handsome plant of low habit, leaves nearly round and striped freely with silvery bands. Blooms white, of great beauty, and borne in spikes nearly twelve inches high. Adapted for hanging baskets, vases, etc. This is also known as Strawberry Geranium. Price, 8c each.

PASSIFLORA.

PARIS DAISY, MME. GAILBERT.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

Four
Beautiful

PLUMBAGOS.

Light Blue, Cream White,
Red and Dark Blue.

The Plumbagos are always satisfactory plants, either for pot culture or for the garden. They are constant bloomers, and their delicate and graceful flowers are very useful for cutting.

CAPENSIS—A well-known favorite, and always valuable because it produces large trusses of beautiful light-blue flowers. Price, 10c each. (See illustration.)

CAPENSIS ALBA—The counterpart of Plumbago Capensis, excepting in color, which is creamy white. A constant bloomer. A splendid new sort. Price, 10c each.

COCCINEA ROSEA SUPERBA—Flowers in large racemes from 12 to 15 inches in length; the color is bright satiny-carmine; a grand house plant, and worthy of extended culture. Price, 10c each.

SMILAX

For using as a green with cut flowers this vine has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. 5c each.

Scutellaria Pulchella

A neat house plant of easy culture. It makes a desirable Winter-blooming plant, at which time it produces dazzling red flowers, profusely terminal in spikes. Price, 8c each.

Streptosolen Jamesoni

The flowers are lobed, nearly one inch in diameter, opening bright orange and passing to a rich, deep, cinnabar-red. It commences to bloom early in March, continuing quite full all through June and July. Price, 5c each.

PLUMBAGO CAPENSIS.

RIVINA HUMILIS

A very pretty plant on account of the long racemes of bright scarlet berries with which it is loaded at all times of the year. It grows like a weed and begins to bloom and fruit when very small. It is exceedingly ornamental both Summer and Winter. Its beauty being so entirely unlike that of other plants it is always an odd and attractive object in any collection. Price, 8c each.

Solanum Jasminoides Grandiflorum

A beautiful plant of climbing habit, attaining a height of three to five feet, but can be grown in bush form. Its flowers are star-shaped and borne in clusters, large, pure white, with a violet tinge on back of petals and on the buds. In pots it is a continuous bloomer, both Summer and Winter. Price, 8c each.

RUSSELLIA JUNCEA

RUSSELLIA JUNCEA

A rare and not well-known plant, suitable either for garden or pot culture, and requiring the same treatment as a Geranium. In growth it produces numerous long, wiry stems which are virtually leafless. Upon these stems and branches the flowers are borne. They are about the size of a Manettia, long, trumpet-shaped and brilliant scarlet in color. These lovely blossoms are borne in wonderful profusion during most of the year. It is one of the easiest of all plants to grow, and is particularly valuable for baskets. See illustration. Price, 10c each.

MAMMOTH VERBENAS.

MAMMOTH VERBENAS.

The Verbena is one of the prettiest and most popular of all flowering plants suitable for forming beds on the lawn. Commences to flower and spread from the first day plants are set until late in Autumn, every day becoming better and more handsome. Colors range through all the different shades of scarlet, purple, crimson, pink, blue, white, etc. Price, 5c each; 50c per doz.

SALVIA SPLENDENS.

SALVIA—Flowering Sage.

The Salvia is of easy culture, attaining a height of two to three feet. The flowers are very attractive; are fine for bedding, the scarlet variety especially. Price, 8c each, except where noted; set of six for 40c.

Salvia, Mrs. Stevens—A new variety with brownish-red flowers.

Alba—A white variety of Splendens, identical in every respect, except in color, which is pure white.

Splendens Variegata—White and red flowers, very evenly striped.

Rutilans—(Apple-scented.) Beautiful spikes of magenta colored flowers, graceful foliage; scented.

Salvia Splendens—The standard sort for bedding; flower spikes of the most brilliant scarlet.

New Dwarf Scarlet Salvia, Le President—The grandest addition to our list of bedding plants. It forms a compact bush completely covered with rich, scarlet flowers. We have had plants that by actual measurement were only fifteen inches high and two feet across. As a border or vase plant it will be indispensable, and as it will bloom abundantly in pots, it will be of the greatest value as a market plant for florists. 10c each.

VINCA VARIEGATA.

VINCA VARIEGATA.

A beautiful variegated trailing plant, admirably adapted for hanging baskets and vases. The leaves are a glossy green, broadly margined a creamy white; flowers blue. Price, small plants suitable for hanging baskets, 5c each, 12 for 50c; larger plants 15c each; extra large, for vases, 25c each.

VINCA HARRISONI.

A variety of strong growth, margin of leaves rich, dark green, with the central portion light green, furnishing an abundance of star-shaped, light blue flowers. Price, small plants suitable for hanging baskets, 5c each, 12 for 50c; larger plants 15c each; extra large, for vases, 25c each.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

VIOLETS

Of all the delightful perfumes, that of the Sweet Violets is the most delicate and pleasing. If grown in the house for Winter flowers, they should be kept at a low temperature, as they will not bloom freely where it is too warm. If left in the open ground during Winter protect with a covering of leaves.

Princess of Wales.

New French Violet. It is of hardy, vigorous growth and wonderfully free blooming. Large, heavy foliage. The grand single flowers are true blue, of a round, symmetrical form, almost as large as Pansies, and delicately fragrant; as large as California. Price, 10c each.

Southern Beauty.

This Violet is from the garden of one of our Georgia customers, who found it growing in a secluded spot. Its exquisite beauty and freedom of bloom at once attracted her attention and she proceeded to care for the plant and to propagate it. From her we have obtained the entire stock. No one else has it, and it is offered here for the first time. The flower is in shape almost identical with Princess of Wales, while the color is a creamy white. The lower petals toward the center are a soft, purplish-blue, while the upper petals are of a deep maroon. Plant is a vigorous grower, and the flowers, which are produced in greatest abundance, are exceedingly fragrant. Price, 15c each; two for 25c.

VIOLET—PRINCESS OF WALES.

California.

The largest of all Violets. This is the largest and most productive Violet in cultivation. For richness and purity of color and fragrance of flower, it is immeasurably superior to all other single blue varieties. It is a single flower, and while almost as large as a silver dollar, it has that sweet simplicity peculiar to the Violet. The color is pure rich Violet-blue, that does not fade. Extremely free-flowering, a single plant producing hundreds of flowers throughout the season. Price, 10c each.

Marie Louise.

(Baby Blue.)

To contrast with white, we offer this double, deep bluish-purple, sweet-scented variety. Desirable for pots or gardens. Plants hardy and bloom freely. This variety is planted more largely by florists than any other. Price, 10c each.

Lady Hume Campbell.

A nice forcing variety, under good conditions the equal of Marie Louise in color and size of bloom. Its excellent merit is its strong, healthy constitution. Growers have found this variety apparently entirely free from the diseases which destroy other varieties. Price, 10c each.

HARDY ENGLISH VIOLET

COPYRIGHT 1894 BY
PETER HENDERSON & CO

VIOLET SWANLEY WHITE.

**HARDY
DOUBLE
ENGLISH
VIOLET**

This Violet is entirely hardy, perfectly double, a deep violet purple color and most deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker and far exceeds it in its delightful odor; this is one of its greatest merits. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. Price, 15c each; two for 25c.

SWANLEY WHITE.

This violet is no doubt the best white variety known; equally desirable for house or garden culture; vigorous and healthy, bearing in great profusion large, pure snow-white, perfectly double flowers, exquisitely fragrant. Price, 10c each.

SUMMER FLOWERING BULBS.

GLADIOLUS, or SWORD LILY.

The Gladiolus is the most attractive of all summer flowering Bulbs, and deserves a place in every garden, as it is sure to flower and do well with very little care. It has no insect enemies or diseases. The flowers are of almost every desirable color. By cutting the spikes when two or three of the lower flowers are open, and placing them in water, the entire spike will open in the most beautiful manner. Set the bulbs from six to nine inches apart and about four inches deep. Plant from middle of April to first of June. It is a good way to plant at two or three different times, ten days to two weeks apart. This will give a succession of blooms from July to November.

SEVEN EXCELLENT NAMED GLADIOLI.

Price, 6c each; set of 7 for 35c.

BRENCHLEYENSIS—Fiery scarlet. Very early and one of the most popular kinds.

CERES—Pure white, streaked and spotted lilac.

ISAAC BUCHANAN—Fine yellow; one of the best.

JOHN BULL—Ivory white, tinged with yellow and lilac.

MARIE LEMOINE—Long spikes of well-expanded flowers; upper divisions of a pale creamy color, flushed salmon lilac, the lower divisions spotted purplish violet, bordered deep yellow. Hardy.

MAY—Makes a large spike of well-expanded flowers much like that famous old variety, Eugene Scribe. White, edge of petals delicately touched with pink, the two lower petals penciled with a peculiar light brown.

NAPOLEON III—Bright scarlet; center of petals white striped.

GLADIOLI UNDER COLOR.

Price, 4c each; 12 for 40c.

PINK—This class comprises a wide range of color, from bright orange and very deep rose through various shades of pink to light rosy-blush; large, well formed flowers.

SHADES OF RED MIXED—This mixture embraces various shades of red; makes a very bright effect in bedding.

WHITE AND LIGHT—Containing the very lightest colors in Gladioli, some of them very nearly pure white.

YELLOW—Various shades of yellow and golden; among the most beautiful of all Gladioli.

VARIEGATED—Most brilliant color and marking; very handsome and striking.

OUR "SUPERB" MIXTURE OF SELECT GLADIOLI.

This mixture includes all colors found in Gladioli. We recommend a free and liberal planting of these; they are so good and so cheap that we know the bulbs will give a magnificent return, while the spikes of bloom are always in demand as cut flowers. Price, 2 for 5c; 12 for 25c.

All the above will be delivered postpaid on receipt of price. They will be found very useful for bedding and also for cut flowers in abundance.

AMARYLLIS A beautiful class of free flowering bulbs, bearing large clusters of Lily-like flowers of large size and rich coloring. Bulbs should be potted in rich, sandy loam, with good drainage. They require abundant moisture when growing.

AMARYLLIS FORMOSISSIMA—There is hardly a flower which has such a deep, rich, velvety-erimson color so intensely brilliant as this. A free bloomer and succeeds well either in pots or in the open ground. Generally blooms within a month after planting. Price, 10c each.

AMARYLLIS TREATEA, THE BEAUTIFUL FAIRY LILY—Stems about a foot high. Flowers very large, pure white; sweet-scented. Bulbs do not grow very large. It is perfectly hardy south of Baltimore; can be left in the open ground over Winter. In the Northern States the bulbs should be lifted in October and stored in the cellar over Winter, like Gladioli, or they can be planted in pots. Beautiful plants either for Summer or Winter. Price, 5c each; 6 for 25c.

Oxalis

Beautiful for edging mass of foliage and

walks in the garden. Plant them three inches apart, and they will make a solid flowers. They are easily grown thus or in pots.

LASIANDBRIA—Beautifully cut foliage and rosy-pink flowers.

DIEPPA—Beautiful clover-like foliage; pure snow-white flowers.

ROSEA—Old rose or salmon.

PURPUREA—Purple.

Any of these kinds, 10c per dozen; 3 dozen for 25c.

AMARYLLIS FORMOSISSIMA.

BORDER OF OXALIS.

Zephyranthes, or Atamasco Lilies.

The Zephyranthes, or Zephyr flowers, are becoming very popular. The growth is low and neat, flowers abundant and pretty. Increase rapidly and make neat borders to other bulb beds, and can also be grown in pots if wished for Winter blooming. South of the Ohio are hardy and need not be lifted in the Fall. Zephyranthes are gems of great beauty, the large Lily-like blossoms being always attractive and exquisitely beautiful.

Rosea—Large, Lily-like flowers of a lovely rose-pink; free bloomer; exceedingly beautiful. Price, 15c each; two for 25c.

Sulphurea—This rare variety grows taller than the others, and has large beautiful flowers of a clear, brilliant, sulphur-yellow. It is very fine, indeed. Price, 15c each; two for 25c.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

TUBEROSES.

TUBEROSES will not bear much cold. Do not plant in the Spring till the ground is warm. They may be started in a warm place, but care should be taken that they get no check in setting out. Plant three or four inches deep in rich ground. If danger of frost before flowers are done in the Fall, lift carefully without disturbing the roots, and plant in pots and boxes and remove to a warm, light place.

Dwarf Excelsior Pearl—A splendid variety; greatly superior to the common Pearl; grows about 18 inches high, blooms very early, matures perfectly; flowers pure white, large size, very double and intensely sweet.

Large, well ripened bulbs, all sure to bloom. Price, 3c each 4 for 10c; extra large bulbs, 6c each; 5 for 25c.

Hyacinthus Candicans

A very stately bulbous plant with large, Yucca-like leaves, growing as high as four feet. The flowers are pure white, pendant on long, whip-like stalks, strong bulbs giving two or more spikes; the number of flowers vary from twenty to sixty on each. The appearance is more like Giant Snowdrops than Hyacinths, and as a plant for distant effect it vies with Yucca Filamentosa. Price, 8c each.

DWARF PEARL TUBEROSE.

GLOXINIA.

GLOXINIA

The coloring is exquisite; the ground of many is pure white, with throats of blue, scarlet, rose, crimson, or velvety-purple; or the tubes are of bright color, with white throat. The bulbs should be started in a warm place, and kept growing in a partial shaded place, protected from hard rains. They will bloom until late in Summer, when they should be dried off, letting the leaves die, and can be kept over Winter in a cellar free from frost. Dry bulbs, price, 10c each; three for 25c.

DAHLIAS

WE MAY SAFELY say that perfection has been attained with this splendid flower. The Dahlia succeeds best in a strong loamy soil, and if the soil around the plant is mulched with coarse manure it will assist them very much during the heat of the Summer. Plants should be set about four feet apart. Price, 15c each; any 4 for 50c.

A. D. LIVONI—Clear, soft pink, medium to large size; form perfect, being round and full, with beautiful quilled petals.

ALICE MOUREY—Fine pink.

CATHERINE—The best pure yellow, of fine form, full to the center, and borne on long stems; profuse.

EMILY—Blush, suffused with rose; large.

JOHN ELITCH—It is a broad-leaved Cactus type, with very long stems. Color, a dazzling red, with no shade or variation; very large and double to the very center.

KING OF YELLOW—The best golden-yellow Dahlia in cultivation. The flowers are very large, very full and double.

LEILA—Flesh, mottled crimson...

LINDHURST—Fiery red, petals very long and twisted.

MAID OF KENT—Crimson, shaded to cherry red tipped white; very inconstant in color—many shades on the same bush.

DAHLIA.

MRS. G. REED—Flowers pure white, conspicuously edged with rosy lake. The petals are deeply cleft, giving it a peculiar fringed appearance.

MISS MAY LOMAS—Large shell-like petals; pure white, suffused rosy lavender.

ORANGE KING—Well formed, large orange-scarlet flowers.

PURITY—A pure white flower of the largest size, perfect in form and finish; a free bloomer on fine long stems.

PSYCHE—Pale primrose, shaded rose; one of the most profuse bloomers.

PEARL—Pearly-white; petals long and symmetrical; flowers very large.

SNOWCLAD—Dwarf growing, pure white. Pronounced the best white Pompon.

WM. AGNEW—Extra large bright scarlet, flowers opened out flat with broad petals.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

HARDY LILIES

AURATUM.

LILY LONGIFLORUM.

LONGIFLORUM.

(Bermuda grown). Widely used for forcing for Easter holidays. Its flowers have more substance and last longer in bloom than the Bermuda Lily. Quite hardy and beautiful in the open ground, blooming in June and July. Flowers snow-white, and trumpet-shaped. Very fragrant. Price, 15c each; 3 for 40c.

SPECIOSUM MONSTROSUM ALBUM—Among the showiest of all Lilies, and perhaps the most robust and the most radiantly beautiful. Very fragrant and hardy, with broad, flat stems and immense heads of flowers, often fifty flowers in a cluster. No garden complete without some. Price, 20c each; 3 for 50c.

LILY SPECIOSUM RUBRUM

One of the most popular and satisfactory of all Lilies; is considered by many as the finest of all Lilies. Flowers are bright crimson and white spotted. Splendid large flowers borne in clusters, stem two to three feet.

Price, 20c each; 3 for 50c.

TIGER LILY.

TIGRIUM, Fl. Pl.—Double Tiger Lily.—This magnificent Lily is borne in immense clusters on tall stems; the flowers are very large; frequently six inches across, and very double; color, deep fiery red, spotted with black; any illustration gives but a faint idea of the showiness of this superb Lily. Price, 10c each; 6 for 50c.

LILY SPECIOSUM

LILY SPECIOSUM

Lilium Auratum

The Golden-Rayed Lily.

This grand Summer-flowering sort is now considered the Queen of the Lilies. It produces its handsome richly-colored flowers in large clusters, as shown in the engraving, and blooms profusely from June to October. When expanded, flowers measure from 8 to 10 inches in diameter; are composed of 6 pure white petals, each of which is distinctly striped the whole length with a clear yellow golden band and thickly studded with crimson spots. Gracefully formed, deliciously fragrant. Large, sound bulbs imported direct from Japan.

Price, 20c each; 3 for 50c.

HARDY PERENNIAL PLANTS.

LILY OF THE VALLEY.

You should choose a partially shaded place in the garden and plant the roots about 6 inches apart and 2 inches deep. For Winter blooming, pot in December and place outside in a shady place; allow them to freeze once or twice, then bring into the house, where they can be forced into exquisite bloom, in a short time. Extra select large flowering bulbs, German grown, strictly first-class stock, 3c each; 30c per dozen.

NEW ACHILLEA, The Pearl

A hardy perennial, the top dying down to the ground every Winter. A plant will produce hundreds and even thousands of flowers the first Summer, but when established the second year frequently have more than 500 flowers on at the same time. It commences to bloom early in July, is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months.

Its flowers are pure white, perfectly double and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers. 10c each; 3 for 25c.

NEW ACHILLEA, THE PEARL.

BLEEDING HEART.

DIELYTRA SPECTABILIS.

(Bleeding Heart.) These pretty Spring bloomers, with their graceful, drooping sprays of heart-shaped, pink and white flowers are very ornamental, and bloom freely early in the season. The plants, being hardy, increase in size and bloom from year to year, and should have a place in every garden. Price, 15c each; 4 for 50c.

TRITOMA UVARIA.

Flame Flower—Splendid half-hardy Summer and Autumn flowering plant, producing magnificent spikes of rich orange red flowers; may be left in ground during Winter with good protection, or can be taken up in the Fall and potted and kept from frost. Price, 15c each; 2 for 25c.

HELIANTHUS.

HELIANTHUS.

Multiflorus Plenus—A plant that should be in every garden, and one that will give entire satisfaction. The flowers are from 3 to 4 inches in diameter, as double as any Double Dahlia, and cover the plant from the ground to the top. Color a bright golden yellow. It should have a sunny position and rich soil. Price, 10c each.

YUCCA FILAMENTOSA.

Adam's Needle—A tropical looking plant; long, narrow leaves that remain green the entire year. It throws up a long flower stem in the Summer three or four feet high, bearing large spikes of creamy-white bell-shaped flowers that retain their beauty a long time. Price, 15c each; two for 25c.

The Latest Novelty in Hardy Plants.
Rudbeckia Laciniata, Fl. Pl.

GOLDEN GLOW

A hardy perennial plant, growing eight feet high, branching freely and bearing by the hundreds, on long, graceful stems exquisite double blossoms of the brightest golden color and as large as Cactus Dahlias. It grows vigorously; throws up strong, branching flower stems six feet high, laden with sheaves of golden blossoms, as large as fair Chrysanthemums, and all having an elegant, graceful appearance without any of the stiffness in habit of blossoms peculiar to sun flowers. It is the most effective flowering plant for August and September in cultivation. Price, strong plants, which will bloom freely this season, 10c each; 3 for 25c.

JAPAN IRIS

The magnificence of these new Iris surpasses description. The flowers are of enormous size, averaging eight to ten inches across, and of indescribable and charming hues and colors, varying like watered silk in the sunlight, the prevailing colors being white, crimson, rose, lilac, lavender, violet and blue; each flower usually representing several shades, while a golden-yellow blotch, surrounded by a halo of blue or violet, at the base of the petals, intensifies the wealth of coloring. The Japan Iris is perfectly hardy, and flowers in great profusion in July and August. Price, Japan Iris, in mixed colors, 8c each; 4 for 25c.

GERMAN IRIS

Blooms Earlier than Japan Iris.

This variety is the true "Fleur de Lis," the national flower of France. They are perfectly hardy, thrive anywhere; deliciously fragrant and fine for cutting. In beauty the flowers rival the finest Orchids, the colors ranging through richest yellows; intense purples, delicate blues, soft mauves, white and bronze of every imaginable shade. We offer five distinct colors. Price, 10c each; 5 for 40c.

GOLDEN GLOW.

HARDY PLUMBAGO.

Lady Larpent—This beautiful variety of Plumbago is unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of 12 to 15 inches in compact clumps, and from the middle of July until severe frosts are covered with rich, violet-blue colored flowers, borne in close terminal beads. The foliage is unique, finely serrated and fringing the stems. We heartily recommend this fine variety for edging walks, beds or borders, or single specimens set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. Price, 10c each; 6 for 50c; 15 for \$1.

SAGE.

Holt's Mammoth—Plants of strong growth. Leaves very large, borne well above the ground, are of unusual substance, strong flavor and superior quality. Price, 10c.

NEW HARDY HIBISCUS.

Crismon Eye—A remarkably showy and handsome hardy plant; robust grower with dark red stems and foliage; flowers are immense in size, often measuring twenty inches in circumference; color purest white, with a large spot of deep velvety-crimson in the center of each flower; a striking combination of color and one that must be seen to be fully appreciated; a well developed plant will produce several hundred of these flowers in a season; succeeds anywhere and is perfectly hardy. Price, 15c each, 4 for 50c.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

HARDY PERENNIAL PHLOX.

Price 10c each; any 3 for 25c.

AMORITE.

Medium height, bluish with crimson eye.

ETOILE d'ANJERS.

Very dwarf. Flowers edged white, shading to bluish with deep, pink star in center.

EPOPEE.

Dwarf; enormous crimson flowers; one of the finest.

ETNA.

Orange-red, very bright, with maroon star for center.

FIANCEE.

A magnificent white, with large pyramidal spike.

SNOWFLAKE.

Pure white; extra good; one of the taller sorts. A fine companion for Robinson.

WM. ROBINSON.

Three feet. If we could have but one Phlox it should be this variety. It is showy in the extreme, crimson, shading to salmon-scarlet; produces a mass of color; a very hardy, healthy variety; the finest color mass that can be produced in a shrubby or hardy garden.

RICHARD WALLACE.

White, with deep pink eye.

EULALIAS, OR PAMPAS GRASS.

These are beautiful hardy grasses, forming large clumps from 2 to 6 feet high; perfectly hardy in all sections of the country.

JAPONICA VARIEGATA.

A hardy perennial from Japan, with long, narrow leaves, striped with green and white. Price, 15c each; four for 50c.

JAPONICA ZEBRINA.

This is one of the most beautiful and distinct hardy plants in cultivation. The foliage is distinctly marked with broad yellow bands. It grows from 5 to 7 feet in height, forming a most striking and graceful plant. Plant entirely hardy. Whether used as a single plant or groups on lawns, it has no equal. Price, 15c each; four for 50c.

HARDY PINK, HER MAJESTY.

Hardy Scotch or Sweet May Pinks.

These are more dwarf than the Carnation, growing about one foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced and banded on white ground, flowers perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. Price, 8c each; four for 25c.

DOUBLE WHITE PINK—HER MAJESTY.

Unquestionably one of the finest of the century, and one that will hold its own as long as Pinks are cultivated.

GERTRUDE.

White; rich maroon and carmine markings.

JULIETTE.

Deep cherry-red, variegated with pink and pale silvery white. Very fine.

BRUNETTE.

Center very dark and velvety, almost black.

PÆONIES.

The "Pineys" of our mothers' garden. Hardy Herbaceous Paeonies are the showiest and most useful of hardy plants and are fast becoming popular with the public. They are all hardy and admirably adapted to the climate of the Northern States, growing well in almost any situation of soil, although the flowers will be finer and color brighter if planted in a deep, rich loam, well manured. We offer three distinct sorts. All large double flowering.

GELDOFROSE—Dark rose. VESUVIUS—Dark red. QUEEN VICTORIA—An extra fine white. Price, 30c each; the three for 75c.

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

HARDY ORNAMENTAL CLIMBING VINES.

CLEMATIS JACKMANI.

CLEMATIS HENRYI.

CLEMATIS PANICULATA.

Hardy Clematis—The Clematis we offer this season are exceptionally fine. Many failures in the growing of Clematis are the result of too shallow planting; the crown of the roots should be set at least three inches below the surface of the soil. They delight in a rich, cool soil in an open sunny position. For covering walls, trellises or verandas, old trees or ruins, or as specimens on the lawn or for massing in large beds on the lawn, they have scarcely an equal, certainly no superior.

Jackmani—The flowers, when fully expanded, are from four to six inches in diameter; intense violet purple with a rich velvety appearance, and distinctly veined. Flowers continuously from July until cut off by frosts. Large imported three-year-old roots, 60c each.

Henryi—Fine, large, creamy-white flowers. A strong grower and very hardy, one of the best of white varieties; a perpetual bloomer. Price, large imported three-year-old roots, 60c each.

Clematis Paniculata—The flowers are medium size, pure white, borne in immense sheets, and of a most delicious and penetrating fragrance. These flowers appear in September, when very few other vines are in bloom. Price, 20c each; larger plants, 40c.

Chinese Wistaria.

Flowers in clusters; pale blue; sometimes gives a second crop of flowers in the Fall. This is one of the most popular of our hardy vines, growing very rapidly, climbing to a height of 50 feet or more. It flowers in early Spring in long, drooping racemes, resembling in size and shape a bunch of grapes. Price, 30c each.

HONEYSUCKLE, CHINESE TWINING.

APIOS TUBEROSA.

A hardy, tuberous-rooted climber, closely resembling the common Wistaria in vine and foliage and having clusters of deep, purple flowers, which have a strong violet fragrance. Plant the bulbs near a trellis, fence, tree or any place where you may wish a climber. They grow to a great height and bloom profusely. The bulbs are perfectly hardy, and should not be taken up over Winter. Price, 10c each; three for 25c.

HONEYSUCKLE.

The dear old Honeysuckle is never out of place, at the rich man's mansion or the poor man's cottage. For a cheap, hardy, robust, yet lovely vine, it is the chief stand-by.

Aurea Reticulata—A variety with beautiful variegated foliage; the leaves are netted and veined with clear yellow; flowers yellow and fragrant. Price, 15c each.

Chinese Twining—Blossoms at intervals through the Summer and retains its foliage late in Winter; flowers nearly white; quite distinct. Price, 15c each.

Scarlet Trumpet—A strong, rapid grower; blossoms very freely the entire season; bright red trumpet-shaped flowers. Price, 15c each.

CINNAMON VINE.

CINNAMON VINE.

A hardy climber. The vine is a beautiful rapid grower, producing sweet-scented flowers. Price, 10c. each; 3 for 25c.

BOSTON IVY.

Ampelopsis Veitchii—Clings readily to any surface, not even excepting glass, where it will spread its fairy-like tracery of infinitesimal leaflets and the accompanying circular suckers by which it is attached. The older leaves attain a moderate size. The texture is leathery and smooth. The foliage is closely over-lapping, not a stem visible. It colors very bright in Autumn; a delicate green in Summer. 15c each; extra size, 30c.

Hardy Ornamental Flowering Shrubs

ALTHEA, or Rose of Sharon.

Flowers of large size, bell-shaped, double, full and of brilliant and striking colors; borne in great profusion in August and September. Make beautiful ornamental hedges; double rose and double white. Price, 20c each.

CALYCANTHUS.

The well known "sweet-scented" Shrub. It bears in May a profusion of double purple blossoms, which have a strong, delicious pineapple fragrance. Very popular. Price, 20c each.

DEUTZIAS.

GRACILIS—A charming shrub. Flowers pure white, bell-shaped, delicately fringed and borne in such profusion as to cover the branches. Price, 20c.

CRENATA—Four feet in height. Flowers double, of a pure white, beautifully tinged with rose. Price 20c.

CANDIDISSIMA—This elegant variety resembles *Deutzia Crenata*, except that the flowers are pure white in color. It excels all others in size of flower and bloom. Price, 20c each.

EXOCHORDIA GRANDIFLORA.

A vigorous-growing Shrub, forming a neat, compact bush 10 to 12 feet high; can be trimmed into any desired shape. The flowers are borne in slender racemes of 8 to 10 florets each, on light and wiry branches that bend beneath their load of bloom. It is perfectly hardy; flowers pure white. Very useful for cut flowers. Price, 20c each.

LILACS.

COMMON—(*Syringa Vulgaris*.) The common purple species and one of the best. Price, 20c each.

COMMON WHITE—(*S. Vulgaris Alba*.) Flowers pure white, very fragrant, beautiful. Price, 20c.

PHILADELPHUS, or Mock Orange.

CORONARIUS—A medium-sized shrub bearing an abundance of white, sweet-scented flowers last of May. Price, 20c each.

SPIREAS

Beautiful shrubs of the easiest culture. They are all hardy and showy flowers, usually in panicles, their prevailing colors being white, pink, crimson, etc. Price, 20c each.

BILLARDII—Strong-growing, pink flowered, late blooming.

VAN HOUTE—Strong grower, flowers pure white in clusters.

SNOW BALL (*Viburnum Opulus*).

A grand old shrub which we all remember in childhood, producing in June large, round balls of snow white bloom, which droop from the branches gracefully. Price, 20c each.

VIBURNUM PLICATUM (*Japan Snowball*).

A new variety of Snowball from Japan, and one of the grandest shrubs. Growth upright and compact. Foliage olive-green through the Summer, but toward Fall it turns much darker and remains on the plants for some time after the first frost. Flowers four to six inches across. Price, 25c each.

WEIGELIAS.

Shrubs that bloom in July. Flowers produced in such great profusion as to almost entirely hide the foliage.

CANDIDA—This is the very best of all the white-flowered Weigelias; a strong, upright erect grower; flowers pure white and produced in great profusion. Price, 20c each.

VAN HOUTE—Deep crimson; very prolific. Price, 20c each.

ROSEA—Rose colored flowers in May and June. Price, 20c each.

ROSEA, NANA VARIEGATA—Leaves beautifully margined creamy white; flowers pink. It is a dwarf grower and admirably adapted to small lawns or gardens. Price, 20c each.

TWO GRAND HARDY SPIREAS.

For either Outdoor or Pot Culture—Crimson and Blue.

New Crimson Spirea, Anthony Waterer—This beautiful new crimson-flowered Spirea was introduced last year for the first time. It outshines all the Spireas in brilliancy of color—a bright crimson. It is a rare gem. It makes a low, compact bush 15 to 18 inches high, and is covered nearly the whole growing season with large umbels of deep crimson flowers, which measure nearly a foot across. When scarcely three inches high it begins to bloom and thereafter is seldom out of flower. As a pot plant or for growing in the open ground, nothing can equal it. Perfectly hardy. 15c each.

Blue Spirea, *Caryopteris Mastacanthus*—Blue Spirea is a fitting name for this remarkable new hardy plant. It is a sturdy, upright grower, and is extremely floriferous, plants from small pots blooming profusely and continuing to do so throughout the season until they reach a height and width of three feet. The dense flower heads are of a rich lavender blue, a rare color among flowers. Price, 15c each.

HYDRANGAEA PANICULATA GRANDIFLORA.

The Hardy Hydrangea, PANICULATA GRANDIFLORA.

Suitable for lawns. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal trusses nearly a foot long and nearly a foot in diameter. It blooms in midsummer, and remains in bloom two or three months. Attains a height of 3 or 4 feet and is perfectly hardy. Strong one-year-old plants, 20c each; strong two-year-old plants, 35c each.

Select Flower Seeds.

All the Seeds herein offered are grown for us by the most experienced seedsmen of this country and Europe, and are the best that money can buy. Every ounce of seed we send out is fresh. We buy the best, send out full sized packets and sell as cheaply as the two essential points to start life in seeds.

ASTERS

The Aster is a universal favorite. For an Autumn display it has no successful rival among the annuals. Given a deep, rich soil, mulching with coarse manure, produces elegant flowers. Ten inches apart is the proper distance to make a showy bed.

Giant Comet Asters.

The plants grow about 18 inches high on long, stiff stalks; bear in abundance their beautiful flowers. These flowers, with their long, twisted petals, strikingly resemble Japanese Chrysanthemums and are of

very large size, larger, in fact, than those of any other Aster, so that, all in all, they are ideal Asters for cut flowers.

The Bride—At first pure white, then changing to blush and pink, finally to rosy-red. The plants have all these shades at one time, making a splendid effect. Price per pkt. 10c.

Giant Comet—Pure white, lavender, crimson, rose and yellow, each 10c per pkt.

Giant Comet Mixed—Includes the above colors and also red and dark blue. Price per pkt. 10c.

One packet each of the above seven Giant Asters, 50c.

VARIOUS ASTERS.

New Branching Asters—The new Branching Aster is quite different in several respects from any Aster known. The branching habit is accompanied with great vigor of growth and profusion of bloom. The flowers are of extraordinary size and exceedingly graceful, and are borne erect on very long stems excellent for cutting. All colors mixed, per pkt. 5c.

Deep Scarlet Triumph Aster—This is undoubtedly the most beautiful and perfect of all dwarf Asters. Each plant forms

an elegant bouquet of itself, seven or eight inches high. The flowers measure from two and one half to three inches across, of faultless form. The color is rich, brilliant scarlet; each plant bears at least thirty or forty flowers of exquisite beauty. Price per pkt. 5c.

Harlequin—Very odd and attractive new variety. A constant bloomer, handsome double flowers, composed of pure white petals quaintly interspersed in irregular manner, with deep blue and bright red markings. Height 12 inches. Price per pkt. 5c.

Jewel or Ball—Free flowering, of dwarf growth. The flowers, of good size, are perfectly round. Apple Blossom, Pure White and Mixed, each separate, at 5c per pkt.

Queen of the Market—The earliest of all the Asters. Grows about 9 inches high and very branching; the fine double flowers are produced very freely on long stems, making it valuable for cutting. The colors are deep blue, white, pink, and deep rose. We offer seed in the finest mixture of the above colorings. Price per pkt. 5c.

Washington—This splendid variety is the largest Aster grown, bearing flowers 5 to 6 inches in diameter, very double; mixed colors. Price per pkt. 3c.

Double-Quilled Asters—These are great favorites on account of their free blooming qualities, and the low price of the seed commends them to many who want a nice Aster for cutting. Price per pkt. 3c.

Excelsior Mixture of Tall Asters—This is a mixture of the most beautiful, striking and distinct colors of all the above tall growing Asters, selected from the cream of Truffauts, Victoria, Crown and other desirable sorts, and includes many kinds specially purchased for this mixture. This is the finest mixture of Tall Asters ever offered, and the most critical lover of this flower will be astonished at the wide range of colors and varieties given in this truly Excelsior strain. Price per pkt. 5c.

Perennial Mixed—(Starworts, or Michaelmas Daisies). Single flowering; hardy herbaceous plants, thriving in any garden soil. If sown early in the Spring they will flower the first season. Price per pkt. 6c.

Allegheny Vine.

Mountain Fringe or Adlumia Cirrhosa—This is a hardy climbing plant, native of the Allegheny Mountains; very attractive and picturesque; dainty, feathery, pale green foliage, flowers delicate rose-pink and white. Price per pkt. 5c.

Alyssum.

Little Gem—Plants very dwarf; only three to four inches high, and each plant spreads over a large space. They soon become one mass of white, remaining in full bloom from spring to fall, covered with beautiful miniature spikes of sweet-scented flowers; fine for bordering; hardy annual. Price per pkt. 3c; ¼ oz. 15c.

Sweet Alyssum—Fragrant, white, hardy annual; one-half foot. Price per pkt. 5c; ¼ oz. 10c; oz. 25c.

Golden Saxatile—Hardy; golden-yellow bloom. Pkt. 5c.

Amaranthus.

Cruentus—(Prince's Feather). Scarlet. Three feet. Pkt. 3c.

Tricolor—(Joseph's Coat). Scarlet, green and yellow. Height 2½ feet. Price per pkt. 3c.

Ampelopsis Veitchii.

(Japan or Boston Ivy.)

A hardy perennial climber with glossy green leaves which change to scarlet in the Autumn. The most valuable climber for covering walls. Price per pkt. 3c.

Abutilon.

(Chinese Bell-Flower.)

Free-flowering plants with drooping, bell-shaped flowers, some varieties being richly veined and striped. They are of easy culture, and are well adapted to the garden in Summer and the house or greenhouse during the Winter. Tender perennials. Extra fine mixed, from the finest hybrids. Price per pkt. 8c.

Ageratum.

Very effective plants for bedding, remaining in bloom throughout the entire Summer. They grow in almost any soil and in any location. Tom Thumb, Blue, 3c. White, 3c. Mixed, per pkt. 3c; ¼ oz. 15c.

Aquilegia, Columbine.

Popular hardy perennials that bloom very freely during Spring and early Summer. Mixed Double, best and finest colors. Price per pkt. 5c. Artica, red tipped with green. Price per pkt. 5c.

Armeria Maritima.

Thrift or Sea Pink—These handsome plants are well adapted for ornamenting rock work and edging walks. May also be grown in pots. Hardy perennials; six inches high. Price per pkt. 3c.

**Antirrhinum—Snap Dragon.**

One of the most constant bloomers of all the hardy perennials, and it flowers very freely the first year from the seed. The flowers are produced on long spikes. Very popular in cut flower market.

Mixed Tall—Twenty kinds and colors. Price, pkt. 3c.
 Firefly—Scarlet, white throat. Price, pkt. 3c.
 Dwarf Mixed—Finest Tom Thumb. Price, pkt. 3c.
 Victoria—Scarlet and white. Price, pkt. 3c.

Aristolochia Siphon—Dutchman's Pipe.

A beautiful and rapid climber, with large, heart-shaped leaves and singular, siphon-shaped, rich, purplish-brown flowers. Very effective for verandas. Hardy perennial; fifteen to thirty feet high. Price, pkt. 5c.

Asparagus Verticillatus.

A beautiful climber, having feathery foliage and scarlet berries which are quite ornamental. Hardy perennial; about ten to fifteen feet high. Price, pkt. 5c.

**Double Balsam—Lady's Slipper.**

An old favorite garden flower, producing its gorgeous masses of beautiful brilliant-colored double flowers in the greatest profusion; of easy culture; succeeds in a good, rich soil; tender annuals.

Pink—A superb sort, a clear, deep color. Price, pkt. 5c.
 Scarlet—Almost dazzling in brilliancy. Price, pkt. 5c.
 Light Lemon—A fine shade of light sulphur or lemon. Price, pkt. 5c.
 Splendens—Intense, brilliant crimson-scarlet, very bright and showy. Price, pkt. 5c.
 Fancy Spotted—Exceedingly showy. This strain shows rare and beautiful shades of coloring, almost unknown in other flowers, and all spotted with pure white. Price, Pkt. 5c.
 Carnation-Striped—Many colors, finest mixed. Price, pkt. 5c.
 Extra Choice Double Mixed—Price, pkt. 5c.
 Collection of above eight separate Double Balsams, 30c.

Balloon Vine.

(Love in a Puff). Annual. A rapid growing climber; flowers white; seed vessels look like miniature balloons. Price, pkt. 3c.

LARGE FLOWERING TUBEROUS ROOTED BEGONIAS.

Magnificent flowering pot plants, and deservedly popular for garden bedding, flowering in the greatest profusion all Summer. The individual florets will average from 6 to 9 inches in circumference, and are of all colors. One foot.

Single, Large-Flowering, Mixed Colors—From choicest erect-flowering varieties. Price, pkt. 10c.

Double, Large-Flowering, Mixed Colors—From prize varieties. Price, pkt. 10c.

Brachycome—Swan River Daisy.

(Swan River Daisy). Very pretty low-growing annuals, suitable for edging or pot culture; blooms profusely throughout the Summer. Price, pkt. 3c.

Cacti.

At once one of the most curious and popular class of plants grown. Many fine varieties can be grown from seed, with a little care and patience. Sow seed in shallow pans or saucers filled with clear, coarse sand, with good drainage. Cover with glass, keep moderately moist, but not wet. Pot seedlings into very small pots.

Mixed Sorts—Thirty to fifty kinds. Price, pkt. 10c.

Candytuft.

New Giant Hyacinth-Flowered — A new variety of great beauty and most desirable for cut-flower purposes, producing a very large elongated head of quite large, pure white florets. The immense broad heads of florets frequently measure six inches in length. Pkt. 5c.

Fragrant — White. Pkt. 5c.

Tom Thumb—White. Forms a dwarf, compact cluster of clear white flowers. Pkt. 5c.

All Colors Mixed—Many fine shades. Pkt. 5c.

Perennial Candytuft.

Sempervirens—Extra fine for cemetery use, as the plants are a solid mass of white at just time when flowers are most scarce. Price, pkt. 5c.

Cineraria.

A wondrously beautiful greenhouse plant and not at all hard to grow. Seeds germinate quickly and easily, and young plants grow off without any trouble. Keep in a shady place over Summer, and remove to house in Fall. Use insecticides to keep free from aphids, and as flower buds show, give good light. A beautiful plant, the large, luxuriant leaves surmounted in late Winter and Spring by immense quantities of large Aster-like flowers of the most brilliant colors. Nothing could be more effective in the window.

Grandiflora, Mixed—Large flowering prize varieties. Price, pkt. 15c.

Cyclamen.

(Illustrated on page 46.)

There are few handsomer plants than the Cyclamen. The heart-shaped foliage is beautifully shaded and marked, and the charming flowers, borne on long foot-stalks above the crown of foliage, shows exquisite shades of white, crimson, bluish and pink, most flowers showing two colors. A good specimen will have from twenty to fifty flowers in full bloom at one time, and the plants remain in bloom for months together.

Persicum—Extra fine strain, all colors mixed. Price, pkt. 10c.

Giganteum—Grand large flowering, mixed. Price, pkt. 20c.

Calliopsis.

The Calliopsis, or Coreopsis, is one of our brightest, cheeriest annuals, and as easy to grow as any weed. Sow in open ground quite early, and thin to six inches apart. Plants grow rapidly and are soon a mass of bloom. The myriads of gay flowers, poised on long foot-stalks above the foliage, make a mass or bed of these a dazzling sight. The flowers are particularly fine for bouquets and should be cut freely, as by this means the period of blooming is prolonged.

Coronata—Showy large yellow flowers. Price, pkt. 3c.

Mixed—All varieties and colors. Price, pkt. 3c.

CALCEOLARIA.

Very handsome and showy plants for the greenhouse or house culture. The plants grow about eighteen inches high and during Spring and Summer are covered with a great many curious pocket-like flowers. Our seed is saved from the best European collection and will produce flowers of large size, and in an endless variety of colors. Directions on packet. Price, pkt. 13c.

CARNATIONS.

Large, beautiful and very fragrant flowers, as perfect in form as the Rose. Seeds sown in open ground in May or June will flower splendidly the next season. They are nearly everywhere hardy, but in very cold situations should be protected by straw or a few boughs.

German Extra Fine, Double Mixed—First quality. Price, pkt. 8c.

Guillaud Carnation—Far superior to any other Carnation seed ever offered; the flowers are of larger size, better substance, greater doubleness and more varied markings and colorings, many having grounds and shadings of yellow, a color which is very rare in Carnations. The Guillaud Carnation will also, like the Margaret, bloom the first Summer, and if taken up in the Fall the plants will bloom during the Winter, yielding an abundance of the handsomest and most fragrant flowers. Price, pkt. 15c.

New Dwarf Double Carnation, Margaret—Most brilliant novelty of recent times. This beautiful new race of Carnations has attracted the admiration of all who have grown it. Its rapid development, flowering as it does four months after sowing the seed, its profusion of bloom, variety of beautiful colors and delicious perfume will insure its popularity in all gardens where cut flowers are in demand. Price, pkt. 6c.

New Giant Margaret Carnation—Like the Margaret Carnation, the seed of this new strain will bloom in about four months after sowing, and the plants will continue to flower all through the Summer. The flowers are of a very large size, measuring three inches or more in diameter; the colors include all the shades of white, pink, crimson and striped. Our seed is from the originator and can be relied upon to produce the largest flowers in an almost endless variety of color. Price, pkt. 15c.

COBÆA SCANDENS

COBÆA SCANDENS.

Elegant, rapid-growing climbers, attaining a height of twenty to thirty feet. Can be grown in the garden in Summer, or in the greenhouse or conservatory in Winter. Their luxuriance renders them particularly desirable for covering arbors, walls, etc.; flowers large and bell-shaped.

Mixed colors, per pkt. 6c.

CROZY'S DWARF CANNAS.

These new dwarf, ever-blooming, large-flowering French Cannas bloom freely the first year from seed. They are much less expensive and more beautiful for bedding even than the best Geraniums. The roots can be kept in the cellar over Winter and each clump will give six to eight good roots for planting out the following Spring. The mixed seed we offer has been saved from the finest varieties of all colors. Price, pkt. 6c.

Cannas, All Varieties and Colors Mixed—Including the old tall varieties. Price, pkt. 3c.

CASTOR BEAN—RICINUS.

New Zanzibar Bean—A new form of Ricinus, of short jointed, stout growth and extraordinary large leaves, which are produced in such an abundance that the plant is a perfect pyramid of beautiful foliage. Seeds are of extraordinary size, beautifully mottled and speckled. White, pink, black, crimson, etc. The seeds are as beautiful to look at as are many flowers. Price, pkt. 7c.; one half ounce, 25c.

Castor Beans, many sorts mixed, ounce, 25c.; pkt. 3c.

CELOSIA OR COXCOMB.

Feathered Varieties in Finest Mixtures—The plants are of uniform size; while the feathery flower heads on numerous branches are of brilliant colors, scarlet and golden-yellow. Price, pkt. 5c.

Dwarf Coxcomb, Glasgow Prize—Immense showy dark crimson combs. (See Cut.) Price, pkt. 5c.

CELOSIA.

COLEUS.

Plants with richly colored foliage of maroon, green, crimson, yellow, etc. For groups on lawns and ribboning they are indispensable, and also valuable for pot culture. Although perennials, they attain perfection from seed the first season.

Fine Hybrids, Mixed, per pkt. 10c.

Large-Leaved Fringed Coleus—Extremely large leaves, the edges of which are deeply cut and fringed. The colors are especially fine, embracing combinations of markings entirely new. Price, pkt. 18c.

COSMOS.

White Pearl — Snow-white. Price, pkt. 6c.

Pink—Price, pkt. 6c.

Mixed Colors—Large-flowering. Price, pkt. 3c.

Dwarf Yellow Cosmos—This forms a spreading branched dwarf plant, about one foot high; the flowers about 1½ inches across, are star-shaped, and of rich golden-yellow; a remarkably free bloomer, a perfect mass of bloom until killed by frost. Price, pkt. 6c.

COSMOS.

New California Hybrids—Some of the flowers in this new strain measure five inches across. Some flowers are as round as a cart-wheel, with broadly overlapping petals. Some have petals as smooth and flat and waxy as a Camellia; others are pleated and frilled at the edges, others toothed and fringed. Some have only five petals, forming a perfect star. But the great charm of these new Cosmos is the wonderful diversity of colors, shades and markings entirely unique in Cosmos. Price, pkt. 10c.

ANNUAL CHRYSANTHEMUMS.

French Marguerites, or Painted Daisy—Showy and effective garden favorite, extensively grown for cut flowers. The hardy annuals are Summer-flowering border plants; good for pot culture and quite distinct from the Autumn-flowering varieties.

PAINTED DAISY, CHRYSANTHEMUM.

Atro-Coccineum—The Sultan — Large single flowers of velvety crimson-maroon, with bright golden ring at center. Price, pkt. 3c.

Burridgeanum—Lord Beaconfield—Single flowers of immense size; broad white petals with lemon-yellow shadings at base. Price, pkt. 3c.

Eclipse—Large single flowers; broad white petals fringed with deep orange-yellow and dark brown. Price, pkt. 3c.

Frutescens Grandiflorum—The popular White Paris Daisy. Price, pkt. 3c.

Double Coronarium. Mixed — Compact bushy growth, eighteen inches in height. Flowers quite double, three-quarters to one inch in diameter, shading from white and light lemon-yellow to rich, deep orange. Price, pkt. 5c.

one inch in diameter, shading from white and light lemon-yellow to rich, deep orange. Price, pkt. 5c.

PERENNIAL CHRYSANTHEMUMS.

Perennial Chrysanthemums cross fertilize with such wonderful variety that rarely two plants flower alike; all the colors, markings and shapes known in Chrysanthemums, and now and then an extremely valuable new variety may be expected. The seed will germinate quickly, and the plants require only the culture given other flowers. Price, pkt. 13c.

CENTAUREA.

Cyanus — Bluet, Ragged Sailor, Corn Flower, Blue Bottle). A very old favorite garden annual, flowering freely in almost any situation; height two to three feet; they are largely used for cut flowers. Mixed colors. Price, pkt. 3c.

CENTAURIA.

Cyanus Double—Produces double globular flowers of large size and filled up to the center with florets; the mixture we offer contains many novel new colors, some prettily striped. Price, pkt. 6c.

New Centaurea, Margaret—This beautiful, new annual is valuable both for cut and decorative purposes. Flowers pure white and exquisitely fragrant. Price, pkt. 6c.

Centaurea Gymnocarpa—(Dusty Miller).—Fine for bedding, vases, hanging baskets and pots; also extensively used for margins; fine cut, silvery-gray foliage; one and one-half feet. Price, pkt. 3c.

CLEMATIS.

Large Flowering—Beautiful climber with lovely flowers in blue, white, purple, etc. Hardy, can remain in permanent situation. Mixed, price, pkt. 10c.

Dahlias.

(From seed). But few people know that Dahlias can be raised from seed and will bloom the first year. The seed we offer, if sown early, will bloom profusely all the Autumn.

Choice Double Mixed—Many colors. Packet, 6c.

Cactus Dahlia, Mixed Colors—Double flowers of distinct and remarkable appearance, the petals being quilled and curved, loosely and gracefully arranged in large double oval heads of bloom; the seed that we offer will produce many beautiful varieties, including several colors; worthy of extended cultivation. Packet, 6c.

Single, Large-Flowering, Mixed—Packet, 3c.

Bellis (Double Daisy.)

Daisies are easily raised from Spring-sown seed, and come into flower in a very short time. Among the most charming Spring flowers, they are indispensable for cool, shady places. With protection they will stand the Winter.

Fine German Double, Mixed—Packet, 5c.

Longfellow—Remarkable for the unusual size and double-ness of its dark-rose flowers. Packet, 5c.

Snowball—Large flowers, perfectly double, of purest white. Packet, 5c.

Dianthus, or Pinks.

These beautiful free-flowering, half-hardy plants furnish an abundance of bright and varied colored flowers all through the Summer and Fall.

Chinensis fl. pl.—(Double China Pink). This species is a biennial of dwarf habit; flowers the first year, but the bloom is stronger the second. The colors are very rich, and in large beds you can hardly find two alike. Packet, 3c.

Imperialis fl. pl.—(Double Imperial Pink). Double variegated, mixed colors. Packet, 5c.

Laciniatus fl. pl.—Magnificent, large, perfectly double and deeply fringed flowers; finest mixed. Packet, 5c.

Choice Mixture of Double Varieties—Packet, 5c.

Hardy Dianthus, or Pinks.

Highly valued for the great beauty and fragrance of their flowers. These make splendid bushy plants from 1 to 2 feet high, unrivaled for permanent beds and borders.

Plumarius, Double Mixed—(Double Pheasant's-eye Pink). Double fringed flowers; fragrant, and of white, crimson or purple shades, spotted and variegated, nine to twelve inches high. Price, 10c.

Plumarius, Single Mixed—(Feathered Pheasant's-eye Pink). Large, single, fragrant flowers of beautiful colors and finely fringed. Price, 5c.

Double Cyclops Pinks—This magnificent new strain of Pinks produces an entirely new series of colors of unapproachable beauty, exquisite combinations of colors, the predominating shades being delicate rose, flesh-pink, copper color, salmon, wine-red, white, crimson, etc., the beauty being further enlivened by a large eye-like zone of velvety blood-red; clove-like perfume. Price, 10c.

Forget-Me-Not or Myosotis.

Pretty little clusters of fine delicate flowers. They succeed best in a damp, shady situation, but will thrive well in any garden soil.

Myosotis Alpestris—Blue. Packet, 3c.

Alba—Pure white. Packet, 3c.

Forget-Me-Not—Mixed. Packet, 3c.

Everlasting Flowers.

These odd flowers never fade, but if cut in bud and blossom, dried they will last and retain their rich and brilliant color for many years. They should be cut when in full bloom and dried slowly in the shade, with their heads hanging downward to keep the stem straight. Mixed, per packet, 6c.

EVERLASTINGS.

Fuchsia.

(Illustrated on Page 37.)

Fuchsias are as easily grown from seed as cuttings, and from seed many new varieties are obtained. They will flower freely the first season in open ground, while the plants can be taken in the house in the Winter, where they flower still more freely. Finest single and double varieties, mixed. Packet, 15c.

Grasses—Ornamental.

The Ornamental Grasses are valuable for decorative purposes when dried and arranged in connection with the Everlasting Flowers for Winter bouquets, etc. Some are curious looking plants, others exceedingly graceful; some neat and compact, others stately and majestic. Mixed varieties. Packet, 6c.

Four O'Clocks.

(Mirabilis, or Marvel of Peru.)

Large growing shrub-like plant, with funnel-shaped flowers of many colors. Named from the curious habit of expanding in the afternoon.

Four O'Clock, Mixed—Including variegated leaved sorts. Packet, 3c.

New Dwarf Sorts—These are fine plants, growing about 12 inches high, each forming a bush covered with flowers. All colors mixed. Packet, 5c.

Gaillardia.

Grandiflora Superba—Splendid new perennial varieties, with very large flowers, dark crimson centers, marked with rings of many brilliant colors. Packet, 6c.

Gloxinia.

Most charming greenhouse plants of dwarf habit. Their flowers are produced in greatest profusion, and of the most exquisite and gorgeous colors, many of which are magnificently spotted, mottled and blended. Under the commonest culture they bloom continuously for months. One foot. Large-flowering, choice mixed. Packet, 13c.

Geraniums from Seed.

Zonale Varieties—Several from some of the finest collections and many choice and even new varieties may be expected. Packet, 10c.

Double Mixed—This seed will produce a large percentage of double flowers of extra fine colors. Packet, 25c.

Mixed Pelargonium—(Lady Washington). Saved from the finest fancy and spotted large-flowering sorts. Packet, 20c.

Apple Scented—This fragrant favorite variety can only be grown from seed to form fine plants. Sow in light soil, and keep moist until they germinate. Packet, 10c.

Gilia.

Free-blooming annuals, fine for beds. Will bloom in any situation: looks well on lawn in beds; are good for rockeries, and can be planted at any season. Mixed colors. Packet, 3c.

Helianthus—Sunflower.

The Helianthus is the well-known old Sunflower, with coarse, tall plants, from four to eight feet in height, and bright yellow flowers. Best double and single varieties mixed. Packet, 3c.

Mammoth Russian—Enormous flowers. Packet, 3c.

Heliotrope.

(Illustrated on Page 47.)

It is but little known that seed sown in February and March will produce large flowering plants the first Summer. Our mixture contains seed from many named sorts and will produce fine plants with proper treatment. Culture directions on package. Mixed varieties, very choice. **Packet 7c.**

New Heliotrope, Lamoiné's Giant Hybrids—Should we devote this entire page to an illustration it would fail to give an adequate idea of the grand size and rare beauty of the flower-heads of this wonderful novelty. Their fragrance is delicious. The colors are from pure white through all shades of violet and blue to deep indigo. Even before it comes into bloom the foliage is most noticeable; its large and glossy leaves frequently measure from five to seven inches and are borne on strong erect stems, growing about two feet in height. **Packet 15c.**

Hardy Hibiscus.

(Illustrated on Page 60.)

Crimson Eye—This grand hardy perennial Hibiscus comes true from seed. It is a robust grower with dark red stems and foliage. The flowers are immense in size, often measuring 20 inches in circumference. The color is of the purest white, with a large spot of deep velvety crimson in the center of each flower. A well developed plant will produce several hundred of these flowers in a season. Will succeed anywhere, and is perfectly hardy, blooming the first year from seed sown in the open ground. **Packet 6c.**

Hollyhocks.

The flowers are as double as a Rose and embrace all shades of red, pink, yellow, crimson, white, etc. We offer seeds from an unsurpassed collection. Mixed colors. **Packet 6c.**

Humulus, or Japanese Hop.

A new Hop from Japan, with finely cut foliage, remaining a beautiful green all Summer unaffected by heat or drought; very rapid grower; will cover an immense space in a very short time if given plenty of liquid manure. Annual climber. **Packet 6c.**

Impatiens Sultani—Zanzibar Balsam.

(Illustrated on Page 48.)

Produces abundance of rosy carmine flowers; is one of the most distinct and beautiful plants for window culture. **Packet 10c.**

Lantana.

(Illustrated on Page 49.)

Fine mixed, rapid growing, constant blooming perennial plant for pot culture in Winter or garden decoration in Summer; cluster of orange, white, pink, etc. **Packet 6c.**

Lavender.

Lavendula Spica—Well-known, sweet-scented, hardy perennial; should be extensively grown in the mixed border; three feet. **Packet 3c.**

Larkspur.

An old-fashioned but none the less valuable annual with large, compact spikes of showy flowers, in shades of white, pink, red, blue, etc. Sow seed very early in open ground, or even in late Autumn.

Double Dwarf Mixed—**Packet 3c.**

Double Stock Flowered—A tall branching variety, with long spikes of flowers. Mixed. **Packet 3c.**

Lathyrus. (Everlasting or Hardy Sweet Pea.)

Showy, free-flowering hardy perennial climbers for covering old stumps, fences, etc., continually in bloom; fine for cutting.

Albus—Pure white, very desirable. **Packet 3c.****Splendens**—Brilliant rosy-red. **Packet 3c.****Mixed**—**Packet 3c.****Lemon Verbena.**

The delightfully fragrant foliage of this favorite plant makes it very desirable for cutting; it is easily grown from seed. **Packet 6c.**

Moonflower.

(Illustrated on Page 50.)

The vines are literally covered with thousands of the immense white flowers, many of them measuring over seven inches across. Beginning to flower early in August, the vines are nightly covered with pure white flowers, emitting a rich Jasmine odor. Planted in rich ground, in a sunny situation, the vines attain a height of 25 feet in a season. **Packet 5c.**

Giant Imperial Japanese Morning Glories.

These grand new Morning Glories from Japan are remarkable for the large size and exquisite new colors of the flower, with magnificent foliage, often beautifully blotched. Of strong, robust growth, the vines grow quickly to a height of 12 to 20 feet. They are of all shades of red, from the most delicate pink to the most brilliant crimson and maroon, and innumerable shades of blue, from pale lavender to richest indigo and royal purple; also white, yellow, gray, slate, copper color, brown, bronze, almost black, and many other odd shades not found in any other flower. Many varieties have a distinct marginal band of a dif-

ferent color from the rest of the flower, and some are as elegantly spotted with pink, crimson, blue, brown, etc., as the finest Gloxinias. **Packet 10c; ounce 25c.**

Tall Morning Glories.

Seed of the well-known Morning Glory is so cheap, the flowers so bright, and the vines of such rapid growth that it should be planted largely to cover trellises and unsightly out-houses.

Striped—Flowers variously striped and blotched with red, blue and rose. **Packet 3c; ounce 10c.**

Fine Mixed—A great variety of colors of the popular old-fashioned Morning Glory. **Pkt. 3c; ounce 10c.**

**Lobelia.**

A most elegant and useful genus of plants of easy culture and well adapted for bedding, edgings, pot or rockeries.

Queen of Whites—Pure white flowers; half-hardy annual. **Packet 3c.**

Crystal Palace—A variety with large blue flowers, half-hardy annual. **Packet 3c.**

Cracilis—The flowers are bright blue with white center; fine for baskets, vases, etc., trailing gracefully and blooming profusely; half-hardy annual; 6 inches high. **Packet 3c.**

Fine Mixed—A number of the choicest and best varieties are to be found in this mixture. **Packet 3c.**

Cardinalis—Cardinal flower. A native species of very different habit from the above, and growing about two feet high, with spikes of intense brilliant scarlet flowers. Hardy perennial. **Packet 6c.**

**Marigolds.**

El Dorado—Immense flowers 10 to 14 inches around; exceedingly double; quilled like a Dahlia; primrose, lemon, orange and golden shades; three feet. **Pkt. 5c.**

Large African—Tall, double, orange, brown and yellow, mixed, two feet. **Pkt. 5c.**

Double French Mixed—Yellow, brown and crimson, beautifully striped; 1 foot. **Pkt 3c.**

Mignonette.

Large Flowering—The common Sweet Mignonette. **Packet 3c; ounce 15c.**

Mignonette, Mixed—Including many varieties. **Packet 5c; one-half ounce 25c.**

**MIGNONETTE.**

NASTURTIUMS.

New Climbing Nasturtiums, Mme. Gunther's Hybrids.

For richness and variety of colors, these new hybrids have no equals among Nasturtiums. It would be impossible to describe all the different colors, but some of the most striking are as follows: White, shaded carmine on the edges, with deep maroon throat; bright carmine, bright salmon with deep maroon throat, golden yellow, shaded brown on the edges; yellow, shaded and mottled with carmine; white, with red blotches; shrimp pink, with deep maroon throat, shrimp pink, self color; rose, bright yellow, orange, etc., etc. The foliage is mostly dark, and contrasts very effectively with the rich colors. They are climbers and free and continuous bloomers. Large Packet 10c, two packets for 15c; ounce 20c; ¼ pound 60c; pound \$2 postpaid.

"Special" Mixture of Dwarf Nasturtium.

This mixture contains eighteen different varieties of Dwarf or "Tom Thumb" Nasturtiums, and no better annual exists; for filling beds or borders with a continuous supply of flowers they are unexcelled. Their handsome foliage shows a variety of green shades, including both light and very dark blue-green leaves with distinct veins, as well as the old well-known tints; and the flowers are also greatly improved in coloring and in marking. Both this mixture and the "special" mixture of Tall Nasturtiums include varieties having blooms of a velvety texture new to the species, and some showing odd colors heretofore unknown among flowers. Price, large packet, 10c; two packets for 15c; ounce, 20c; 2 ounces, 35c; ¼ pound, 60c; pound, \$2.00, postpaid.

"Special" Mixture of Tall Nasturtiums.

This is composed of seeds from flowers of distinct colors in proportions that will produce the best results. It contains all varieties of Tall or Climbing Nasturtiums, including the beautiful new Madam Gunther hybrids, the Canary Bird Flower, and the richly colored and always satisfactory Lobb's Nasturtiums. It is as complete as it can be made, and it is not possible to over-praise it, for the mixture cannot be surpassed. Price, per large packet, 10c; 2 packets for 15c; ounce, 20c; 2 ounces, 35c; ¼ pound, 60c; pound, \$2.00, postpaid.

Tom Thumb, Dwarf or Bedding Varieties.

The improved varieties of the Dwarf Nasturtium are among the most popular and beautiful of our garden plants. Their neat, compact growth, rich-colored flowers and free-blooming and long-lasting qualities, together with their adaptability to almost any soil or situation, make them unsurpassed for garden decoration.

Brilliant Yellow—Most brilliant shade of clear, rich yellow. Pkt. 3c; oz. 10c.

Crystal Palace Gem—Rich sulphur-yellow, spotted with carmine. Pkt. 3c; oz. 10c.

Deep Scarlet—Flowers of a very bright and vivid scarlet. Pkt. 3c; oz. 10c.

Empress of India—Dwarf, compact growth, with large purplish-green leaves. Flowers of a dark, rich salmon-scarlet. Pkt. 3c; oz. 10c.

Pearl—Creamy white. Pkt. 3c; oz. 10c.

Dwarf Nasturtium, Mixed—Many colors. Pound, \$1.25; ¼ lb. 35c; oz. 10c; pkt. 3c, postpaid.

Tall, or Climbing Nasturtiums.

Beautiful and luxuriant climbers for trellises and arbor; of easiest culture, bearing gorgeous flowers in profusion until killed by frost.

Dark Crimson—Deep velvety red, brown and brownish crimson. Pkt. 3c; oz. 10c.

Pearl—Creamy-white; very fine. Pkt. 3c; oz. 10c.

Regelianum—Deep purple-violet flower. Pkt. 3c; oz. 10c.

Rose—A fine shade, very attractive. Pkt. 3c; oz. 10c.

Striped—Petals bright orange-yellow with small, rich brown blotch at the base. Pkt. 3c; oz. 10c.

Tall Nasturtium, Mixed—Many colors. Pound, 80c.; ¼ lb. 25c; oz. 10c; pkt. 3c, postpaid.

One packet each of the above twelve kinds of Nasturtiums for 30c.

Trailing Nasturtium "Tom Pouce."

This is a very distinct type. The foliage, flowers and habit of the plants differ from all other Nasturtiums. The vines grow only two feet long, with no tendency to climb. The leaves are leathery and dark green. The flowers are smaller than those of ordinary Nasturtiums, but are borne in greatest profusion. The colors are yellow with citron blotches, scarlet, and orange blotched red. They are peculiarly adapted as trailers for vases, window boxes, hanging baskets, rock work, embankments, etc. Pkt. 5c.

Oxalis.

(Illustrated on Page 56.)

Exceedingly free-blooming little plants, with lively foliage and entirely covered with bright flowers from June to September. Very useful for edgings. Choice mixed. Packet 3c.

PETUNIAS.

For out-door decoration or house culture few plants are equal to this class. They commence flowering early and continue a mass of bloom throughout the whole season, until killed by frost; easily cultivated, requiring rich soil and a sunny situation. Hardy annuals; 1½ feet.

Single Large Flowering Petunias.**SINGLE PETUNIA.**

Giants of California—Gigantic flowers of ten 5 inches in diameter), of every conceivable shade of crimson, pink, lavender, pure white, etc. One of the chief points of excellence is the deep throat and diversity of veinings in the throat. Many of the flowers have a clear yellow throat, while others have a pure black one, so deep that it seems to show no veinings. Packet 15c.

Blotched and Striped—Flowers with star-shaped blotches of symmetrical form; fine for bedding and window boxes. Pkt. 3c.

Finest Mixed—A choice strain, including many of the large flowering varieties. Pkt. 5c.

Good Mixed—Many colors. Pkt. 3c.

Double Striped and Blotched—Finest varieties. Sure to produce a good percentage of double-flowering plants. Pkt. 15c.

**STAR PHLOX.****PHLOX DRUMMONDII.****Phlox Drummondii.**

There can be no stronger proof of the value grown. For beds and massing nothing can surpass these beautiful annuals. They produce immense trusses of large, brilliant flowers of numberless hues throughout the Summer. 1½ feet high. Mixed colors. Pkt. 3c.

Large Flowering Phlox—An improved strain with extra large, perfectly round flowers, with petals overlapping each other. Extra large and fine. Brilliant scarlet, pure white, bright pink. Pkt. 3c.

Phlox Drummondii Grandiflora—Not only is our strain notable for variety and brilliancy of colors, but also for the perfection and size of the flowers; many of the single flowers are so large they will very nearly cover a fifty-cent piece. When our customers see the brilliancy and pleasing variety of colors produced from this seed, they will thank us for recommending a liberal planting. Pkt. 5c.

Star-Shaped Phlox.

Star of Quedlinburgh—Of dwarf habit, bearing pretty star-shaped flowers, varying from violet blue to deep rose and blood red, margined with white. Choice mixed. Pkt. 5c.

Hardy Phlox.

(Illustrated on Page 61.)

Phlox Decussata—These rank among the finest herbaceous perennials for beds or borders. Mixture of the finest colors. Pkt. 6c.

PRIMROSES.

(Illustrated on Page 51.)

Fringed Chinese Primrose.

This charming and beautiful flowering plant is indispensable for Winter or Spring decoration in the home or conservatory. It is one of our most important of Winter blooming pot plants.

Alba Magnifica—The finest pure white, with bright yellow eye, beautifully fringed. Pkt. 10c.

Chiswick Red—Large, brilliant scarlet. The brightest of all. Pkt. 10c.

Striped—White striped with rose. Pkt. 10c.

Choicest Mixed—This mixture contains nothing but the finest sorts and cannot fail to give entire satisfaction. Pkt. 8c.

HARDY PRIMROSES.

Primula Obconica is as near an everblooming plant as is possible to obtain. It has been known to flower for over twelve months without a break. Packet 10c.

GIANT PANSIES.

(Illustrated on Page 52.)

Giant Trimardeau—Largest of all. The blossoms are simply enormous, perfect in form, and run through all the various colors, from the lightest shade to the darkest purple. Packet 10c.

Giant Bronze Pansies—A distinct class, in various shades of bronze, both light and dark, some with a satiny finish, others curiously mottled. Mixed. Packet 10 cents.

Giant Odier, Cassier and Bugnot—A superb mixture of these famous, large-flowered, spotted Pansies. The petals are large, of various colors, in the center of three, or sometimes of all five, of which are dark, velvety blotches, shading out toward the edges and ending in fine, hairy lines. Packet 10c.

Giant Peacock—A striking variety; the upper petals being of a beautiful ultramarine blue, while the lateral and lower are of a deep claret, with white margins. Packet 10c.

International Mixture of Pansy Seed.

The result of our observations of the various strains produced, and of the favorites in our market, prompted us to prepare our International Mixture. It consists, besides all the leading kinds of commerce, seeds of the Giant, Bugnot, Cassier, and Trimardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold-bronze, silver-edged, marbled, mahogany spotted, claret red, and many others. Our International Mixture will produce for you, as it has for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. Pkt. 10c.

Mixture of Scarlet and Red Pansies.

This is a mixture of special selections of Pansies with red and scarlet flowers. It is partly made up of such varieties as Meteor, Red Ridinghood, Cardinal, Fiery Faces and also from some special selections we had made for his mixture by several Pansy specialists. A bed of these Pansies presents a striking and beautiful effect, and will please every lover of this favorite flower. Packet 10c.

Any three packets of above named Pansies for 25c.

Bedding Pansies.

A selection for bedding purposes, large flowers of good substance:

Black,	Mauve,
Cardinal,	Striped and Blotched,
Light Blue,	Silver Edge,
Mahogany,	Violet,
Meteor,	Pure White,
Mourningbride,	Yellow.

Packet 3c; any four packets 10c; or the whole collection for 25c.

Fine Mixed Bedding Pansies—Packet 5c.

English, Extra Choice Mixed—From a splendid English collection of the largest flowering varieties. Packet 5c.

POPPIES.

Snowdrift—Flowers as pure as the driven snow, large, double and full, yet soft and loose, like a great ball of snow. A mass of it in bloom is a grand sight. Its habit of growth is stout and compact, not attaining the height of most other large Poppies, which makes its enormous blossoms show to better advantage. Packet 5c.

Fairy Blush—The flowers have the effect of a large, white, feathery ball, overcast with a rosy shade. Packet 5c.

Shirley—A lovely single Poppy, with petals that seem stamped out of the most lustrous silk, and of the softest, most delicate colors or of the most brilliant hues, each flower widely margined with some

other shade. No one can help admiring these beauties. Packet 5c.

Carnation Flowered—Brilliant, large, showy, double flowers of various colors. Packet 3c.

Paeony Flowered—Splendid large double flowers, all colors mixed. Packet 3c.

Special Poppy Mixture.

Comprises not only all the Double and Single Poppies described, but also a number of other sorts, specially purchased for this mixture, including some entirely new ones. Will make a grand display. Pkt. 10c.

SCABIOSA.

(Mourning Bride, or Sweet Scabiosa.)

One of the handsomest Summer border plants, producing in great profusion very double flowers in a variety of shades and colors; a splendid flower for table bouquets, etc. Hardy annual; 1 to 2 feet.

Double—All colors mixed. Packet, 5c.

Double Mixed Colors—Dwarf habit; fine colors. Packet, 5c.

Snowball—The plant is a strong grower, and the flowers are very large, perfectly double, and as white as snow. They are produced very freely. Packet, 5c.

New Double Blood-Red—A very striking color. Packet, 5c.

PORTULACA.

There is scarcely any flower in cultivation that makes such a dazzling display of beauty as a bed of many-hued brilliant-colored Portulacas. They thrive best in a rather rich, light loam or sandy soil and an exposed sunny situation. Half-hardy annual.

Double Mixed—All colors. Packet 5c.
Single Mixed—All colors. Packet 3c.

SALVIA.

(Illustrated on Page 54.)

The Salvia is now a standard bedding plant, and well does it deserve its honor. It stands heat and drought remarkably well, and its colors are very showy and intense.

Splendens—Large, scarlet; exceedingly showy and useful for cutting and for ornamental beds. Packet 5c.

SWEET WILLIAM—Dianthus Barbatus.

For display in the garden, the Sweet William is unsurpassed. The seed can be planted very early in the Spring, in open ground, and will blossom in Autumn.

Harlequin—An attractive new variety of this old garden favorite, with heads of flowers of extra large size, often four or five inches across, each head composed of different colored florets, dark crimson, white pink, flesh, and striped. Packet 6c.

Fine Mixed—Packet 3c.

Mixed Double—A great variety of colors. Packet 6c.

VERBENA.

(Illustrated on Page 54.)

For garden beds or massing, the Verbena is unrivaled; flowers of the most brilliant colors, blooming continually from Spring until late in the Autumn. Although perennials, these form luxuriant plants and bloom profusely the first season.

Verbena White—(Sea Foam.) Large and sweet-scented. Packet 5c.

Defiance—Scarlet. Packet 5c.

Italian Striped—Packet 5c.

Lutea—(Primrose). Straw yellow. Packet 5c.

Shades of Blue, Mixed—Packet 5c.

Extra Choice Mixed—Packet 5c.

Mammoth Verbenas—The individual florets on properly grown plants over one inch across—or larger than a 25c silver piece. They bloom freely, are vigorous in growth, and contain all of the beautiful new colors and shades. Mammoth mixed colors. Packet 10c.

VIOLET.

(Illustrated on Page 55.)

A fine collection of many fine varieties and colors—blue, lavender, white. Many of the finest scented varieties are included. Mixed sorts. Packets 6c.

Wild Cucumber, Echmocystis Lobata—This is the quickest growing climber in our list. It will grow 30 feet in one season. It is thickly dotted over with pretty, white, fragrant flowers, followed by an abundance of ornamental and prickly seed pods. Packet 5c.

SWEET PEAS.

Everyone who has a yard ought to grow quantities of this sweetest of all flowers, that is not only a beautiful low-growing vine for garden and decoration, but one of the most useful of all in furnishing material for vases, bouquets, and all cut flower work. Plant quantities of these lovely flowers and cut them with a lavish hand. Easy to grow anywhere if sown early, very early. For the largest and finest blossoms dig a trench six inches deep, put in two inches of rotten manure, a little earth, and sow the seed over this three inches apart in the row, covering an inch and a half deep. Do this as early as the ground can possibly be worked in the Spring, and as the plants grow, fill up the trench around them with rich earth. Such planting will produce enormous quantities of flowers of the largest size.

Twenty-One of the Grandest Named Sweet Peas.

APPLE BLOSSOM, bright rose and pink, beautifully blended. Pkt. 5c.

BLANCHE BURPEE, beautiful white, very large flowers. Pkt. 5c.

BLANCHE FERRY, pink and white, large, extra early. Pkt. 5c.

BLUSHING BEAUTY, very delicate pink, very fine hooded form. Pkt. 5c.

BUTTERFLY, white, laced with lavender, notched standards. Pkt. 5c.

CAPTIVATION, light claret, large shell-shaped standards. Pkt. 5c.

COQUETTE, primrose shaded, fawn, very beautiful. Pkt. 5c.

DELIGHT, white, slightly edged crimson, small flowers. Pkt. 5c.

HER MAJESTY, large, rose-colored flowers. Pkt. 5c.

LOTTIE ECKFORD, light ground, tinted lavender. Pkt. 5c.

ORANGE PRINCE, orange, with pink wings. Pkt. 5c.

PAINTED LADY, pink and white, flowers small. Pkt. 5c.

PRIMA DONNA, light blush pink, extra fine. Pkt. 5c.

QUEEN OF THE ISLES, white stripes on scarlet. Pkt. 5c.

SENATOR, bright brown shaded on white. Pkt. 5c.

SPLENDOR, superb bright rose, shaded crimson. Pkt. 5c.

STANLEY, rich dark maroon, the finest dark variety. Pkt. 5c.

VESUVIUS, violet, with dull crimson spots. Pkt. 5c.

VIOLET QUEEN, standard mauve, wings light violet. Pkt. 5c.

STELLA MORSE, primrose, flushed pink. Pkt. 5c.

NEW DWARF PEA, "CUPID," MIXED—Pkt. 5c.

Our Grand Large-Flowering Mixed Sweet Peas.

The finest mixture possible, as only the large-flowered or "Grandiflora" type (Eckford's) is used. More than 100 different colors. They are perfectly magnificent. Packet 3c; ounce 10c; one-fourth pound 25c; pound 80c.

TEN-WEEKS STOCKS.

One of the most popular plants, either for bedding, massing or pot culture; for brilliancy and diversity of color or profusion and duration of bloom is unsurpassed. The Ten Weeks Stocks are generally cultivated, and bloom from 10 to 12 weeks after being sown; they grow from 6 to 18 inches high, and when grown in light, rich soil, they bear an immense quantity of bloom, each plant forming a perfect bouquet of delightful fragrance. Half-hardy annual.

Early Ten-Weeks Stocks—Twelve of the finest colors mixed. Pkt. 8c.

Early Ten-Weeks Stock—Pure white, very sweet. Pkt. 5c.

Early Ten-Weeks Stock—Rich crimson. Pkt. 5c.

Early Ten-Weeks Stock—Clear blue. Pkt. 5c.

Early Ten-Weeks Stock—Blood red. Pkt. 5c.

Early Ten-Weeks Stock—Bright pink. Pkt. 5c.

One Packet of the six varieties for 25c.

TEN WEEKS STOCK.

WILD-FLOWER GARDEN.

Each packet contains a great variety of pretty annual flowers of easy growth. The mixture will be found to be both interesting and useful. Interesting because new flowers open daily, "and you know not what a day may bring forth." Ounce 25c.; $\frac{1}{4}$ pound, 75c; pound \$2.50; packet 10c.

Special Mixture of Flower Seed.

Flowers for Bouquets—This mixture contains seeds producing flowers suitable for cutting for vases and bouquets, nearly all having long stems, and will furnish a constant supply of cut flowers throughout the entire season. Packet 10c.

Mixture of Climbers—A packet of seeds containing over 20 beautiful annual climbers, useful for covering out-houses, trellises, etc. Packet 10c.

OTHER STANDARD FLOWER SEEDS. In this list we name, with prices, other Standard Flower Seeds, which, from lack of space, were omitted from the preceding descriptive list. It is needless to say that the seed of each is the best it is possible to procure. The Best Seeds Grow.

Abronia Umbellata—Rosy lilac; very pretty trailing plants. Packet, 3c.

Ambrosia—A hardy annual with long spiral stems. Packet 3c.

Anemone (Windflower)—Producing large flowers early in the Spring. Fine for bouquets. Mixed colors. Packet 6c.

Browallia—Bright blue and pure white mixed. Packet 3c.

Bryanopsis—An ornamental climber of the gourd family, bearing green fruit, which changes in color as the season advances to bright scarlet, striped white. Packet 3c.

Calendula, Pot Marigold—Very beautiful annuals, resembling Doubleasters; of rich colors and rapid growth. Fine mixed. Packet 3c.

Canary Bird Creeper—This handsome annual climber belongs to the Nasturtium family. The vines grow to a height of twenty feet and are thickly covered with flowers, which are of clear golden-yellow. Packet 5c; ounce 30c.

Campanula (Canterbury Bells)—Single mixed. Packet 3c.

Campanula, Double Varieties, Mixed—Packet 6c.

Centrosema Grandiflora—Beautiful climber. Pkt. 3c.

Cleome Pungens (Spider Plant)—Packet 3c.

Cyperus, or Umbrella Plant—Grows finely in water with rich soil or mud, throwing up long stalks with narrow green leaves. Easily raised from seed. Pkt. 6c.

Cypress Vine—Everybody is acquainted with the Cypress Vine, its finely cut foliage and brilliant flowers. Packet 3c.

Commelina Coelestis—(Blue Day Flower.) Pkt. 3c.

Datura—Mixed varieties. Packet 3c.

Delphinium (Perennial Larkspur)—Showy and well-known hardy perennials, producing splendid spikes of flowers throughout the summer. Packet 3c.

Edelweiss, Gnaphalium Leontopodium—Famous and true Edelweiss of the Alps. Flowers of a downy texture, pure white, star shaped; easily raised from the seed. Packet 6c.

Euphorbia Marginata (Snow-on-the-Mountain)—Packet 3c.

Ferns, Mixed—Spores of many varieties. Pkt. 13c.

Feverfew—Double white Bachelor's Button. Pkt. 6c.

Freesia Refracta Alba—Very easily grown from bulbs which can readily be produced from seed. The flowers are pure white with yellow throat, exquisitely fragrant. Packet 6c.

Godetia—Exceedingly handsome and showy annuals, of dwarf, compact growth, about one foot high, bearing freely large flowers three or four inches across, of exquisite colors and shades that glisten in the sunlight like satin. Finest mixed. Packet 3c.

Gourds, Ornamental—Mixed. Many sorts in finest mixtures. Packet 3c.

ZINNIA.

Zinnias.

Improved Striped—A good strain, representing all the leading colors, all striped. This is really the finest strain of Striped or Zebra Zinnias in cultivation. Packet 5c.

Improved Mixed Colors—Saved only from select flowers, perfect in colors. Packet 5c.

Mammoth Flowering—Extra large, perfectly formed, double flowers. Very fine. Mixed colors. Pkt. 5c.

Grevillea Robusta (Silk Oak)—Very beautiful and graceful foliage; highly valued as a decorative plant for the table, and when large, for tropical lawn effects, tender perennial, three to five feet. Pkt. 6c.

Gypsophila Paniculata (Baby's Breath)—Miniature white. Packet 3c.

Job's Tears—Coix Lachryma—Curious ornamental grass with broad, corn-like leaves. Packet 3c.

Mimosa Pudica ("Sensitive Plant")—Curious annual; the leaves instantly close up when touched. A neat plant for either pot or garden culture; two feet. Packet 3c.

Mimulus—The beautiful Monkey-Flower. Pkt. 3c.

Mimulus Tigrinus—Fine spotted varieties. Pkt. 3c.

Mimulus Moschatus—The well-known musk plant. Packet 3c.

Momordica, Balsamina (Balsam Apple)—Pkt. 3c.

Momordica, Charantia (Balsam Pear)—Very beautiful. Packet 3c.

Nicotiana, Affinis—Fragrant white flowers. Pkt. 3c.

Nigella, Damascena (Dwarf Double)—Of compact, neat habit of growth. Packet 3c.

Oenothera—Large, saucer-shaped blooms of the purest white or softest, richest shades of yellow, and deliciously fragrant. Pkt. 3c.

Paeony—Double flowers of rose, crimson and white. Packet 8c.

Passiflora, Caerulea (Passion Flower)—Packet 6c.

Rocket, Sweet, Mixed—White and purple. Pkt. 3c.

Saponaria, Bouncing Bet—Mixed. Charming annual of neat dwarf habit; free flowering and excellent for beds. Six inches. Pkt. 3c.

Salpiglossis—Painted tube tongue. Pkt. 3c.

Smilax—Charming tender perennial climber for greenhouse or window gardens. The foliage and stems are of a pleasing light green, graceful; excellent for decoration. Packet 6c.

Solanum, Capsicastrum (Jerusalem Cherry)—A miniature tree-like plant, suitable for either garden decoration or pot culture; round orange-scarlet fruits in Autumn and Winter. One to two feet. Packet 6c.

Sweet Sultan (Centaurea Suaveolens)—Yellow. Packet 3c.

Thunbergia (Black-eyed Susan)—Mixed. Pkt. 3c.

Valeriana—Hardy Heliotrope—This is a beautiful border plant two or three feet in height, with scarlet, white and red flowers mixed. Packet 3c.

Vinca (The Popular Madagascar Periwinkle)—Mixed. Packet 3c.

Wallflower—Exquisitely fragrant long spikes of single or double flowers. Single, large flowering, mixed, packet 3c; double, large flowering, mixed, packet 6c.

STANDARD VEGETABLE SEEDS.

The Seeds offered on this page include all the leading varieties and those worthy of special notice. They are in every sense good, reliable and valuable. **We guarantee our seeds to be strictly true to name, pure, of high excellence, and to grow,** if properly treated, to the extent that should any prove otherwise we will refill the order without charge or send any other seeds that may be selected to the amount paid for same.

SENT POSTPAID AT PRICES NAMED. IF ORDERED SENT BY EXPRESS DEDUCT 8c PER PINT OR POUND.

Pepper, Ruby King—Enormous size, mild flavor.	4c	25c	75c	Peas, Improved Pride of the Market—Large podded dwarf.....	8c	25c	40c
Pepper, Large Sweet Spanish—Large red, generally used for pickles.....	4c	25c	75c				

SPECIAL 50c COLLECTION OF VEGETABLE SEEDS.

Eighteen Packets of Choice Vegetable Seed.

One packet each of Cabbage, Winnigstadt; Carrot, Long Orange; Celery, White Plume; Cucumber, Early Frame; Beets, Egyptian Early; Lettuce, Hansons; Parsnip, Long Sugar; Tomato, Enormous; Onion, Prize Taker; Musk Melon, Rocky Ford; Watermelon, Mountain Sweet; Spinach, Thick-Leaved; Squash, Early White Bush; Pumpkin, Quaker Pie; Turnip, Early White; Pepper, Bull Nose; Radish, Scarlet Globe; Salsify, Vegetable Oyster.

Any eight packets of the above named varieties of Vegetable Seed for 25c.

VELVET LAWN GRASS MIXTURE

Nothing adds more to the attractiveness of a home than a well-kept, close, velvety lawn. Our lawn grass seed is the very best quality mixture of the finest varieties of natural grasses, embracing such as are of neat growth, hardy and best adapted to produce a permanent and fine turf. The quantity of seed required per acre is from three to four bushels. Our Velvet Lawn Mixture is a compound of grasses that ripens successively, thereby always presenting a green and cheerful appearance. Lawns sown with only one or two grasses turn brown under our hot sun, and remain in that condition until the cool months of Autumn revive them. Our mixture can be relied upon to produce the very best results. Weight per bushel, 14 pounds. Price, Quart, 30c, postpaid. By express, \$1.50 per peck; \$4.50 per bushel (14 pounds).

PLEASE READ SCHEDULE OF CLUB RATES ON PAGE ONE BEFORE SENDING ORDER.

CHOICE AND RARE FRUITS.

Good fruit is one of the greatest luxuries a family can have, and those who have a chance to grow them should spare no trouble or expense to secure a good supply of the best sorts. We have carefully prepared a limited list of varieties which are perfectly adapted to all parts of the country. The trees we offer are young and thrifty and will make a very rapid growth and bear quickly.

All fruits must be sent by express, unless otherwise stated.

When offered by mail, postage is paid by us; if by express or freight, charges are to be paid by purchaser; but larger stock will be sent.

SPECIAL NOTICE—As our Nursery is a separate and distinct department from our Greenhouses, it is necessary that all Fruit Orders be shipped direct from the Nursery, and we therefore ask customers to kindly keep fruit orders separate from the Plant and Seed Orders. Fruits will not be shipped with other plants.

SHIPPING—APPLES AND OTHER LARGE TREES OR PLANTS CANNOT BE SHIPPED UNTIL SPRING OPENS, USUALLY ABOUT MARCH 15; AFTER THAT DATE ORDERS WILL BE FILLED WITHIN 10 DAYS OF RECEIPT. GRAPE VINES AND OTHER SMALL FRUITS CAN BE SENT WHEN DESIRED.

Prices on Fruits are placed very low and we cannot allow them to be included in Club Rates, nor can they be taken as premiums. Price per 100 will be given on application.

THE BEST APPLES.

OPALESCENT,

The New Century Apple.

Introducer's Description—Several years ago a number of Apple seedlings were found growing by an oak stump in an orchard, presumably from cores or Apples thrown there. When four or five feet high they were grubbed out and thrown away. Prompted by an afterthought, one of them was picked up and used to fill a vacancy in a row near by with a purpose to top-graft it when of sufficient size. Before this was done, however, it bore a few apples which at once attracted attention as being quite unlike and superior to anything in the orchard. This original tree never fails entirely, and usually bears from a moderate to a full crop of superior fruit. Size, beauty and quality most happily unite in this remarkable Apple. All who have examined the Opalescent regard it as the handsomest Apple grown. It is not only highly colored, but susceptible of a very high polish, reflecting objects near it like a mirror. This feature makes it a highly prized sort for fruit stands. The flesh is yellowish, tender, juicy and good; size large to very large, and color light, shading to very dark crimson. Season, December to March. Price: Large size, 75c each (by express only). Mailing size, 25c each.

"THE OPALESCENT.

(A Photograph Reflected on its Polished Surface.)

BISMARCK APPLE.

Bears fruit on two year grafts. Finest quality, finest color, dwarf and extremely prolific—most suitable Apple for hot climate, yet the hardiest known. Wherever grown it has proven a most astonishing revelation, not only in high quality, but also in hardiness and especially in earliness of fruiting. The tree is of stocky, short growth, and when laden with handsome

fruit at one or two years old, is very desirable as a pot plant, for table or greenhouse decoration. Fruit is large, brilliant color and very handsome. Flesh tender, pleasant subacid, of distinct and most delicious flavor, unequalled as a dessert Apple and very superior for cooking, and will keep in an ordinary room till March. Price, by express, first-class, 40c each; \$4 per dozen. Mail size, postage paid, 25c each.

Best Summer Apples

Early Harvest—Medium size, straw color; tender and subacid. July and August.

Red Astrachan—Large; red, juicy; a good bearer and beautiful. August.

Sweet Bough—Large; pale greenish-yellow; tender and sweet; good bearer.

Yellow Transparent—Earliest ripening apple known; medium size, light, transparent; flesh juicy, pleasant.

Best Fall Apples

Duchess of Oldenburg—Medium, yellow striped with red, rich, very good.

Fall Pippin—Large, golden-yellow, rich, creamy.

Maiden's Blush—Large, waxen-yellow, rich, crisp, excellent.

Rambo—Medium, yellowish with red, and somewhat dotted; mild, tender and productive.

Red Bietigheimer—Large, bright red all over; rich, crisp, subacid, excellent, productive.

Best Winter Apples

Arkansas Black—Very productive, dark red, quality one of the best.

Ben Davis—(New York Pippin). Large, nearly all red.

Baldwin—Large, roundish, dark red, subacid, good; productive, popular, Mid-winter.

Hubbardston Nonesuch—Large, roundish, yellow striped and splashed with red, very rich, sweet.

King—Large, yellow striped and splashed with brilliant red; tender, excellent quality.

Northern Spy—Large, greenish-yellow, striped red, rich, good keeper, abundant bearer.

Rhode Island Greening—Large, yellowish-green, tender, rich, very good, productive.

Rome Beauty—Large, pale yellow; mostly covered with rich red; tender, juicy, good.

Roxbury Russet—(Boston Russet). Largest of all russets; subacid, extra quality, productive, profitable.

Stark—Grown in Ohio; valuable as to long-keeping qualities; fruit large; skin greenish-yellow, striped with red.

Talman's Sweet—Medium size; pale yellow; very firm, rich and very sweet.

Winesap—Dark red; excellent bearer.

Wealthy—Hardy and very productive; skin smooth, shaded with red in the sun.

Wagoner—Large; deep red in sun; flesh firm; productive.

York Imperial—Medium to large, white, heavily shaded with dark crimson; firm, crisp, juicy, subacid, good quality.

Crab Apples

Hyslop—Large, deep crimson; popular on account of being large and beautiful.

Siberian—Nearly as large as the above; fine gold and amber color.

Transcendent—Immensely productive, bearing a good crop in fourth year; one of the best.

REMEMBER FRUIT MUST NOT BE INCLUDED IN CLUB RATES.

PEACHES.

MATTHEW'S BEAUTY.

A large yellow Peach, supposed to be a cross between Elberta and Snock, that promises to be a great acquisition for all sections. Fruit is of the largest size, in shape resembling the Elberta, but a little longer; skin a beautiful golden yellow; flesh firm, of excellent flavor, freestone; one of the most promising of our recent introductions. Ripens about two or three weeks after Elberta, at a season when Peaches of this class bring high prices in the market. Price: First-class, 25c each; \$2.50 per dozen; \$12 per hundred; medium, 20c each; \$2 per dozen; \$9 per hundred; small, mailing size, 20c each, postpaid.

ADMIRAL DEWEY.

Another triumph in the production of very early peaches, and we believe there is no known variety of very early peaches that can compare with it in all the qualities that go to make a very desirable early market variety.

The introduction of this early peach will mark as great an advance in early varieties as did the advent of the Triumph; and, while that valuable variety is proving even more than was claimed for it and is still gaining in favor, the Admiral Dewey possesses many important points of superiority over that fine variety.

The Admiral Dewey is a perfect freestone peach. It ripens with the Triumph. The flesh is of uniform color and texture to the pit. Has better form and a brighter color on the surface. It is equally hardy and productive. The tree is strong, symmetrical grown, and as near perfection as we can obtain in a single variety. Price, one-year-old trees, by express, 25c; \$2.50 per dozen; mail size, postpaid, 20c each.

LORENTZ.

This is one of the iron-clad varieties, and has never failed a crop yet. Fruit is usually large, season late. It is a freestone of the best quality and bears enormously; will fetch double the price of any peach on the market. Price: First-class, 25c each; \$2.50 per dozen. Medium, 20c each; \$2 per dozen. Mail size, postpaid, 15c each

PLUMS.

By Express or Freight Only; too Large for Mailing.

Abundance—The fruit is very large, showy and beautiful, amber-colored, turning to rich, bright cherry, with decided white bloom, highly perfumed; flesh light yellow, exceedingly juicy and tender, and of delicious sweetness.

Burbank—Tree is universally vigorous, has strong branches and begins to bear, usually, when two years old. The skin of the fruit is thick and almost curculio-proof. An admirable shipping variety.

Bradshaw—Fruit very large, dark, violet-red; flesh yellowish-green.

Bavay's Green Gage—(Reine Claude Bavay). Fruit large, roundish, oval; skin greenish, marked with red in the sun.

Coe's Golden Drop—Large and handsome, light yellow, firm, rich, sweet.

Gull—Very large; deep purple, covered with thick bloom; flesh yellow, sweet and pleasant.

German Prune—A large, long, oval variety, much esteemed for drying; color dark purple.

Imperial Gage—Fruit large, oval; skin pale green; flesh juicy, sweet, rich and excellent.

Italian Prune—Large, juicy; abundant bearer; tree very hardy; profitable.

Lombard—Medium, violet-red; juicy, sweet and good.

Moore's Arctic—Remarkable for hardness and freedom from Curculio; a great bearer; dark purple; flavor very fine.

Niagara—Very large, reddish-purple, entirely covered with green bloom.

Shipper's Pride—Large blue Plum, very hardy, productive.

BURBANK PLUM.

Pond's Seedling—Abundant bearer; light red, changing to violet.

Prince Englebert—Large, oblong oval; deep purple and covered with a deep blue bloom; flesh yellowish-green, juicy, sugary.

Red June—A vigorous, hardy, upright, spreading tree, as productive as Abundance. Fruit medium to large, deep vermilion-red, handsome bloom, very showy; flesh light lemon-yellow, slightly sub-acid, of good and pleasant quality.

Shropshire Damson—A Plum of fine quality; larger than the common Damson.

Wickson—A sturdy, upright grower, productive almost to a fault. Fruit remarkably handsome, deep maroon-red, covered with white bloom; stone small, flesh fine texture, firm, sugary and delicious. Excellent keeper and shipper; will keep two weeks.

Willard—Japanese; it is highly praised by leading horticulturists as one of the best of this class. Tree is a good grower, immensely productive; much earlier than Abundance, and of good quality.

Wild Goose—Fruit large, clear, bright vinous-red; firm, juicy and sweet.

Washington—Very large, yellow-red; flesh firm, very juicy and excellent.

Black Tartarian—Standard black sort. June.

Dyehouse—Early and sure bearer; ripens before Early Richmond; better and more productive.

Empress Eugenie—Large, dark red, juicy, rich. July.

Early Richmond—Dark red, melting, juicy. One of the most valuable. June.

English Morello—Blackish-red, rich, juicy, acid. August.

Gov. Wood—Light red, juicy. June.

Louis Philippe—Large, dark red, almost black; sprightly, mild acid; stone small. July.

May Duke—Dark red, rich. June.

Montmorency—Large, red, acid. June.

Windsor—Flesh is remarkably firm and of the finest quality; very large, nearly black, sells at highest prices in market; late.

Yellow Spanish—Pale yellow and red, firm, juicy, productive. June.

PEARS.

ROSSNEY.

ROSSNEY.

A new and excellent Pear, raised from seed at Salt Lake City, Utah. In size medium to large; very fine grained, flesh melting, juicy, very sweet. Ripens two weeks after Bartlett; it is an excellent keeper and shipper, with tree much stronger than Keiffer. Specimens of this new variety were received by us from the originator last year, and we were very much impressed with its beautiful and attractive appearance, excellent quality and size; in general appearance it somewhat resembles Bartlett, but is more round. It is very seldom you can find a single variety combining so many rare qualities as this does, and we have great pleasure in offering it as the best Pear on the market at the present time. Price, first-class, 50c each; second-class, 40c each.

KOONCE PEAR.

Tree is a very vigorous grower, free from blight, hardy and productive; fruit medium to large; skin yellow, with a very handsome blush; does not rot at the core, like many of the other early sorts. Ripens two weeks earlier than Harvest Belle. For fruit growers, both in the North and South, this should prove very valuable. Its vigorous growth, with heavy foliage, should enable it to endure a hot climate, while its late blooming and hardness of bud will insure for it abundant crops, despite frosts. It is so hardy that it will stand the rigor of Northern winters, and being so early in season, will come into the market and bring the highest price. Price, first-class 40c each, \$4 per dozen; medium, 30c each, \$3 per dozen.

VERMONT BEAUTY PEAR.

It is very hardy. The growth is vigorous, the leaves free from blight; it is an annual and abundant bearer. In quality the fruit approaches nearer that most delicious Pear, the Seckel, than any other Pear on the market. It is full-medium size, yellow, covered on the sunny side with bright crimson red; flesh melting, rich, juicy, aromatic. Ripening with and after Seckel, though much larger in size and more attractive in appearance, it cannot fail to prove a general favorite and very valuable. Price, first-class, 40c each, \$4 per dozen; medium, 30c each, \$3 per dozen.

Medium size, 4 to 5 feet.....	30	3 00

NOTE.—Varieties followed by (d) can be supplied in Dwarfs as well as Standards. Prices are as above. By express or freight only; too large for mailing.

SUMMER.

Bartlett (d)—Large, clear yellow; juicy, buttery, excellent; thrifty, young, heavy and regular bearer.
Clapp's Favorite (d)—Large, delicious; good grower; productive.

Lawson (d)—(Comet.) Crimson on a bright yellow ground; crisp, juicy, pleasant; a good keeper and shipper. The largest early Pear; profitable and reliable.

Wildor (d)—Medium size, yellow; one of the best early varieties.

AUTUMN.

Duchess d'Angouleme (d)—Extremely large, dull-greenish yellow; juicy, buttery, very good.

Flemish Beauty (d)—Large obovate; pale yellow, much russeted; rich, melting; vigorous, productive.

Idaho—Very large; roundish obovate; greenish yellow, with russety spots; flesh melting, juicy, flavor rich, sprightly, vinous.

Kieffer—Large, showy, rich, golden yellow, dotted thickly, shaded red; quality fair to good, juicy, firm. Price, 5c additional to above prices.

Seckel (d)—Small, yellowish russet, with cinnamon-red cheek; flesh very fine-grained; sugary, rich, juicy.

Tyson—Medium size; bright yellow, cheek shaded with reddish-brown; buttery; very sweet and delicious.

QUINCES.

Price, first-class, 2 years, 30c each, \$3.00 per dozen. By express only.

Meech's Prolific—Good grower, productive, bears young, fruit large, yellow, showy; good for cooking.

Orange—Large, roundish, bright golden-yellow; cooks tender, and is of excellent flavor; very productive; the most popular and extensively cultivated variety. October.

Champion—Originated in Connecticut. A prolific and constant bearer; fruit larger than the Orange, more oval, as good, and a longer keeper. October and November.

DESIRABLE SMALL FRUITS.**STRAWBERRIES.**

NOTE.—The blossoms of these marked with (p) are destitute of stamens and are termed pistillate, and unless a row of perfect flowering variety is planted at intervals not exceeding about a rod, they will produce imperfect fruit, and but little of it; but when properly fertilized, as a rule, they are more prolific than those with perfect flowers.

New Strawberry—Marie.(p)

Beyond a doubt the greatest producer of any berry ever grown. From one-quarter acre last season, as unfavorable as the season was, 66 bushels of choice fruit was picked, which sold wholesale at an average of \$3 per bushel. The plants are good growers, making plenty of runners for a good crop and show no signs of disease. Season same as Bubach and Haverland. It is the most attractive in appearance when picked and ready for market of any in our entire collection. The berries are round as a ball, dark crimson in color; flesh dark and quality first-class. Price, 50c per dozen; \$2.00 per 100.

REPEATER.

REPEATER (PER).

Two Crops Produced in One Season.

(Description by Peter Henderson.)

For several seasons past our attention has been called to a strawberry which made its appearance in market in September, and we were at first loath to believe that the fruit could be obtained under natural conditions at that season of the year. Investigation, however, showed that such was the case; the fruit was picked in the open field from the same plants that produced a bounteous crop in June. The fruit is very large when well grown, a glossy crimson, delicious flavor, and a great point in its favor is that it is very easily hulled. It is a perfect blossomed variety, medium to late.

Price, 50 cents per dozen; \$2.00 per 100.

Other New Varieties.

Price, 50c per dozen by mail; 100 for \$1.50 by express.

If wanted by mail, add 20c per 100.

RASPBERRIES If wanted by mail add 40 cents per 100 for postage.**Cumberland.**

The largest Black Raspberry known, has been well tested in nearly all sections the past seasons, giving thorough satisfaction. In hardness and productiveness it is unexcelled by any other variety. In size, the fruit is simply enormous, far surpassing any other sort. The berries run seven-eighths and fifteen-sixteenths of an inch in diameter, and are of such handsome appearance that their fruit sold for 10c per quart, when other varieties were selling for 5c to 7c per quart. The quality is very similar and fully equal to Gregg. In spite of its unusual size, the fruit is possessed of great firmness and is thus well adapted for standing long shipments. A mid-season variety. The bush is exceedingly healthy and vigorous, throwing up stout stocky canes, well adapted for supporting their loads of large fruit.

Price, by mail 10c each, \$1.00 per dozen; \$5.00 per 100 by express.

Munger.

The fruit of Munger is black, and resembles Gregg very much. It is a better flavored berry than Gregg, tougher in texture, and therefore a better shipper. In size it excels Gregg by almost 25 per cent, being extra fine for canning and evaporating. The past season, when most others were dry and seedy, Munger ripened up sweet and juicy, and readily brought an advance of 50c per bushel over other kinds. The canes, too, resemble Gregg, are free from disease, upright in growth. Price, by mail, 10c each, \$1.00 per doz.; \$5.00 per 100 by express.

"THE LARGEST BLACK RASPBERRY HE EVER SAW."

Dear Sir:—The sample of Munger Raspberry received in good condition. They were the largest black raspberries I ever saw. Other points being strong, I should consider this a valuable variety.

E. H. CUSHMAN,

President Ohio State Horticultural Society.

Remember, That Club Rates Are Not Allowed on Orders for Fruits, nor Can They Be Taken as Premiums.

HAYMAKER.

NEW CARDINAL.

THE NEW CARDINAL RASPBERRY.

This wonderful berry is a surprise in the fullness of its merits—its great growth, extreme hardiness, and the exceeding productiveness of its choice red, rich, pure-flavored berries. It will pay. It is not a novelty, but a variety of great merit. The New Cardinal is claimed to grow ten feet high and bears in proportion. Leading horticulturists who have seen this berry say that it is one of the wonders of the century. Judge Wellhouse, President of Kansas State Horticultural Society, said at the meeting of the Society that the introduction of the Cardinal Raspberry would add millions to the wealth of the farmers of the country because of its inherent great vigor and exceeding productiveness. Price, 10c each; \$1.00 per dozen.

NEW RASPBERRY—HAYMAKER.

The Haymaker is a purple cap, not so dark as Columbian or Shaffer, and much larger and firmer than either of those varieties, never crumbles and stands up well in shipping. It is a berry to grow for either home use or market. The originator has found it the most profitable berry ever raised for market, and has never yet been able to supply the local demand. So much of a favorite has the Haymaker become that local growers have said that it has ruined the sale of other varieties. Very popular as a canning berry. Price, 10c each; \$1.00 per dozen.

RASPBERRIES.

ERIE—This is a hardy variety, a vigorous grower, and quite productive. Foliage clean and free from rust. Fruit large and of good quality. 102 average-sized berries weigh one pound. Price, 50c per doz.; \$1.50 per 100.

CRYSTAL WHITE.

EARLY KING—An extra early and exceedingly hardy variety of great merit. Canes of strong growth, as hardy as Snyder, and very prolific. It is larger and earlier than Early Harvest, and its delicious sweetness renders it of special value for the home garden. It is also free of double blossoms, rust or other disease. It has been thoroughly tested at the North, and has given very general satisfaction. The only large early berry grown. Many dealers send out Early Harvest plants for this variety, as the genuine stock is very scarce. Our plants are fine and true to name. Be sure to add it to your collection. Price, 75c per doz; \$1.00 per 100.

CRYSTAL WHITE.

Berries of fine, translucent white, of good size, sweet and pleasant. Canes prolific, but not entirely hardy. Should be planted near other sorts to fruit well.

Price, 75c per doz. \$3.00 per 100.

PREMO, New Dewberry.

Much like Lucretia, but very distinct, and exceedingly early, being seven to ten days ahead and all cleaned off when Lucretia is beginning. Quality and size uniform. Was found in a Lucretia patch. Price, 25c each; \$2.00 per doz.

THE LOGAN BERRY—A hybrid between the Raspberry and Blackberry. The fruit is as large as the largest Blackberry, and is produced in immense clusters. The color is a clear, dark red. It partakes of the flavor of both the Blackberry and the Raspberry—mild, pleasant, vinous flavor, delicious and peculiar to this berry alone. Seeds small, soft and few. Berries very firm, and carry well. Strong grower; enormous bearer. Fruit ripens early, just after Strawberries. Price, 20c each; \$2.00 per dozen, by mail, postpaid.

IMPROVED DWARF JUNE BERRY—A good substitute for the large or Swamp Huckleberry. The fruit is borne in clusters, and is reddish-purple in color, changing to a bluish-black. In flavor it is a mild, rich, subacid; excellent as a dessert fruit or canned. Price, 10c each; \$1.00 per doz., by mail, postpaid.

JAPANESE WINEBERRY—This interesting plant belongs to the Raspberry family. The fruit is borne in large clusters, and each berry is at first tightly enveloped by the large calyx, forming a sort of burr. For jelly making, canning and preserving, it is without an equal. Price, 10c each; \$1.00 per doz., by mail, postpaid.

LUCRETIA DEWBERRY—One of the low-growing, trailing Blackberries. In size and quality it equals any of the tall-growing sorts. The plant is perfectly hardy, healthy and remarkably productive, with large, showy flowers. The fruit, which ripens early, is often 1 to 1½ inches long, by 1 inch in diameter; soft, sweet and luscious throughout, with no hard core; ripe before late Raspberries are gone. Price, 50c per doz., by mail, postpaid.

PREMO DEWBERRY.

ALL FRUITS MUST BE SHIPPED SEPARATELY FROM PLANTS AND SEEDS.

CURRENTS

RED CROSS

Jacob Moore, the originator, says: "Red Cross clusters are long and have well necked berries, double the size of Victoria, and far superior in quality to Cherry or Victoria. Nothing will compare in quality with Red Cross but White Dutch, which is too small. Red Cross was first fruited in 1889. I have seen the fruit growing in such masses as to hide the upper branches from view. It is later than Cherry. The plant makes twice the growth of Cherry, and yields two or three times as much fruit. I recommend it with confidence. I consider Red Cross one of the best of the new Currants. Price, 15c each; \$1.50 per dozen.

WILDER

A remarkable variety for which we predict great popularity, both for table and market. One of the strongest growers and most productive. Bunch and berries very large, bright, attractive red color, even when dead ripe; hangs on bushes in fine condition for handling as late as any known variety. Compared with the celebrated Fays, is equal in size, with longer bunch, better in quality, with much less acidity, ripens at same time, continues on bush much longer; fully as prolific, in some trials largely outyielding it. Price, 15c each; \$1.50 per dozen.

POMONA

A most vigorous grower, open in habit, does not sucker badly, causing a choking at collar and dying out of inside branches, as do most others; is entirely hardy, and comes into bearing profitably the second year after planting. Price, 15c each; \$1.50 per dozen.

The London Market

This is by all means the most profitable currant to grow. It sells for half more and produces almost double the fruit of any other variety. More will be set in Michigan of this than any other sort. The fruit is large, fire red, and clusters fine. Price, 15c each; \$1.50 per doz.

GOOSEBERRIES

INDUSTRY

The popular English variety; excellent quality; very large. Price, 15c each; \$1.50 per doz.

RED JACKET

Best new American sort; does not mildew; excellent quality. Price, 15c each; \$1.50 per doz.

DOWNING

Very popular; large, pale green. Price, 15c each; \$1.50 per doz.

HOUGHTON

Well-known red variety. Price, 10c each; \$1.00 per doz.

ASPARAGUS Price 50c dozen, \$1.25 per 100, \$8.00 per 1000.

DONALD'S ELMIRA

This fine new variety produces thick, green stalks of the finest quality and has recently become very popular. It is also called Vick's Mammoth. This is undoubtedly the largest and best Asparagus grown. In size, color and yield it far surpasses any other variety in cultivation, while we find it to be less susceptible to disease than any other. No one should fail to try this valuable variety.

PALMETTO

A valuable new variety, and is being planted very largely. It is nearly twice the size of Conover, fully as early and as productive. The flavor is excellent.

BARR'S MAMMOTH

A variety that comes highly praised. Said to be much more productive than Conover's Colossal.

CONOVER'S COLOSSAL

The old standard and popular variety, a good producer, of large, quick growth, and superb in quality.

COLUMBIAN MAMMOTH WHITE

A distinct variety of mammoth size, great yield and superior quality; remarkable for the clear whiteness of its stalks, which retain their purity of color until several inches above the surface.

RHUBARB or PIE PLANT

LINNAEUS

Large, early, tender and fine. The very best of all. Price, 15c each; eight for \$1.00.

QUEEN

Strong, vigorous grower; producing extra large stalks of finest quality, of a decided pink color. For canning or cooking in any way in quality is unsurpassed. Price, 15c each; eight for \$1.00

HORSERADISH

Sets, Price per doz. 25c.; 100 for 80c.
